FORWARD-LOOKING INFORMATION

This Annual Information Form ("**AIF**") contains forward-looking statements about expected future events and the financial and operating performance of Crombie. These statements include, but are not limited to, statements concerning management's beliefs, plans, estimates, intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical fact. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "may", "will", "estimate", "anticipate", "believe", "expect", "intend", or similar expressions suggesting future outcomes or events. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management. A number of factors, including those discussed under "Risks" could cause actual results, performance, achievements, prospects or opportunities to differ materially from the results discussed or implied in the forward-looking statements. These factors should be considered carefully and a reader should not place undue reliance on the forward-looking statements.

Forward-looking information in this AIF includes, but is not limited to statements under the headings "Trends" and "Business Strategy" and statements regarding:

- a. the growth potential of strategic mixed-use development, which may be impacted by uncertainties of development activities including changes in costs and timing and required municipal zoning and development approvals, and real estate market conditions;
- b. AFFO accretion and NAV growth from strategic acquisitions, which may be affected by future occupancy and rental performance, and/or redevelopment activity of acquired properties;
- c. fair value of investment properties, which is based on assumptions such as cash flow projections, and estimates of future cash flows, market capitalization rates and anticipated trends and economic conditions;
- d. overall indebtedness levels and terms, and expectations relating to refinancing, which could be impacted by the level of acquisition and disposition activity that Crombie is able to achieve, levels of indebtedness, Crombie's ability to maintain and strengthen its investment grade credit rating, future financing opportunities, future interest rates, creditworthiness of major tenants and joint arrangement partners, and market conditions;
- e. plans to complete an assessment of portfolio properties subject to physical risks from climate change, which may be affected by availability of consultants with appropriate expertise and data regarding anticipated effects of climate change in particular locations;
- f. statements under the heading "Property Development" including the locations identified, timing, cost, development size and nature, and anticipated impact on portfolio quality and diversification, cash flow growth, Unitholder value, or other financial measures, all of which may be impacted by real estate market cycles, future capitalization rates, the availability of financing opportunities and labour, actual development costs, ability to achieve lease-up stabilization at current market rents, and general economic conditions and factors described under the "Property Development" section and which assumes obtaining required municipal zoning and development approvals and successful agreements with existing tenants, and where applicable, successful execution of development activities undertaken by related parties not under the direct control of Crombie;
- g. disposition of properties and the anticipated reinvestment of net proceeds ("**recycling capital**"), which could be impacted by the availability of purchasers, the availability of accretive property acquisitions, the timing of property development activities or other accretive uses for net proceeds and real estate market conditions;
- h. estimated GLA, estimated completion dates, estimated total costs, and estimated yields for Completed and Near-Term Major Developments, which are subject to changes in site plans, cost tendering processes, and continuing tenant negotiations, as well as access to job sites, supplies and labour availability, ability to attract tenants, tenant mix, building sizes, and availability and cost of construction financing;
- i. asset growth and reinvesting to develop or otherwise make improvements to existing properties, which could be impacted by the availability of labour, capital resource availability and allocation decisions, as well as actual development costs;
- j. generating improved rental income and occupancy levels, including anticipated replacement of expiring tenancies, which could be impacted by changes in demand for Crombie's properties, tenant bankruptcies, the effects of general economic conditions, e-commerce, and supply of competitive locations in proximity to Crombie locations;
- k. investment in joint ventures and the income contributed by those investments, which could be impacted by the risk and uncertainty from dependence on partners that are not under Crombie's control, including risk of default by a partner on financing obligations or non-performance of a partner's obligations on a project, which may include development, construction, management or leasing;
- l. estimated payments on derivative and non-derivative financial liabilities, which could be impacted by interest rate subsidy payments, interest rates on floating rate debt, and fluctuations in the settlement value and settlement timing of any derivative financial liabilities;
- m. pending acquisitions or dispositions, which remain subject to satisfaction of customary closing conditions;

- n. tax exempt status, which can be impacted by regulatory changes enacted by governmental authorities;
- o. anticipated distributions and payout ratios, which could be impacted by results of operations and capital resource allocation decisions; and
- p. effect that any contingencies or guarantees would have on Crombie's financial statements which could be impacted by their eventual outcome.

These forward-looking statements are presented for the purpose of assisting Crombie's Unitholders in understanding Crombie's operating environment, and may or may not be appropriate for other purposes. These forward-looking statements are not guarantees of future events or performance and, by their nature, are based on Crombie's current estimates and assumptions. Crombie can give no assurance that actual results will be consistent with these forward-looking statements.

These forward-looking statements are made as at the date of the AIF and Crombie assumes no obligation to update or revise them to reflect new or current events or circumstances unless otherwise required by applicable securities legislation.

NON-GAAP FINANCIAL MEASURES

There are financial measures included in this AIF that do not have a standardized meaning under IFRS as prescribed by the IASB. These measures are property net operating income on a cash basis ("**NOI**"), funds from operations ("**FFO**"), adjusted funds from operations ("**AFFO**"), earnings before interest, taxes, depreciation and amortization ("**EBITDA**"), and net asset value ("**NAV**"). Management includes these measures as they represent key performance indicators to management and it believes certain investors use these measures as a means of assessing relative financial performance. These measures as computed by Crombie may differ from similar computations as reported by other entities and, accordingly, may not be comparable to other such entities. Definitions of these financial measures can be found in Crombie's Management Discussion and Analysis for the year ended December 31, 2022 on www.sedar.com, under the heading "Non-GAAP Financial Measures", which definitions are incorporated herein by this reference.

GENERAL DEVELOPMENT OF CROMBIE

Crombie was created to invest in income-producing retail, office and mixed-use properties located in Canada, with an initial growth strategy focused primarily on the acquisition of grocery-anchored retail properties.

On March 23, 2006, Crombie completed its initial public offering ("**IPO**") of 20,485,224 units ("**Units**") for total gross proceeds of \$204.9 million and acquired 44 investment properties in six provinces, totalling approximately 7.2 million square feet of gross leaseable area ("**GLA**"), from certain affiliates of Empire.

On May 14, 2014, Crombie amended its declaration of trust operating and investment guidelines to allow Crombie to invest in development, subject to continued compliance with the limitations on development activity under applicable tax law.

On June 30, 2017, Crombie completed a tax reorganization, as approved by unitholders, resulting in, amongst other structural changes, the winding up of its most significant, wholly-owned corporate subsidiary and Crombie Subsidiary Trust. Through the tax reorganization, all property within the corporate entity was transferred to a limited partnership resulting in the elimination of Crombie's obligation for deferred income taxes related to this corporate subsidiary.

On May 6, 2021, Crombie amended its declaration of trust to clarify amendments affecting governance and special approvals, amendments to investment guidelines and operating Policies to bring these guidelines and policies more in line with Crombie's peers and to provide flexibility appropriate to Crombie's size, current business model and applicable tax rules, amendments to clarify the Trustees' discretion to declare and pay distributions and amendments of a housekeeping nature.

Following is a summary of events that have shaped the development of Crombie's business over the past three fiscal years.

COVID-19

COVID-19 was declared a global pandemic in early 2020 and persisted throughout 2021. Crombie responded to the crisis to ensure the health and safety of employees, tenants and customers, while minimizing the impact on earnings and cash flow. The Crombie Values Small Business ("**CVSB**") team was created to assist tenants coping with COVID-19 related challenges. In 2022, Crombie's collection rates and parking revenues are largely back to pre-pandemic levels and the impact of COVID-19 is not material to Crombie's financial results. Crombie will continue to monitor developments related to COVID-19 for potential impacts on its business. For more information on the potential impact to Crombie's business please refer to the "Risks" section of this AIF.

Acquisition Activity

Crombie has continued to improve its asset base through acquisitions consistent with its ongoing business strategy. In recent years, Crombie's strategy has increased focus on Empire and Empire-related acquisitions. The following table outlines the property acquisitions completed over the past three fiscal years and highlights the growth opportunities provided through the Empire relationship.

(Cost shown in thousands of CAD dollars)

Fiscal Year	Number of Properties	GLA (sq. ft.)	Acquisition Cost ⁽¹⁾⁽²⁾⁽³⁾	Vendor
2020	3	41,000	\$ 18,875	Third Party
	2	84,000	\$ 21,635	Empire Subsidiaries
2021	1	16,000	\$ 19,975	Third Party
	6	212,000	\$ 42,912	Empire Subsidiaries
2022	2	35,000	\$ 8,289	Third Party
	9	554,000	\$ 99,472	Empire Subsidiaries

⁽¹⁾ Excluding closing and transaction costs.

⁽²⁾ Includes acquisitions of adjacent property or additional development on pre-existing retail property.

⁽³⁾ Excludes purchases of land and properties purchased as part of a joint venture

Crombie has continued to invest approximately \$121.4 million in aggregate over the last three fiscal years in the redevelopment of existing properties primarily in order to maintain or enhance their productive capacity through expansion of existing GLA and increasing same-asset cash NOI.

Disposition Activity

Crombie has disposed of, or sold partial interests in, five properties in 2020, seven properties in 2021 and eight properties in 2022. Crombie's capital recycling strategy provides organic funding for its development pipeline and enhances the overall quality of Crombie's portfolio. The following table outlines the property dispositions completed over the past three fiscal years.

(Proceeds shown in thousands of CAD dollars)

Fiscal Year	Number of Properties	GLA (sq. ft.)	Disposition Proceeds ⁽¹⁾	Purchaser
2020	5	94,000	\$ 38,010	Third Party
2021	7	463,000	\$ 209,188	Third Party
2022	8	401,000	\$ 175,794	Third Party

⁽¹⁾ Includes August 26, 2022 disposition of a parcel of land adjacent to existing retail properties to a joint venture.

Financing

In order to support its growth, Crombie has accessed the capital markets to obtain financing. The table below summarizes these capital market financing activities over the three year period ended December 31, 2022.

(Proceeds shown in thousands of CAD dollars)

Date	Nature of Offering	Type of Security	Terms	Gross Proceeds
February 11, 2020	Prospectus	3,657,000 units	\$16.00 per unit	\$ 55,848
February 11, 2020	Concurrent Private Placement to ECL	2,593,750 Class B LP Units	\$16.00 per Class B LP unit	\$ 41,425

January 31, 2022	Prospectus	6,705,000 units	\$17.45 per unit	\$ 117,000
January 31, 2022	Concurrent Private Placement to ECL	4,756,446 Class B LP Units	\$17.45 per Class B LP Unit	\$ 83,000

On November 18, 2022, Crombie signed an agreement with a Canadian Chartered Schedule I financial institution for an unsecured non-revolving term credit facility with a maximum principal amount of \$200 million with a maturity date of November 18, 2025.

On March 31, 2020, Crombie signed an agreement with a Canadian Chartered Schedule I financial institution for a non-revolving term credit facility with a maximum principal amount of \$120 million with a maturity date of March 31, 2021. On April 30, 2020, Crombie repaid \$45 million, reducing the available credit to \$75 million. On October 30, 2020, the remaining \$75 million was repaid.

On October 31, 2018, Crombie renewed the \$400 million floating rate revolving credit facility, extending the term to June 30, 2022. On October 1, 2019, Crombie renewed the facility, extending the term to June 30, 2023. On May 21, 2021, Crombie renewed the facility, extending the term to June 30, 2025. On July 20, 2022, Crombie renewed the facility, extending the term to June 30, 2026.

On May 16, 2016 Crombie signed an agreement with a Canadian Chartered Schedule I financial institution for an unsecured bilateral credit facility with a maximum principal amount of \$100 million with an original maturity date of May 16, 2018. The floating interest rate is based on bankers' acceptance rates plus a spread or specific margin over prime rate. In each 2018 and 2019 the facility was renewed for one additional year, and in 2020 the principal amount was increased to \$130 million and term extended to September 1, 2021. On March 31, 2021, the facility was renewed, extending the term to June 30, 2023. On June 28, 2022, the facility was renewed, extending the term to June 28, 2024.

Crombie continued to refinance properties in its portfolio using commercial mortgages. During the last three years, these mortgage financings, including mortgages assumed upon acquisition of a property, totalled approximately \$255.7 million at an average interest rate of approximately 3.40% and an average term to maturity of approximately 15.5 years.

Development

In 2022, Crombie completed two more developments and continued pursuing entitlements on future development projects. Further discussion of development activity is discussed in the "Property Development" section of this AIF.

Redemptions and Repurchases

On August 27, 2019, Crombie used the proceeds from issuance of \$200 million 3.677% Series F Notes (Senior Unsecured) maturing August 26, 2026 (the "**Series F Notes**") to fund the early repayment of its outstanding 2.775% Series C Notes (Senior Unsecured) due February 10, 2020.

On October 21, 2020, Crombie used the proceeds from issuance of \$150 million 2.686% Series H Notes (Senior Unsecured) (the "**Series H Notes**") and \$150 million 3.211% Series I Notes (Senior Unsecured) (the "**Series I Notes**") to fund the partial repayment of \$100 million of its outstanding 3.882% Series B Notes (Senior Unsecured) due June 1, 2021 (the "**Series B Notes**") and to repay non-revolving term credit facility.

On June 1, 2021, Crombie repaid the remaining \$150 million of Series B Notes.

On November 18, 2022, Crombie drew from an unsecured non-revolving credit facility to fund the repayment of the \$150 million 4.066% Series D Notes (Senior Unsecured).

Trends

Canada's retail sector continues to evolve with accelerated upgrading and adaptation of bricks and mortar stores, and the addition of retail-related industrial facilities to deliver the omni channel (store, click and collect, and home delivery) selection and service Canadians expect. Closure of big-box and traditional department stores continues, and other retail centres are being transformed into destinations that people visit for more than just shopping. Despite this challenging and competitive retail environment, the fundamentals of Crombie's needs-based retail real estate remain strong with the addition of strategic mixed-use development adding significant growth potential.

There is a growing awareness in Environmental Social and Governance ("**ESG**" or "**Sustainability**") matters and organizations are responding by designing programs to reduce impact on the environment, placing emphasis on a diverse, equitable and inclusive workforce and tackling the national housing shortage.

While online retailing has had a minimal effect on the grocery sector historically, COVID-19 accelerated the online sales penetration since the pandemic began. Online sales penetration is rapidly evolving, with more emphasis being placed on omni channel shopping including centralized warehousing facilities, various click and collect, and home delivery shopping options.

The economic impact of COVID-19 in North America is diminishing. However, the geo-political uncertainty around the world continues to create pressure on supply chains and rising costs continue to affect different sectors of the economy, resulting in the highest consumer inflation Canada has seen since the 1980's. In light of inflationary pressures, the Bank of Canada increased their overnight rate eight times between January 2022 and January 2023, increasing the overnight rate from 0.25% to 4.50% in 12 months, before holding the rate steady in March 2023. Higher interest rates have put pressure on capitalization rates in most asset classes, resulting in capitalization rate expansion. A weakening Canadian economy along with lower levels of comparable transactions in the market, has resulted in less reliable data for valuers to base capitalization rate recommendations on and, should interest rates remain elevated, capitalization rates may continue to rise.

REITs are broadening their strategic focus beyond their traditional asset classes in order to optimize property-specific NAV and drive financial performance. Increased population growth and immigration in urban areas is driving demand for mixed-use, high-density, residential property, including purpose-built rentals and condominiums. These opportunities are facing increased delivery challenges as development costs continue to rise due to higher construction and labour costs, longer municipal approval timelines, and increases in fees and levies. Nonetheless, it is becoming essential for those who own irreplaceable urban assets to assess and deliver mixed-use development to unlock the value potential of their highest and best use.

Competition for talent is a reality in the real estate sector. Companies must be nimble in creating a competitive position in the market to attract and retain qualified talent. Successful organizations are adapting their structures with cross-skilled employees capable of handling the new or unexpected, offering remote or hybrid work arrangements, and are selecting key strategic partners to fill specific talent gaps. An aging workforce demographic means increased competition for younger talent in all markets. Inclusion of diverse groups into the workforce and adjusting policies on how work is done, is a priority to attracting and retaining key talent.

DESCRIPTION OF CROMBIE

Overview

Crombie Real Estate Investment Trust is an unincorporated, open-ended real estate investment trust established under, and governed by, its Declaration of Trust and the laws of the Province of Ontario. Crombie is one of the country's leading owners, operators and developers of quality real estate with a portfolio including grocery-anchored retail, retail-related industrial and mixed-use residential properties, in Canada's top urban and suburban markets. At December 31, 2022, Crombie owned full and partial interests in a portfolio of 289 investment properties in 10 provinces, comprising approximately 18.4 million square feet of gross leaseable area. Empire Company Limited, through a subsidiary, holds a 41.5% economic and voting interest in Crombie at December 31, 2022. Crombie units trade on the Toronto Stock Exchange ("TSX") under the symbol "CRR.UN".

Business Strategy

Crombie invests in real estate that enriches local communities and enables long-term sustainable growth. Crombie's portfolio primarily includes grocery-anchored retail, retail-related industrial, and mixed-use residential properties in Canada's top urban and suburban markets. Crombie's values include: embody integrity, care passionately, deliver excellence together, empower one another and outperform expectations.

Crombie's business model:

1. Portfolio: Resilient and growing portfolio backed by strong grocery-anchored tenants
2. Retailer Partnership: Strategic partnership with Empire to create value (for both companies) by enabling long-term growth
3. Development Pipeline: Growth through a pipeline of major development projects focused on urban intensification in growth-oriented markets
4. Financial Condition: Strong financial condition, ample liquidity, multiple sources of capital and investment grade credit rating
5. Platform: Talented team that delivers our strategy and genuinely cares about our properties, tenants, communities, and environment

Balancing opportunities and related business risks should provide consistency and growth of cash flows (AFFO) and net asset value (NAV). Crombie's path to improved AFFO and NAV growth will be significantly focused on supporting Empire's growth opportunities and our major developments. Future developments will be predominantly in urban and suburban markets, with a focus on NAV creation via maximizing our development yield spread over acquisition capitalization rates, and achieving strong AFFO growth via higher Net Operating Income (NOI) from rental growth.

This strategy is supported by disciplined and innovative capital funding and management. Aligning our strategy with Empire enables Crombie to capitalize on a wide range of strategic and accretive transactions such as conversions, modernizations, customer fulfillment centres, and land use intensification. Our relationship also allows us to unlock major development opportunities, increase our presence in VECTOM and Major Markets, and diversify our portfolio with more residential real estate, which improves our overall portfolio quality and income growth.

Crombie will continue to leverage its strong and diverse workforce to achieve strategic objectives ensuring our culture, brand and values are aligned to drive sustainable growth and innovation.

Environmental, Social and Governance

Crombie strives to improve communities for the benefit of future generations and knows that investment today enables a better tomorrow. Crombie is committed to embedding ESG into the way it does business, makes decisions and in everyday activities.

Crombie has developed a roadmap that expands its sustainability strategy and identifies key actions, milestones and targets that will drive performance improvements across all seven of its material topics. Crombie's goal is to make decisions that are authentic to its business, core to its culture, and practical to achieve in the short, medium, and long term.

Material Topics

Pillars	Key Topics
Environmental	Sustainable design and construction
	Greenhouse gas emissions ("GHG")
Social	Talent attraction, development, and retention
	Diversity, equity, and inclusion ("DE&I")
	Health, safety, and well-being
Governance	Board composition and governance
	Risk management

Crombie is guided by a strong set of values and business ethics, which help shape and strengthen its sustainability commitments while managing the risk associated with a changing climate. Crombie believes climate change is a real issue that must be addressed and that Crombie has a part to play.

In 2019, Crombie implemented a third party ESG software platform, built exclusively for the global commercial real estate sector, to track, measure and report on energy, water, and waste performance. Beginning in late 2022, Crombie leveraged the ESG platform to conduct an inventory of greenhouse gas emissions for its portfolio of properties to better understand its scope 1, 2 and 3 emissions and their impact on climate change. Crombie has analyzed the resulting inventory of emissions and conducted scenario analyses of greenhouse gas emission reduction scopes and timelines. As Scope 3 emissions, and specifically emissions from our tenant controlled spaces, make up the majority of our total emissions, Crombie is proactively working with its strategic partner and largest tenant, Empire, and has started engaging with our other tenants to educate and support greenhouse gas emission reductions across our portfolio. Crombie has also started a review of the properties' current resilience to physical climate risks and, in 2023, will generate an action plan to strengthen the resilience of our properties with respect to future physical climate events.

Crombie's team has worked diligently to increase the diversity of its workforce, improve equity for all, and build an inclusive culture. Crombie has an internal DE&I Advisory Committee to ensure a welcoming workplace for all employees and tenants. Crombie also conducted unconscious bias training to make hiring and promotion fairer, and to improve Crombie's interactions with customers and among colleagues. Crombie's culture of inclusiveness has kept employees fully engaged and productive, and helped Crombie attract new talent to its team. Employees are encouraged to volunteer for community organizations across Canada, and in 2022 over 6,000 hours were served to volunteer organizations of employees' choosing.

Crombie refreshed its Risk Appetite Framework and reviewed the top risks to the business, one of which was cybersecurity. The Board, through the Audit Committee, oversees Crombie's cybersecurity strategy and program. In 2022, Crombie advanced its cyber security response. Crombie manages cybersecurity risk mitigation through a multi-layered security approach involving cyber software tool-based controls, policies, standards, procedures, and user education pertaining to security awareness, access, system development, change management and problem and incident management.

With the goal of strengthening Crombie's critical first line of defense against cyber risk, Crombie has enhanced training and user education. These enhancements include semi-annual mandatory "User Cyber Awareness Training" and monthly internal "Phishing Campaigns". Additionally, Crombie completed annual Board and Executive level tabletop scenario planning, with the goal of testing the resolution procedures as outlined within Crombie's Cybersecurity Critical Incident Response playbook. Updates are provided to the Audit Committee of the Board of Trustees on a quarterly basis which includes results of any internal phishing campaigns, recent actual phishing attempts, cyber security trends and any planned or implemented risk mitigation practices/processes/technologies.

Crombie can prepare its users to assist in mitigating risk but cannot eliminate risk entirely without dependencies on critical cyber focus applications support. Crombie is currently leveraging industry leading technologies to support awareness training, proactive risk notification and assessment, multi factor authentication, cyber risk strategies, secured/encrypted data backup, privileged access management, and patch and vulnerability management.

Information regarding Crombie's ESG and corporate governance practices is set out in Crombie's Management Information Circular dated March 29, 2023, which Crombie incorporates by reference herein and is available on SEDAR at www.sedar.com.

Property Development

Property Development is a strategic priority for Crombie to improve NAV, cash flow growth and Unitholder value. With urban intensification an important reality across the country, Crombie is focused on evaluating and undertaking major developments at certain properties, where incremental costs to develop are greater than \$50 million and where development may include residential, commercial and/or retail-related industrial ("**Major Developments**").

Crombie has the potential to unlock significant value within its current pipeline of 27 major development properties over the next 15 years or longer. Crombie benefits from having solid income (NOI, FFO and AFFO) generated by most of these properties while working through the various approvals, entitlements and advance preparations required before each major development can commence.

Crombie has a strategic relationship with Empire. The majority of our development properties currently have Empire as an anchor tenant. Our strategic relationship enables us to unlock value and transition from existing operating properties to construction/development of these sites on mutually-agreeable terms.

Our major development plans include the development of mixed-use properties with a focus on grocery-anchored retail and, wherever practical, primarily purpose-built residential rental accommodations that provide revenue, diversification and growth to Crombie. We view this approach as the optimal way to drive both NAV and AFFO growth. From time to time, Crombie may enter into partnerships to complete developments to share knowledge, risk and expertise. In certain cases, residential condominium uses may also be considered, as will certain other uses (e.g. retail-related industrial), to satisfy municipal requirements and/or market opportunities.

Substantially Completed Developments

Crombie recognizes substantial completion when key project milestones are met and/or project spending has reached over 90% of total project costs.

During the year ended December 31, 2022, Crombie reached substantial completion on two of its major development projects. Bronte Village, Crombie's mixed-use development in partnership with Prince Developments, reached substantial completion in the first quarter ended March 31, 2022. Commercial GLA of 54,000 is 83.5% leased as at December 31, 2022 and lease up continues for the 466,000 square feet of

residential GLA with 50.5% of all units available for lease as at year end. Project costs at Bronte Village totalled \$278 million, \$139 million at Crombie's share, with yields still expected to be in the 5.4% - 6.0% range.

During the quarter ended December 31, 2022, Crombie achieved substantial completion at its retail-related industrial development, Voilà CFC 3, in Calgary, Alberta. Voilà CFC 3 is Crombie's wholly owned state-of-the-art Empire grocery fulfillment hub powered by Ocado's industry leading technology. The 304,000 square foot GLA industrial building is fully leased as at December 31, 2022, with rent expected to commence in mid 2023.

These projects have reached substantial completion, thereby reducing the amount of risk remaining in the development. The remaining risk at Bronte Village is primarily related to achieving successful lease-up stabilization of vacant units at market rents, and potential changes in prevailing market rents. Any failure to achieve successful lease-up stabilization at current prevailing market rents could negatively impact expected yields for these developments.

Completed GLA is based on applicable standards of area measurement determined through internal site plans and drawings, and using external massing studies, where applicable. GLA in the above paragraphs is discussed at full project density.

Total estimated costs include the current carrying costs of development lands, where applicable, net of any reductions from dispositions. Total estimated project costs include land costs measured on existing income-producing properties upon transfer to the development, soft and hard construction costs, tenant inducements, external leasing costs, finance costs, and capitalized interest and other carrying costs, such as capitalized construction and development wages and property taxes. These costs are determined by using internal knowledge and external professional resources, where applicable.

The expected yield for each project is then derived by dividing the estimated annual NOI by the total estimated cost for the project. Estimated annual NOI is calculated using estimated first year stabilized annual rent for each tenant, assuming 100% occupancy. These estimates are established by using market rents, Crombie's market knowledge, and/or using externally generated market studies.

Development Pipeline

Crombie has identified 27 Major Development projects as at December 31, 2022. Management uses current project assumptions to calculate the pipeline cost range, factoring in a degree of uncertainty that comes with a diverse pipeline that spans 15 years or longer. Uncertainty can come in the form of changing project scopes, moving certain properties in or out of the pipeline, variations in the entitlement process, the potential of engaging joint venture partners, dispositions of pipeline properties, and a variety of external factors that may affect project costing. Costs presented in Crombie's pipeline are reflective of current construction cost estimates on a market-by-market basis. Crombie monitors inflationary pressures impacting construction costs and adjusts pipeline assumptions when necessary. Given that some of these projects may not reach the full potential of the original scope, management discloses a low and high range to reasonably estimate the pipeline costs. As of December 31, 2022, total project costs to develop the pipeline range from \$5.0 to \$6.8 billion. Crombie may enter into joint ventures or other partnership arrangements for these properties to share cost, revenue, risk, and development expertise, depending on the nature of each project. Each selected project remains subject to normal development approvals, achieving required economic hurdles, and Board of Trustees' approval. In conjunction with our strategic partner Empire, Crombie management continuously reviews and prioritizes development opportunities that drive NAV and AFFO growth, including high-density urban re-development, new grocery-anchored retail, retail-related industrial e-commerce facilities, and land-use intensification.

Near-Term Projects

Crombie divides its development pipeline into three timing-based segments. Near-term projects are financially committed or expected to be committed within the next two years. Medium-term projects have a timeline to commitment of two years to five years, and long-term projects are expected to be committed within five to fifteen years. Crombie has three projects in the near-term category. The table below provides additional detail into Crombie's near-term developments.

Property	City	% Ownership	Full Project Density		
			Commercial GLA	Residential GLA	Residential Units
Westhill on Duke	Halifax	100 %	—	188,000	290
1780 East Broadway (Broadway and Commercial)	Vancouver	50% ⁽¹⁾	112,000	572,000	890
Belmont Market - Phase II	Victoria	100 %	—	145,000	200
Total Near-Term Developments			112,000	905,000	1,380

⁽¹⁾ Crombie will own 100% of the commercial portion of this development

Full project density reflects estimated GLA upon completion. Estimated GLA on completion is based on applicable standards of area measurement determined through internal site plans and drawings, and using external massing studies, where applicable.

At the end of 2022, Crombie's near-term projects totaled three compared to six in 2022. Year over year changes in the near-term count can be attributed to substantial completions at Bronte Village and Calgary Voilà CFC 3 and the decision to monetize the remaining residential development parcels at Opal Ridge - Penhorn rather than proceed with the residential development option.

Near-Term Project Update

Westhill on Duke, Halifax, Nova Scotia

Type: Residential

Ownership: 100%

Project Status: Westhill on Duke is a planned 290-unit residential rental project in the heart of downtown Halifax, located within the Scotia Square mixed-use retail, office and hotel complex. The site is entitled and a development application has been submitted. The project is expected to be ready to begin in mid 2023.

1780 East Broadway (Broadway & Commercial), Vancouver, British Columbia

Type: Retail / Residential

Ownership: 100% retail, 50% residential and office

Project Status: East Broadway is a proposed major mixed-use re-development on 2.43 acres of land located at the busiest transit node in Western Canada. A rezoning application is in process with the City of Vancouver that comprises a mix of grocery-anchored retail, rental residential, and office. Crombie anticipates completion of rezoning in 2024 and construction commencement in late 2024 or early 2025. Due to a delay in zoning approval with the City of Vancouver, the project commencement time was amended from 2023 to 2025.

Belmont Market - Phase II, Victoria, British Columbia

Type: Residential

Ownership: 100%

Project Status: Belmont Market - Phase II envisions the development of approximately 200 residential units on the remaining 1.70 acres of land within the Belmont Market development area. The lands are fully entitled and could be ready for construction commencement in 2024. The project was delayed from a 2023 commencement date to 2024 as the project works through the internal approval process.

Total Development Pipeline

In addition to near-term projects, Crombie is actively working on its pipeline to ensure a consistent inventory of projects. A number of potential major developments in Crombie's pipeline are large, multi-phased projects spanning over a decade in total duration. For the table below, Crombie has summarized total project costs and GLA data at the date of its financial commitment to Phase 1. The following table details total project cost estimates by category at December 31, 2022.

Project Timeline ⁽¹⁾	Number of Projects	At Crombie's Share (\$ in millions)		
		Total Estimated Costs ⁽¹⁾	Total Spend to Date ⁽²⁾	Estimated Cost to Complete
Near-term	3	\$ 500-600	\$ 40	\$ 460-560
Medium-term	8	2,300-3,000	70	2,230-2,930
Long-term	16	2,200-3,200	160	2,040-3,040
Total Pipeline	27	\$ 5,000 - 6,800	270	\$ 4,730-6,530

⁽¹⁾ Many projects in the pipeline are multi-phased. Project costs are shown to align with the first phase of project commencement. Project timelines are subject to change.

⁽²⁾ Total spend to date includes Crombie's total investment in land at these properties.

Crombie continuously monitors and evaluates the potential pipeline to optimize value creation. With a strong commitment to portfolio growth, Crombie actively analyzes costs and market opportunities within the potential pipeline in order to maximize NOI and NAV creation.

Total estimated costs included land cost on the existing income-producing properties upon transfer to the development, soft and hard construction costs, tenant inducements, external leasing costs, finance costs, and capitalized interest and other carrying costs, such as capitalized construction and development wages, and property taxes. These costs are determined by using internal knowledge and external professional resources, where applicable. Project capital cost uncertainty exists, and project cost estimates contain a contingency for the capital cost exceedances in the ordinary course. Historically, capital costs exceedances in the 5% - 10% range are reflective of such contingencies.

For joint venture projects, our partners may provide estimates, which Crombie reviews and analyzes to determine final estimates.

These estimates and assumptions are reviewed and updated regularly and are subject to changes that could be material. Estimated total costs are based on assumptions that are updated regularly, based on revised site plans, cost tendering process, market studies and continuing tenant negotiations. These assumptions are based on access to job sites, supplies and labour availability, ability to attract tenants, estimated GLA, tenant rents, building sizes, and availability and cost of construction financing. Within specific projects, scheduling and/or completion timing uncertainty exists and project economics can handle reasonable delays in the range of 10%. Estimations included in the chart are believed to be reasonable, but there can be no assurance that actual results will be consistent with these projections.

Crombie's current pipeline has the potential to add up to 1,171,000 square feet of commercial GLA, and up to 9,775,000 square feet (up to 11,450 units) of residential GLA (which may include a combination of rental or condominium units).

Total Pipeline Density by Project Timeline			
Project Timeline ⁽¹⁾	Commercial GLA	Residential GLA	Residential Units
Near-term	112,000	905,000	1,380
Medium-term	277,000	4,692,000	5,300
Long-term	782,000	4,178,000	4,770
Total Pipeline	1,171,000	9,775,000	11,450

⁽¹⁾ Many projects in the pipeline are multi-phased. Project costs are shown to align with the first phase of project commencement. Project timelines are subject to change.

An important part of creating a sustainable development program is a systematic approach to proactively moving potential development lands through the entitlement process to obtain zoning approvals. Crombie currently has six of these 27 potential major projects either already zoned or identified for imminent re-zoning and is currently in various stages of entitlement pursuit as noted in the following chart:

Crombie's Entitled Projects					
	Number of Projects	Estimated Commercial Sq. ft. ⁽¹⁾	Estimated Residential Sq. ft. ⁽¹⁾	Estimated Total Sq. ft. ⁽¹⁾	Residential Units ⁽¹⁾
Zoned	4	55,000	1,466,000	1,521,000	1,820
Application Submitted	2	153,000	1,591,000	1,744,000	1,880
Future	21	963,000	6,718,000	7,681,000	7,750
Total	27	1,171,000	9,775,000	10,946,000	11,450

⁽¹⁾ Square footage and unit information presented in the table are estimates only and are subject to change. Design, municipal approvals and market conditions may influence estimates

Zoning is in place for the following development sites: Westhill on Duke (Halifax), Belmont Market - Phase II (Victoria), Barrington Residential, formerly Triangle Lands (Halifax), and Brunswick Place (Halifax). Rezoning applications have been submitted and are in process for Broadway and Commercial (Vancouver) and McCowan and Ellesmere (Toronto).

The following table lists the 27 identified Potential Major Development locations and certain key features of each property. Potential developments in the table following are organized in order of potential construction commencement:

Potential Major Development Pipeline

(1) All projects in the pipeline are transit-oriented and have the potential for residential expansion.

(2) Westhill on Duke was formerly referred to as Westhill and Scotia Square residential.

(3) Westhill on Duke can be developed through densification on 0.46 acres of the existing 9.05-acre Scotia Square site.

(4) Brunswick Place can be developed through densification on the existing 0.75-acre Brunswick Place Parkade.

(5) Barrington Residential was formerly referred to as Triangle Lands.

Competition

The real estate business in which Crombie operates is competitive. Numerous other developers, managers and owners of properties compete with Crombie in seeking tenants. Please refer to "Risks - Risk Factors Related to the Real Estate Industry - Competition".

Intellectual Property

Crombie has registered, or is in the process of registering, various trademarks that it uses in its operations. None of these trademarks are critical to Crombie's operations.

Employment

Crombie employed a total of 303 employees as at December 31, 2022. The employees are located in the head office in New Glasgow, Nova Scotia as well as various regional locations in British Columbia, Alberta, Ontario, Québec, New Brunswick, Nova Scotia, and Newfoundland and Labrador.

PROPERTIES HELD BY CROMBIE

At December 31, 2022, Crombie owned a portfolio of 289 income-producing properties in ten provinces, comprising approximately 18.4 million square feet of GLA. For property details please refer to Appendix A.

RISKS

There are certain risks inherent in the activities of Crombie, including the following:

Risk Factors Related to the Real Estate Industry

Real Property Ownership and Tenant Risks

All real property investments are subject to elements of risk. The value of real property and any improvements thereto depend on the credit and financial stability of tenants and upon the vacancy rates of the properties. In addition, certain significant expenditures, including property taxes, ground rent, mortgage payments, insurance costs, and related charges must be made throughout the period of ownership of real property regardless of whether a property is producing any income. Cash available for distribution will be adversely affected if a significant number of tenants are unable to meet their obligations under their lease or if a significant amount of available space in the properties becomes vacant and cannot be leased on economically favourable lease terms.

Upon the expiry of any lease, there can be no assurance that the lease will be renewed, or the tenant replaced. The terms of any subsequent lease may be less favourable to Crombie than those of an existing lease. The ability to rent unleased space in the properties in which Crombie has an interest will be affected by many factors, including general economic conditions, local real estate markets, changing demographics, supply and demand for leased premises, competition from other available premises and various other factors.

As technology and e-commerce continue to evolve and proliferate the daily business activities of certain of our tenants and the resulting shopping options for their customers, tenants may need to alter the way they do business to remain relevant and successful. This could include reducing store footprints, rationalizing the number of properties they operate from and/or investing in a larger e-commerce presence to remain competitive in light of continued technology and e-commerce innovation. Any such changes could adversely affect tenant demand for our properties.

Fixed Costs

The failure to rent a material amount of unleased space on a timely basis, or at all, would likely have an adverse effect on Crombie's financial condition and results of operation and decrease the amount of cash available for distribution. Certain significant expenditures, including property taxes, ground rent, maintenance costs, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real property regardless of whether a property is producing any income. If Crombie is unable to meet mortgage payments on any property, losses could be sustained as a result of the mortgagee's exercise of its rights of foreclosure or sale or the landlord's exercise of remedies. Costs may also be incurred in making improvements or repairs to property required by a new tenant and income may be lost as a result of any prolonged delay in attracting suitable tenants to the vacant space.

The timing and amount of capital expenditures by Crombie will affect the amount of cash available for distribution to Unitholders. Distributions may be reduced, or even eliminated, at times when Crombie deems it necessary to make significant capital or other expenditures.

Liquidity of Real Estate Investments

Real property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. Such illiquidity may limit Crombie's ability to vary its portfolio promptly in response to changing economic or investment conditions. If Crombie were to be required to liquidate its real property investments, the proceeds might be significantly less than the aggregate carrying value of its properties, which could have an adverse effect on Crombie's financial condition and results of operation and decrease the amount of cash available for distribution.

Competition

The real estate business is competitive. Numerous other developers, managers and owners of properties compete with Crombie in seeking tenants. Some of the properties located in the same markets as Crombie's properties may be newer, better located, less levered or have stronger anchor tenants than Crombie's properties. Some property owners with properties located in the same markets as Crombie's properties may be better capitalized and may be stronger financially and hence better able to withstand an economic downturn. Competitive pressures in such markets could have a negative effect on Crombie's ability to lease space in its properties and on the rents charged or concessions granted, which could have an adverse effect on Crombie's financial condition and results of operation and decrease the amount of cash available for distribution. Competition for acquisitions of real properties can be intense and some competitors may have the ability or inclination to acquire properties at a higher price or on terms less favourable than those that Crombie may be prepared to accept. An increase in the availability of investment funds, an increase in interest in real property investments or a decrease in interest rates may tend to increase competition for real property investments, thereby increasing purchase prices and reducing the yield on them.

Risk Factors Related to the Business of Crombie

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. A provision for doubtful accounts and other adjustments to net property income are taken for all anticipated collectability risks.

In measuring tenant concentration, Crombie considers both the annual minimum rent and total property revenue of major tenants.

At December 31, 2022, Crombie's largest tenant, Empire (including Sobeys and all other subsidiaries of Empire), represents 58.0% of annual minimum rent; an increase from 56.7% at December 31, 2021. No other tenant accounts for more than 2.5% of Crombie's annual minimum rent.

Total property revenue includes base rent as well as operating and realty tax cost recovery income and percentage rent. These amounts can vary by property type, specific tenant leases and where tenants may directly incur and pay operating and realty tax costs. Empire (including Sobeys and all other subsidiaries of Empire) represents 53.0% of total property revenue. Excluding these tenants, no other tenant accounts for more than 2.4% of Crombie's total property revenue.

Over the next five years, no more than 6.3% of the gross leaseable area of Crombie will expire in any one year.

Development Risk

Crombie owns a number of investment properties at varying stages of development as well as a significant pipeline of potential future development properties.

Development risk associated with development projects underway include: construction delays and their impact on financing and related costs as well as commitments from tenants for occupancy; cost overruns that could impact the profitability and/or financial viability of a project; and, the inability to meet revenue projections upon completion, which could be impacted by unmet leasing assumptions on timing of tenant occupancy or rent per square foot.

Development risks associated with potential future development properties include all of the above as well as the risks associated with the ability to develop the property at all. This may include waiting for all current leases to expire or negotiating favourable terms with current tenants, which could include costs associated with lease interruptions to permit development, and, inability to receive various required municipal/provincial approvals for site plan, development, zoning, construction, etc.

Joint Arrangement Risk

Crombie has entered into joint arrangements or partnerships with other third party entities including our mixed-use developments at Davie Street, Le Duke, Bronte Village, Opal Ridge, King George, and Broadway and Commercial where Crombie holds a 50% ownership. For more information on these developments please see the "Property Development" section of this AIF. As a result of these joint arrangements, Crombie may not have the same level of control over the operation or development of such properties that it ordinarily has, which may impact its ability to respond to conditions affecting such properties. Risks associated with these arrangements include risk of default by a partner on financing obligations or non-performance of a partner's obligations on a project, which may include development, construction, management or leasing.

Capitalization Rate Risk

Crombie values its investment properties using the capitalized net operating income method. Under this method, valuations are derived by dividing trailing stabilized net operating income (property revenue less property operating expenses) by market capitalization rates. The key assumptions are the capitalization rates for each specific property and stabilized net income. Crombie is responsible for the reasonableness of the assumptions and for the accuracy of inputs that are used to determine our valuation disclosures. Crombie receives biannual capitalization rate reports (June and December) from external knowledgeable property valuers. The capitalization rate reports provide a range of rates for various geographic regions and for various types and qualities of properties within each region. Management selects the rate for each property from the range provided that management believes is most appropriate in its judgment. In addition to this, Crombie uses the market information obtained in external appraisals each quarter and makes relevant adjustments to our input assumptions. If these input assumptions are not correct, our valuation disclosures may not accurately describe the fair value of our properties. The Audit Committee provides oversight to this process, receiving a detailed summary including any major capitalization rate movement and other key decisions made each quarter and are provided with opportunities to discuss and question management on decisions made.

There has been upward pressure on capitalization rates, resulting in negative pressure on property valuations, since the beginning of the year, largely in response to the dramatic increase in overnight prime interest rates and Government of Canada bond yields, and the weakening Canadian economy. This, along with the lower level of comparable transactions in the market, has resulted in less reliable data for valuers, which may result in increased subjectivity in their capitalization rates provided to Crombie and adversely affect the reliability of Crombie's valuation input assumptions, which in turn may adversely affect the certainty of Crombie's reported fair value based measures. Further increases to overnight prime interest rates and Government of Canada bond yields could put additional upward pressure on capitalization rates.

Reliance on Anchor Tenants

Retail shopping centres have traditionally relied on there being a number of anchor tenants (grocery stores and discount department stores among others) in the centre and are therefore subject to the risk of such anchor tenants either moving out of the property or going out of business. If any anchor tenant were to leave a property, the property could be negatively affected by such a loss which could have an adverse effect on Crombie's financial condition and results of operation and decrease the amount of cash available for distribution.

Tenant Concentration

Crombie's anchor tenants are concentrated in a relatively small number of retail operators. Specifically, 58.0% of the annual minimum rent and 53.0% of total property revenue generated from Crombie's properties is derived from anchor tenants that are owned and/or operated by Empire (including Sobeys and all other subsidiaries of Empire). Therefore, Crombie is reliant on the sustainable operation by Empire in these locations, and any disruption of Empire's business or financial condition could adversely affect Crombie's financial condition and results of operations, and the value of its Empire-anchored properties.

Economic Stability of Local Markets

Some of Crombie's properties are located in regions where the economy is dominated by a small number of industries with only a few major participants. The economic stability and development of these local markets would be negatively affected if such major industry participants failed to maintain a significant presence in such markets. An economic downturn in these markets may adversely affect revenues derived by tenants of Crombie from their businesses and their ability to pay rent to Crombie in accordance with their leases. An enduring economic decline in a local market may affect the ability of Crombie to: (i) lease space in its properties, (ii) renew existing leases at current rates, and (iii) derive income from the properties located in such market, each of which could adversely impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution.

Retail Concentration

Crombie's portfolio of properties is heavily weighted in retail properties. Consequently, changes in the retail environment and general consumer spending, including the growing trend in e-commerce, could adversely impact Crombie's financial condition.

Acquisitions

Crombie's business plan includes growth through identifying suitable property acquisition opportunities, pursuing such opportunities, consummating acquisitions and effectively operating and leasing such properties. If Crombie is unable to manage its growth effectively, it could adversely impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution. There can be no assurance as to the pace of growth through property acquisitions or that Crombie will be able to acquire assets on an accretive basis, and as such there can be no assurance that distributions to Unitholders will increase in the future.

Access to Capital

The real estate industry is highly capital intensive. Crombie will require access to capital to maintain its properties, as well as to fund its growth strategy and significant capital expenditures from time to time. There can be no assurances that Crombie will have access to sufficient capital or access to capital on terms favourable to Crombie for future property acquisitions, financing or refinancing of properties, funding operating expenses or other purposes. In addition, Crombie may not be able to borrow funds under the Revolving Credit Facility or Unsecured Bilateral Credit Facility due to the limitations on the incurrence of debt by Crombie set forth in the Revolving Credit Facility or Unsecured Bilateral Credit Facility and the Declaration of Trust. Crombie's access to public debt and equity markets may be limited by market conditions or willingness to incur dilution at prevailing market prices from time to time. Failure by Crombie to access required capital could adversely impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution.

Liquidity Risk

The real estate industry is highly capital intensive. Liquidity risk is the risk that Crombie may not have access to sufficient debt and equity capital to fund its growth program, refinance debt obligations as they mature or meet its ongoing obligations as they arise.

Cash flow generated from operating the property portfolio represents the primary source of liquidity used to service the interest on debt, fund general and administrative expenses, reinvest in the portfolio through capital expenditures, as well as fund tenant incentive costs and make distributions to Unitholders. Debt repayment requirements are primarily funded from refinancing Crombie's maturing debt obligations. Property acquisition funding requirements are funded through a combination of accessing the debt and equity capital markets and recycling capital from property dispositions.

There is a risk that the debt capital markets may not refinance maturing fixed rate and floating rate debt on terms and conditions acceptable to Crombie or at any terms at all. There is also a risk that the equity capital markets may not be receptive to a REIT Unit offering from Crombie with financial terms acceptable to Crombie. Access to debt and equity capital markets may also be affected by national and international events, and economic conditions beyond Crombie's control.

There is a risk that credit ratings may change. No ratings agency has issued a credit rating with respect to the Units, and no credit rating of the Units will be sought or obtained by Crombie. As of December 31, 2022, Crombie's outstanding senior unsecured notes maintain a credit rating of "BBB(low)" with a "Stable" trend from DBRS. Credit ratings may not reflect all risks associated with an investment in Crombie's securities. Any credit ratings applied to the notes are an assessment of Crombie's ability to pay its obligations generally. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the notes. The credit ratings, however, may not reflect the potential impact on the value of the notes, of risks related to structure, market or other factors discussed herein. Crombie is under no obligation to maintain any specified level of credit rating with credit rating agencies and there is no assurance that any credit rating assigned to the notes will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency. A lowering, withdrawal or failure to maintain any credit ratings applied to the notes may have an adverse effect on the market price or value and the liquidity of the notes. Credit ratings are not recommendations to purchase, hold or sell the notes or other securities of Crombie. Any future lowering of Crombie's ratings likely would make it more difficult or expensive for Crombie to obtain additional debt financing.

Under the amended terms governing the Revolving Credit Facility, Crombie is entitled to borrow a maximum of 70% of the fair market value of assets subject to a first security position (50% for certain co-owned assets) and 60% of the excess of fair market value over first mortgage financing of assets subject to a second security position or a negative pledge. The terms of the Revolving Credit Facility also require that Crombie must maintain annualized NOI (meaning the difference between revenue and expenses for investment properties) for the prescribed properties that is a minimum of 1.4 times the coverage of the related annualized debt service requirements.

The terms of the Revolving Credit Facility, Unsecured Bilateral Credit Facility and the Non-Revolving Credit Facility also require that Crombie must maintain certain covenants:

- annualized NOI on all properties must be a minimum of 1.4 times the coverage of all annualized debt service requirements;
- access to the debt facilities is limited by the amount utilized under the facility, and any outstanding letters of credit, not to exceed the security provided by Crombie; and
- distributions to Unitholders are limited to 100% of Funds From Operations as defined in the Revolving Credit Facility and Unsecured Bilateral Credit Facility.

As at December 31, 2022, and throughout the 2022 fiscal year, Crombie was in compliance with all externally imposed capital requirements and all covenants relating to its debt facilities.

As outlined above, access to the Revolving Credit Facility is limited such that the amount utilized under the facility, plus outstanding letters of credit may not exceed the security provided by Crombie identified as the "**Aggregate Coverage Amount**" as defined in the Revolving Credit Facility. At December 31, 2022 the additional amount available to be drawn under the Revolving Credit Facility was \$400.0 million (\$397.1 million after taking effect of outstanding letters of credit).

Interest Rate Risk

Interest rate risk is the potential for financial loss arising from increases in interest rates. Crombie mitigates this risk by utilizing staggered debt maturities and limiting the use of permanent floating rate debt and, on occasion, utilizing interest rate swap agreements. As at December 31, 2022:

- Crombie's weighted average term to maturity of its fixed rate mortgages is 4.6 years;
- Crombie's weighted average term to maturity of its unsecured notes is 5.1 years;
- Crombie has an unsecured non-revolving credit facility available to a maximum of \$200.0 million, with \$150.0 million utilized at December 31, 2022;

- Crombie has a floating rate unsecured revolving credit facility available to a maximum of \$400.0 million, subject to available Borrowing Base, with no balance at December 31, 2022;
- Crombie has a floating rate bilateral credit facility available to a maximum of \$130.0 million with no balance at December 31, 2022;
- Crombie has interest rate swap agreements on \$106.4 million of floating rate debt and an interest rate swap agreement held in equity-accounted investments on \$52.0 million, at Crombie's share, of floating rate debt; and
- Crombie has floating rate credit facilities included in debt held in equity-accounted investments, available to a maximum of \$130.3 million with \$116.8 utilized.

Crombie enters into interest rate swap agreements to manage the interest rate profile of its current or future debts without an exchange of the underlying principal amount. The interest swap rates would be based on Canadian bond yields, plus a premium, called the swap spread, which reflects the risk of trading with a private counterparty as opposed to the Canadian government. Under interest rate swap arrangements, Crombie would agree to pay the counterparty an amount if market interest rates decline, in return for the counterparty's agreement to pay Crombie an amount if market interest rates increase. As a result, the combined effect of variable interest rates on certain debt arrangements coupled with the payment obligations under interest rate swap agreements is to stabilize Crombie's net interest expense, as increased interest payments are partially offset by the right to receive payments under the interest rate swap agreements, while decreased interest payments are partially offset by the obligation to make payments under the interest rate swap agreements. In the event that interest rates change by more than was anticipated in the interest rate swap agreements, payment obligations under interest rate swap agreements could adversely impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution.

Crombie does not enter into these interest rate swap transactions on a speculative basis. Crombie is prohibited by its Declaration of Trust in purchasing, selling or trading in interest rate future contracts other than for hedging purposes.

In light of inflationary pressures, the Bank of Canada increased their overnight interest rate eight times from 0.25% in January 2022 to 4.50% in January 2023. This is anticipated to hold fairly steady for the next 12 months as inflation rates start to decline. A fluctuation in interest rates would have an impact on Crombie's operating income related to the use of floating rate debt. The following table reflects the impacts of selected interest rate changes on operating income by adjusting interest rates on month end floating rate debt balances throughout the year:

	Year ended	
	Year ended December 31, 2022	
Impact on operating income attributable to Unitholders of interest rate changes on the revolving credit facility	Increase in Rate	Decrease in Rate
Impact of a 0.5% interest rate change	\$ (315)	\$ 315
Impact of a 1.0% interest rate change	\$ (631)	\$ 631
Impact of a 1.5% interest rate change	\$ (946)	\$ 946

Environmental Matters

Environmental legislation and regulations have become increasingly important in recent years. As an owner of interests in real property in Canada, Crombie is subject to various Canadian federal, provincial and municipal laws relating to environmental matters.

Such laws provide that Crombie could become liable for environmental harm, damage or costs, including with respect to the release of hazardous, toxic or other regulated substances into the environment, and the removal or other remediation of hazardous, toxic or other regulated substances that may be present at or under its properties. Further liability may be incurred by Crombie with respect to the release of such substances from Crombie's properties to properties owned by third parties, including properties adjacent to Crombie's properties. The failure to remove or otherwise address such substances or properties, if any, may adversely affect Crombie's ability to sell such property, realize the full value of such property or borrow using such property as collateral security, and could potentially result in claims against Crombie by public or private parties by way of civil action.

Crombie's operating policy is to obtain a Phase I environmental site assessment, conducted by an independent and experienced environmental consultant, prior to acquiring a property and to have Phase II environmental site assessment work completed where recommended in a Phase I environmental site assessment. Although such environmental site assessments provide Crombie with some level of assurance about the condition of property, Crombie may become subject to liability for undetected contamination or other environmental conditions at its properties against which it cannot insure, or against which Crombie may elect not to insure where insurance premium costs are considered to be disproportionate to the assessed risk, which could negatively impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution.

Environmental laws can change and Crombie or its subsidiaries may become subject to even more stringent environmental laws in the future, with increased enforcement of laws by the government. Compliance with more stringent environmental laws, which may be more rigorously

enforced, the identification of currently unknown environmental issues or an increase in the costs required to address a currently known condition may have an adverse effect on Crombie's business, financial condition and results of operation and distributions.

Natural Disaster and Climate Change Risk

Crombie has properties located in areas that are subject to natural disasters and severe weather conditions such as hurricanes, ice storms, floods, earthquakes, and fires, and the frequency of these natural disasters and severe weather conditions may increase due to climate change. The occurrence of natural disasters, severe weather conditions and the effects of climate change can delay new development or redevelopment projects, increase investment costs to repair or replace damaged properties, increase operation costs, including the cost of energy at our properties, increase costs for future property insurance, negatively impact the tenant demand for lease space and cause substantial damages or losses to our properties which could exceed any applicable insurance coverage. The incurrence of any of these losses, costs or business interruptions may adversely affect our financial condition, results of operations, and cash flows. In addition, changes in government legislation and regulation on climate change, such as reduction in greenhouse gas emissions, could result in increased capital expenditures to transition Crombie's existing properties to have a lower carbon footprint and could also require Crombie to spend more on our development or redevelopment projects some of which may not be recoverable from tenants, which may adversely affect its financial condition, results of operations, and cash flows. Any failure to adapt to climate change could adversely affect Crombie's reputation, financial condition, results of operations and cash flows.

Potential Conflicts of Interest

The Trustees will, from time to time, in their individual capacities, deal with parties with whom Crombie may be dealing, or may be seeking investments similar to those desired by Crombie. The interests of these persons could conflict with those of Crombie. The Declaration of Trust and Code of Conduct contain conflict of interest provisions requiring the Trustees to disclose their interests in certain contracts and transactions and to refrain from voting on those matters. In addition, certain decisions regarding matters that may give rise to a conflict of interest must be made by a majority of independent elected Trustees only.

Conflicts may exist due to the fact that certain Trustees, senior officers and employees of Crombie are directors and/or senior officers of Empire and/or its affiliates or will provide management or other services to Empire and its affiliates. Empire and its affiliates are engaged in a wide variety of real estate and other business activities. Crombie may become involved in transactions that conflict with the interests of the foregoing. The interests of these persons could conflict with those of Crombie, which may impair their ability to act in the best interests of Crombie.

General Insured and Uninsured Risks

Crombie carries comprehensive general liability, fire, flood, extended coverage and rental loss insurance under a blanket policy available to affiliates of Empire with customary policy specifications, limits and deductibles. Crombie has insurance for earthquake risks, subject to certain policy limits, deductibles and self-insurance arrangements, and will continue to carry such insurance if it is economical to do so. There are, however, certain types of risks, generally of a catastrophic nature, such as war or environmental contamination, which are either uninsurable or not insurable on an economically viable basis. Should an uninsured or underinsured loss occur, Crombie could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but would continue to be obligated to repay any recourse mortgage indebtedness on such properties which would likely adversely impact Crombie's financial condition and results of operation and decrease the amount of cash available for distribution. If Crombie is no longer able to participate in Empire's blanket policy it will be required to obtain a replacement policy, and the terms and premiums of such policy may be less favourable to Crombie.

Many insurance companies have eliminated coverage for communicable disease and acts of terrorism from their policies, and Crombie may not be able to obtain coverage at commercially reasonable rates or at any price. Damage to a property sustained as a result of an uninsured terrorist or similar act or prolonged business interruption resulting from a pandemic, could adversely impact Crombie's financial condition and results of operation and decrease the amount of cash available for distribution.

Land Leases

To the extent the properties in which Crombie has or will have an interest are located on leased land, the land leases may be subject to periodic rate resets which may fluctuate and may result in significant rental rate adjustments which would likely adversely impact Crombie's financial condition and results of operation and decrease the amount of cash available for distribution.

Specific Lease Considerations

Certain of Crombie's properties are leased on a base year or semi-gross basis or otherwise have caps on operating costs and/or tax recoveries. As a result, Crombie will bear the economic costs of increases in certain of the operating costs and/or property taxes in such cases to the extent it is not able to fully recover increases in operating costs and property taxes from these tenants which increases would likely adversely impact Crombie's financial condition and results of operations and decrease the amount of cash available for distribution.

Reliance on Key Personnel

The management of Crombie depends on the services of certain key personnel, particularly its Chief Executive Officer and Chief Financial Officer. Crombie has robust succession planning in place for both key personnel, including designated internal personnel to act on an interim basis in case of emergency, and periodically engages in broader reviews of its management structure and succession planning. In February 2023, Donald Clow, Crombie's Chief Executive Officer as at December 31, 2022, advised the board of his retirement and stepped down as Trustee, President and Chief Executive Officer effective February 28, 2023. Mark Holly was appointed to Trustee, President and Chief Executive Officer effective March 1, 2023, replacing Mr. Clow. Mr. Clow's retirement and the appointment of Mr. Holly are a result of an extensive review of senior management roles, structure and succession planning initiated by the Board of Trustees in 2021. As part of this process, the Board of Trustees engaged a leading talent advisory firm to assist in identifying and evaluating CEO succession candidates with extensive real estate experience through which Mr. Holly was identified. While this transition has occurred without significant disruption to Crombie's business, the unexpected loss of the service of any key personnel in the future could have an adverse effect on Crombie and adversely impact Crombie's financial condition if Crombie does not have adequate succession plans in place for these personnel. Crombie does not have key-person insurance on any of its key employees.

Reliance on ECL, SDLP and Other Empire Affiliates

Crombie's ability to acquire new properties is dependent in part upon ECL and Sobeys Developments Limited Partnership ("**SDLP**") and the successful operation of the right of first offer agreement as described in "Material Contracts". Also, a significant portion of Crombie's rental income is received from tenants that are affiliates of Empire. Finally, ECL has obligations to indemnify Crombie in respect to the cost of environmental remediation of certain properties acquired by Crombie from ECL to a maximum permitted amount in relation to some properties and unlimited in relation to other properties. There is no certainty that ECL and SDLP will be able to perform their obligations to Crombie in connection with these agreements. ECL and SDLP have not provided any security to guarantee these obligations. If ECL, SDLP, Empire or such affiliates are unable or otherwise fail to fulfill their obligations to Crombie, such failure could adversely impact Crombie's financial condition. As at December 31, 2022, Empire, through its wholly-owned subsidiary ECL Developments, holds a 41.5% indirect interest in Crombie.

Limit on Activities

In order to maintain its status as a "mutual fund trust" and a "real estate investment trust" under the *Income Tax Act* (Canada), Crombie cannot carry on most active business activities, is limited in the types of investments it may make, and must comply with specific restrictions regarding its development activities. The Declaration of Trust contains restrictions to this effect.

Cyber Security Risk

A cyber security incident includes any material adverse event that threatens the confidentiality, integrity and/or availability of Crombie's information resources. Crombie recognizes that information is a critical enterprise asset, both internal business and employee information and information of Crombie's tenants and suppliers. Currently, cyber security risk is managed through a multilayered security approach involving cyber software tool-based controls, policies, standards, procedures and frontline user education pertaining to security awareness, access, system development, change management and problem and incident management. Inaccurate, incomplete or unavailable information, external intrusions on information systems or inappropriate access to these information resources could lead to incorrect financial and/or operational reporting, poor decisions, privacy breaches or inappropriate disclosures, leaks of sensitive information or system disruptions. Such events, intentional or unintentional, could include malicious attacks, unauthorized access to confidential data or information systems or security breaches and could lead to a disruption of operations or unauthorized access to, and release of, confidential information. The organizational impact could include reputational damage with tenants, suppliers, or other strategic partners, financial costs, or a disruption to Crombie's business. Some of Crombie's confidential information is held and managed by third-party service providers. Any failure in data security or any system vulnerability (internal or external) could result in harm to Crombie's reputation or competitive position. Cyber incidents are becoming more frequent and more sophisticated. Crombie has implemented security measures, including monitoring, recovery testing, maintenance of protective systems and contingency plans, to protect and to prevent unauthorized access of confidential information and to reduce the likelihood of disruption to its IT systems or critical data. There is no guarantee that these measures, as well as Crombie's enhanced awareness of the risk of a cyber incident, will not negatively impact its financial results by the occurrence of any such event.

Risk Factors Related to the Units

Cash Distributions Are Not Guaranteed

There can be no assurance regarding the amount of income to be generated by Crombie's properties. The ability of Crombie to make cash distributions and the actual amount distributed are entirely dependent on the operations and assets of Crombie and its subsidiaries, and are subject to various factors including financial performance, obligations under applicable credit facilities, the sustainability of income derived from anchor tenants, and capital expenditure requirements. Cash available to Crombie to fund distributions may be limited from time to time because of items such as principal repayments, tenant allowances, leasing commissions, capital expenditures and redemptions of Units, if any. Crombie may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items. The market value of the Units will deteriorate if Crombie is unable to maintain its distribution in the future, and that deterioration may be significant. In addition, the composition of cash distributions for tax purposes may change over time and may affect the after-tax return for investors.

Structural Subordination of the Units

In the event of a bankruptcy, liquidation or reorganization of Crombie LP or any of its subsidiaries, holders of its indebtedness and its trade creditors will generally be entitled to payment of their claim from the assets of Crombie LP and those subsidiaries before any assets are made available for distribution to Crombie or its Unitholders. The Units are effectively subordinated to the debt and other obligations of Crombie LP and its subsidiaries. Crombie LP and its subsidiaries generate all of Crombie's revenue available for distribution and hold substantially all of Crombie's operating assets.

Restrictions on Redemptions

It is anticipated that the redemption right described under "Description of Units and Declaration of Trust - Redemption Right" will not be the primary mechanism for holders of Units to liquidate their investments. The entitlement of Unitholders to receive cash upon the redemption of their Units is subject to the following limitations: (i) the total amount payable by Crombie in respect of such Units and all other Units tendered for redemption in the same calendar month must not exceed \$50,000 (provided that such limitation may be waived at the discretion of the Trustees); (ii) at the time such Units are tendered for redemption, the outstanding Units must be listed for trading on a stock exchange or traded or quoted on another market which the Trustees consider, in their sole discretion, provides fair market value prices for the Units; and (iii) the trading of Units is not suspended or halted on any stock exchange on which the Units are listed (or, if not listed on a stock exchange, on any market on which the Units are quoted for trading) on the redemption date for more than five trading days during the 10 day trading period commencing immediately after the redemption date.

Potential Volatility of Unit Prices

One of the factors that may influence the market price of the Units is the annual yield on the Units. An increase in market interest rates may lead purchasers of Units to demand a higher annual yield, which accordingly could adversely affect the market price of the Units. In addition, the market price of the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities and numerous other factors beyond the control of Crombie.

Nature of Investment

A holder of a Unit of Crombie does not hold a share of a body corporate. The rights of Unitholders are based primarily on the Declaration of Trust. There is no statute governing the affairs of Crombie equivalent to the *Business Corporations Act* (Ontario) ("**OBCA**") or the *Canada Business Corporations Act* ("**CBCA**") which sets out the rights and entitlements of shareholders of corporations in various circumstances. A number of these rights, for example, the right to bring "oppression" or "derivative" actions, have been added to the Declaration of Trust, however, these rights are not statutory in nature and the interpretation of these rights by courts may not be the same as those available under the applicable statutes.

Tax-related Risk Factors

Crombie intends to make distributions not less than the amount necessary to eliminate Crombie's liability for tax under Part I of the Income Tax Act (Canada). Where the amount of net income and net realized capital gains of Crombie in a taxation year exceeds the cash distributions in the year, such excess net income and net realized capital gains will be distributed to Unitholders and such additional distributions may be in the form of cash and/or additional Units. Unitholders will generally be required to include an amount equal to the fair market value of any additional Units in their taxable income, notwithstanding that they do not directly receive a cash distribution.

Certain properties have been acquired by Crombie on a tax deferred basis, whereby the tax cost of these properties is less than their fair market value. Accordingly, if one or more of such properties is disposed of, the gain for tax purposes recognized by Crombie will be in excess of that which it would have been if it had acquired the properties at a tax cost equal to their fair market values.

Publicly traded income trusts, or specified investment flow-through entities (“SIFTs”), are subject to income taxation at corporate tax rates, subject to an exemption for real estate investment trusts (“REITs”). The exemption for REITs was provided to “recognize the unique history and role of collective real estate investment vehicles,” which are well-established structures throughout the world. A trust that satisfies the criteria of a REIT throughout its taxation year will not be subject to income tax in respect of distributions to its Unitholders or be subject to the restrictions on its growth that would apply to SIFTs.

While REITs were exempted from the SIFT taxation, a number of technical tests apply to determine which entities would qualify as a REIT. These technical tests did not fully accommodate the business structures used by many Canadian REITs.

Crombie and its advisors underwent an extensive review of Crombie’s organizational structure and operations to support Crombie’s assertion that it meets the REIT technical tests contained in the Act through the 2022 fiscal year. The relevant tests apply throughout the taxation year of Crombie and, as such, the actual status of Crombie for any particular taxation year can only be ascertained at the end of the year.

Notwithstanding that Crombie may meet the criteria for a REIT and thus be exempt from the distribution tax, there can be no assurance that the Department of Finance (Canada) or other governmental authority will not undertake initiatives which have an adverse impact on Crombie or its Unitholders.

Availability of Cash Flow

Cash available to Crombie may be limited from time to time because of items such as debt principal repayments, tenant allowances, leasing commissions, capital expenditures and redemptions of Units, if any. Crombie may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items. Crombie anticipates temporarily funding such items, if necessary, through the Revolving Credit Facility or Unsecured Bilateral Credit Facility in expectation of refinancing long-term debt on its maturity.

Dilution

The number of Units Crombie is authorized to issue are unlimited. Crombie may, in its sole discretion, issue additional Units from time to time, and the interests of the holders of Units may be diluted thereby.

Indirect Ownership of Units by Empire

Empire holds a 41.5% economic interest in Crombie through the ownership of REIT and Class B LP Units. Pursuant to the Exchange Agreement, each Class B LP Unit will be exchangeable at the option of the holder for one Unit of Crombie and will be attached to a Special Voting Unit of Crombie, providing for voting rights in Crombie. Furthermore, pursuant to the Declaration of Trust, Empire is entitled to appoint a certain number of Trustees based on the percentage of Units held by it. Thus, Empire is in a position to exercise a certain influence with respect to the affairs of Crombie. If Empire sells substantial amounts of its Class B LP Units or exchanges such units for Units and sells these Units in the public market, the market price of the Units could fall. The perception among the public that these sales will occur could also produce such effect.

Risk Factors Related to the Ownership of Notes

An Active Trading Market May Not Develop for the Notes

There is no public market through which the Notes may be sold. Crombie does not intend to list the Notes on any securities exchange or include the Notes in any automated quotation system.

Therefore, an active market for the Notes may not develop or be maintained, which would adversely affect the market price and liquidity of the Notes. In such case, the holders of the Notes may not be able to sell their Notes at a particular time or at a favourable price. If a public trading market were to develop, future trading prices of the Notes may be volatile and will depend on many factors, including:

- the number of holders of Notes;
- prevailing interest rates;
- Crombie’s operating performance and financial condition;
- Crombie’s credit rating;
- the interest of securities dealers in making a market for them; and
- the market for similar securities.

Even if an active trading market for the Notes does develop, there is no guarantee that it will continue. The Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar Notes, Crombie’s performance and other factors.

Credit Risk and Prior Ranking Indebtedness: Absence of Covenant Protection

The likelihood that Noteholders will receive payments owing to them under the terms of the Notes, as applicable, will depend on the financial health of Crombie and its creditworthiness. In addition, the Notes are unsecured obligations of Crombie and the applicable Guarantors, and are subordinate in right of payment to all Crombie's, and the applicable Guarantors', existing and future senior indebtedness. Therefore, if Crombie becomes bankrupt, liquidates its assets, reorganizes or enters into certain other transactions, Crombie's assets will be available to pay its obligations with respect to the Notes only after it has paid all of its senior and secured indebtedness in full. There may be insufficient assets remaining following such payments to pay amounts due on any or all of the Notes then outstanding. The Notes are also effectively subordinate to claims of creditors of Crombie's subsidiaries except to the extent Crombie is a creditor of such subsidiaries ranking at least pari passu with such other creditors. The indentures do not prohibit or limit the ability of Crombie or its subsidiaries to incur additional debt or liabilities (including senior indebtedness) or to make distributions, except, in respect of distributions, where an event of default has occurred and such default has not been cured or waived. The indentures do not contain any provision specifically intended to protect Noteholders in the event of a future leveraged transaction involving Crombie.

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, Crombie will be required to offer to repurchase all outstanding Notes. However, it is possible that Crombie will not have sufficient funds at the time of the Change of Control Triggering Event to make the required repurchase of the Notes.

Crombie's ability to repurchase Notes pursuant to a Change of Control Offer may be limited by a number of factors. The occurrence of the events constituting a Change of Control Triggering Event under the Indenture may constitute a default under the Revolving Credit Facility and the Unsecured Bilateral Credit Facility and may result in an Event of Default in respect of Crombie's and its subsidiaries' other current or future indebtedness and, consequently, the lenders thereof may have the right to require repayment of such indebtedness in full. Moreover, the exercise by holders of Notes of their right to require Crombie to repurchase the Notes upon a Change of Control Triggering Event could cause a default under these other agreements, even if the Change of Control Triggering Event itself does not, due to the financial effect of such repurchases on Crombie. Crombie's failure to repurchase the Notes would be an Event of Default under the Note Indenture, Revolving Credit Facility and the Unsecured Bilateral Credit Facility. See "*Description of Notes and Indenture - Change of Control Triggering Event*".

Credit ratings may not reflect all risks of an investment in the Notes and may change

Credit ratings may not reflect all risks associated with an investment in the Notes. Any credit ratings applied to the Notes are an assessment of Crombie's ability to pay its obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the Notes. The credit ratings, however, may not reflect the potential impact on the value of the Notes, of risks related to structure, market or other factors discussed in this AIF. Crombie is under no obligation to maintain any specified level of credit rating with credit rating agencies and there is no assurance that any credit rating assigned to the Notes will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

A lowering, withdrawal or failure to maintain any credit ratings applied to the Notes may have an adverse effect on the market price or value and the liquidity of the Notes. Credit ratings are not recommendations to purchase, hold or sell the Notes. Any future lowering of Crombie's ratings likely would make it more difficult or more expensive for Crombie to obtain additional debt financing. If any credit rating initially assigned to the Notes is subsequently lowered or withdrawn for any reason, holders of Notes may not be able to resell their Notes without a substantial discount.

Bankruptcy and Insolvency Laws

The ability of holders of the Notes to enforce remedies will be subject to certain limitations in the event of Canadian bankruptcy, insolvency or debt reorganization proceedings (including receivership). Upon the commencement of bankruptcy, insolvency or other debt reorganization proceedings in Canada, a stay of proceedings is typically imposed (automatically in the case of bankruptcy or, in receivership and other proceedings, by court order) which may stay, among other things:

- the commencement or continuation of any action or proceeding against the debtor that was or could have been commenced before the commencement of the applicable bankruptcy, insolvency or debt reorganization proceedings to recover a claim against the debtor that arose before the commencement of such proceedings;
- any act to obtain possession of, or control over, property of the debtor's estate or the debtor;
- any act to create or enforce any lien against property of the debtor's estate or the debtor (provided that certain rights to perfect or re-perfect existing security interests may remain unaffected by the stay of the proceedings); and
- any act to collect or recover a claim against the debtor that arose before the commencement of the bankruptcy, insolvency or debt reorganization proceedings.

In the event of bankruptcy, insolvency or other debt enforcement proceedings, creditors may be prevented from enforcing their remedies from a debtor company without approval from the court supervising the proceeding, and may be prevented from disposing of assets or security

repossessed from such debtor without court approval. In such proceedings, the debtor may be permitted to continue to retain assets, including cash, even though the debtor is in default under applicable debt instruments.

In the event of bankruptcy, insolvency or other debt enforcement proceedings, a court may grant an order authorizing interim financing which ranks in priority to the claim of any other creditor of the debtor. In such a circumstance, the court must consider a number of factors including whether any creditor may be materially prejudiced. The court may provide protections in the face of material prejudice. However, this power is discretionary, and it cannot be predicted when, or whether, the Trustee under the indentures for the Notes or the Noteholders can enforce remedies, or whether, or to what extent, holders of Notes would be compensated for any delay in payment or loss of value of the Notes. In the event of bankruptcy, insolvency or other debt enforcement proceedings, the court may impose charges on the property of the debtor that rank in priority to the claims of secured and unsecured creditors.

COVID-19 Risk

Markets have been impacted by a COVID-19 pandemic since early 2020, and throughout 2021. The spread of COVID-19 and subsequent variants, and the actions being taken by governments, businesses and individuals to limit this pandemic, including business closures and physical distancing, and the effects of resulting layoffs and other job losses on the available income of retail customers, may adversely impact Crombie's operations and development activities. Risks include, but are not limited to, increasing the credit risk associated with receivables, limiting Crombie's ability to quickly respond to changes in credit risk, extending the time to completion and occupancy of the major developments, and limiting Crombie's ability to serve its tenants. COVID-19 has affected the workforce in many businesses through higher employee turnover and unplanned absences due to illness which may hinder Crombie's capability in managing its properties. There is also possible risk as to the extent of the impact of COVID-19 on leasing, occupancy, tenant inducements, land use intensification, market rents, and capital expenditures. While the impacts of COVID-19 to date have not been significant and the primary impacted areas, collection rates and parking revenues have returned to pre-pandemic levels, the pandemic has resulted in moderate economic uncertainty, and there can be no assurance that Crombie will not experience adverse impacts in the future, particularly if there is a significant resurgence in COVID-19 activity causing imposition of additional governmental restrictions.

DESCRIPTION OF CAPITAL STRUCTURE AND DECLARATION OF TRUST

General

Crombie is an unincorporated open-ended real estate investment trust established pursuant to the Declaration of Trust. Although Crombie qualifies as a "mutual fund trust" as defined in the *Income Tax Act* (Canada), Crombie is not a "mutual fund" as defined by applicable securities legislation.

The Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of such Act or any other legislation. The Units are not shares in Crombie and Unitholders do not have statutory rights of shareholders of a corporation incorporated under either the OBCA or the CBCA including, for example, the right to bring "oppression" or "derivative" actions, although similar rights exist under Crombie's Declaration of Trust. Furthermore, Crombie is not a trust company and accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Crombie is authorized to issue an unlimited number of Units and an unlimited number of Special Voting Units. Issued and outstanding Units and Special Voting Units may be subdivided or consolidated from time to time by the Trustees without the approval of the Unitholders.

Units

Units do not have preference or priority over one another. No Unitholder has or is deemed to have any right of ownership of any of the assets of Crombie. Each Unit represents a Unitholder's proportionate undivided beneficial ownership interest in Crombie and confers the right to one vote at any meeting of Unitholders and to participate *pro rata* in any distributions by Crombie, whether of net income, net realized capital gains or other amounts and, in the event of termination of Crombie, in the net assets of Crombie remaining after satisfaction of all liabilities. Units are fully paid and non-assessable when issued (unless issued on an instalment receipt basis) and are transferable.

Special Voting Units

Special Voting Units have no economic entitlement in Crombie, but entitle the holder to one vote per Special Voting Unit at any meeting of the Unitholders of Crombie. Special Voting Units may only be issued in connection with or in relation to Class B LP Units for the purpose of providing voting rights with respect to Crombie to the holders of such securities. Special Voting Units are issued in conjunction with the Class B LP Units to which they relate, and are evidenced only by the certificates representing such Class B LP Units.

Special Voting Units are not transferable separately from the Class B LP Units to which they are attached and are automatically transferred upon the transfer of such Class B LP Unit. Each Special Voting Unit entitles the holder thereof to that number of votes at any meeting of

Unitholders that is equal to the number of Units that may be obtained upon the exchange of the Class B LP Unit to which such Special Voting Unit is attached. Upon the exchange or surrender of a Class B LP Unit for a Unit, the Special Voting Unit attached to such Class B LP Unit will automatically be redeemed and cancelled for no consideration without any further action of the Trustees, and the former holder of such Special Voting Unit will cease to have any rights with respect thereto.

Redemption Right

Each Unitholder is entitled to require Crombie to redeem at any time or from time to time at the demand of the Unitholder all or any part of the Units registered in the name of the Unitholder at the prices determined and payable in accordance with the conditions provided in the Declaration of Trust.

Purchases of Units by Crombie

Crombie may from time to time purchase Units in accordance with applicable securities legislation and the rules prescribed under applicable stock exchange and regulatory policies. Any such purchase will constitute an "issuer bid" under Canadian provincial securities legislation and must be conducted in accordance with the applicable requirements thereof.

Take-Over Bids

The Declaration of Trust contains provisions to the effect that if a take-over bid or issuer bid is made for Units within the meaning of the *Securities Act* (Ontario) and not less than 90% of the Units (other than Units held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror is entitled to acquire the Units held by Unitholders who do not accept the offer either, at the election of each Unitholder, on the terms offered by the offeror or at the fair value of such Unitholder's Units determined in accordance with the procedures set out in the Declaration of Trust.

Issuance of Units

Subject to the approval rights of ECL set out in the Exchange Agreement, Crombie may issue new Units from time to time, in such manner, for such consideration and to such person or persons as the Trustees shall determine. Unitholders do not have any pre-emptive rights whereby additional Units proposed to be issued would be first offered to existing Unitholders, except that for so long as ECL continues to hold directly or indirectly, at least 10% of the Special Voting Units, ECL will have the pre-emptive right to purchase additional Units issued by Crombie to maintain its *pro rata* voting interest in Crombie.

If the Trustees determine that Crombie does not have cash in an amount sufficient to make payment of the full amount of any distribution, the payment may include the issuance of additional Units having a value equal to the difference between the amount of such distribution and the amount of cash which has been determined by the Trustees to be available for the payment of such distribution. Immediately after any *pro rata* distribution of Units to all Unitholders in satisfaction of any non-cash distribution, the number of outstanding Units will be consolidated so that each Unitholder will hold, after the consolidation, the same number of Units as the Unitholder held before the non-cash distribution. In this case, each certificate representing a number of Units prior to the non-cash distribution is deemed to represent the same number of Units after the non-cash distribution and the consolidation. Where amounts distributed represent income, non-resident holders will be subject to withholding tax and the consolidation will not result in such non-resident Unitholders holding the same number of Units. Such non-resident Unitholders will be required to surrender the certificates (if any) representing their original Units in exchange for a certificate representing post-consolidation Units.

Crombie may also issue new Units as consideration for the acquisition of new properties or assets by it, at a price or for the consideration determined by the Trustees, or pursuant to any incentive or option plan established by Crombie from time to time.

Book-Based System

Except as otherwise provided below, the Units are represented in the form of one or more fully registered global unit certificates held by, or on behalf of, CDS as depository of such global unit certificates for the participants of CDS, registered in the name of CDS or its nominee, and registration of ownership and transfers of the Units are effected only through the book-based system administered by CDS.

Except as described below, no Unitholder is entitled to a certificate or other instrument from Crombie evidencing Unitholder's ownership thereof, and no holder of a beneficial interest in a Unit is shown on the records maintained by CDS except through book-entry accounts of a participant of CDS acting on behalf of the beneficial owners. CDS is responsible for establishing and maintaining book-entry accounts for its participants having interests in the global unit certificates. Sales of interests in the global unit certificates can only be completed through participants in the depository services of CDS.

Units are issued in fully registered form to Unitholders or their nominees who acquire such Units in reliance upon Rule 144A adopted under the *U.S. Securities Act*. If any such privately placed Units represented by definitive certificates are subsequently traded into Canada, the registrar and transfer agent will deliver a certificate registered in the name of CDS or its nominee representing such Units and, thereafter, registration of ownership and transfers of such Units will be made through the book-based system administered by CDS.

Except in the case of United States Unitholders who acquire Units under Rule 144A, Units are issued in fully registered form to holders or their nominees, other than CDS or its nominee, only if: (i) Crombie is required to do so by applicable law; (ii) the depository system of CDS ceases to exist; (iii) Crombie determines that CDS is no longer willing or able or qualified to discharge properly its responsibility as depository and Crombie is unable to locate a qualified successor; or (iv) Crombie at its option elects to terminate the book-entry system in respect of the Units through CDS.

Transfer and Exchange of Units

Transfers of beneficial ownership of Units represented by global unit certificates are effected through records maintained by CDS or its nominees (with respect to interests of participants) and on the records of participants (with respect to interests of persons other than participants). Unless Crombie elects, in its sole discretion, to prepare and deliver definitive certificates representing the Units, beneficial owners who are not participants in the book-entry system administered by CDS, but who desire to purchase, sell or otherwise transfer ownership of or other interest in global unit certificates, may do so only through participants in the book-entry system administered by CDS.

The ability of a beneficial owner of an interest in a Unit represented by a global unit certificate to pledge the Unit or otherwise take action with respect to such owner's interest in the Unit represented by a global unit certificate (other than through a participant) may be limited due to the lack of a physical certificate.

Registered holders of definitive certificates representing Units may transfer such Units upon payment of taxes or other charges incidental thereto, if any, by executing and delivering a form of transfer together with the Unit certificates to the registrar for the Units at its principal office in the City of Toronto, Ontario or such other city or cities as may from time to time be designated by Crombie, whereupon new Unit certificates are issued in authorized denominations in the same aggregate principal amount as the Unit certificates so transferred, registered in the name of the transferees. Any request to transfer or exchange Units may not be honoured by Crombie and the transfer agent for the Units if such transfer or exchange is in contravention of United States federal and state securities laws or would require Crombie to register as an investment Trust under the *United States Investment Company Act of 1940*.

Limitation on Non-Resident Ownership

In order for Crombie to maintain its status as a "mutual fund trust" under the *Income Tax Act (Canada)*, Crombie must not be established or maintained primarily for the benefit of non-residents of Canada within the meaning of the *Income Tax Act (Canada)*. Accordingly, at no time may non-residents of Canada (within the meaning of the *Income Tax Act (Canada)*) be the beneficial owners of more than 49% of the Units and the Trustees will inform the transfer agent and registrar of this restriction. The Trustees may require declarations as to the jurisdictions in which beneficial owners of Units are resident. If the Trustees become aware, as a result of requiring such declarations as to beneficial ownership or otherwise, that the beneficial owners of 49% of the Units then outstanding are, or may be, non-residents of Canada or that such a situation is imminent, the Trustees may make a public announcement thereof and will not accept a subscription for Units from or issue Units to a person unless the person provides a declaration that the person is not a non-resident. If, notwithstanding the foregoing, the Trustees determine that more than 49% of the Units are held by non-residents, the Trustees may send a notice to non-resident holders of Units, chosen in inverse order to the order of acquisition or registration or in such manner as the Trustees may consider equitable and practicable, requiring them to sell their Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the Trustees with satisfactory evidence that they are not non-residents within such period, the Trustees may, on behalf of such Unitholders sell such Units and, in the interim, must suspend the voting and distribution rights attached to such Units. Upon such sale the affected holders will cease to be holders of Units and their rights will be limited to receiving the net proceeds of sale, subject to the right to receive payment of any distribution declared by the Trustees which is unpaid and owing to such Unitholders. The Trustees will have no liability for the amount received provided that they act in good faith. Class B LP Units, which are economically equivalent to Units, are not permitted to be transferred to non-resident entities.

ECL Approval Rights

The Declaration of Trust provides that so long as ECL or its affiliates hold or control at least 20% of the Special Voting Units Crombie may not issue any securities that, in the aggregate, would result in the dilution of ECL's voting interest to a level less than that required to be maintained pursuant to any agreements to which Crombie is a party without the approval of ECL.

Amendments to Declaration of Trust

The Declaration of Trust may be amended or altered from time to time. Certain amendments require approval by at least two-thirds of the votes cast at a meeting of Unitholders called for such purpose. Other amendments to the Declaration of Trust require approval by a majority of the votes cast at a meeting of Unitholders called for such purpose.

The following amendments, among others, require the approval of two-thirds of the votes cast by all Unitholders at a meeting:

- a. an exchange, reclassification or cancellation of all or part of the Units or Special Voting Units;
- b. the addition, change or removal of the rights, privileges, restrictions or conditions attached to the Units or Special Voting Units;
- c. the constraint of the issue, transfer or ownership of the Units or Special Voting Units or the change or removal of such constraint;

- d. the sale or transfer of the assets of any of Crombie or its subsidiaries as an entirety or substantially as an entirety (other than as part of an internal reorganization of the assets of any of Crombie or its subsidiaries approved by the Trustees);
- e. the termination of any of Crombie or its subsidiaries;
- f. the combination, amalgamation or arrangement of any of Crombie or its subsidiaries with any other entity; and
- g. except as described herein, the amendment of the Investment Guidelines and Operating Policies of Crombie set out in the Declaration of Trust.

Upon the recommendation of the Independent Trustees (as defined in the Declaration of Trust) of Crombie, the Trustees may, without the approval of the Unitholders, make certain amendments to the Declaration of Trust, including amendments:

- a. aimed at ensuring continuing compliance with applicable laws, regulations, requirements or policies of any governmental authority having jurisdiction over: (i) the Trustees or Crombie; (ii) the status of Crombie as a "mutual fund trust" or "registered investment" under the Income Tax Act (Canada); or (iii) the distribution of Units;
- b. which, in the opinion of the Trustees, provide additional protection for the Unitholders;
- c. to remove any conflicts or inconsistencies in the Declaration of Trust or to make minor corrections which are, in the opinion of the Trustees, necessary or desirable and not prejudicial to the Unitholders;
- d. which, in the opinion of the Trustees, are necessary or desirable to remove conflicts or inconsistencies between the disclosure in this AIF and the Declaration of Trust;
- e. of a minor or clerical nature or to correct typographical mistakes, ambiguities or manifest omissions or errors, which amendments, in the opinion of the Trustees, are necessary or desirable and not prejudicial to the Unitholders;
- f. which, in the opinion of the Trustees, are necessary or desirable: (i) as a result of changes in taxation or other laws, or to ensure continuing compliance with IFRS for January 1, 2010 and thereafter; or (ii) to ensure the Units qualify as equity for purposes of IFRS for January 1, 2010 and thereafter;
- g. which, in the opinion of the Trustees, are necessary or desirable to enable Crombie to implement a Unit option or purchase plan or issue Units for which the purchase price is payable in installments;
- h. to create one or more additional classes of units solely to provide voting rights to holders of shares, units or other securities that are exchangeable for Units entitling the holder thereof to a number of votes not exceeding the number of Units into which the exchangeable shares, units or other securities are exchangeable or convertible but that do not otherwise entitle the holder thereof to any rights with respect to Crombie's property or income other than a return of capital; and
- i. for any purpose (except one in respect of which a Unitholder vote is specifically otherwise required) which, in the opinion of the Trustees, is not prejudicial to Unitholders and is necessary or desirable.

DESCRIPTION OF NOTES AND INDENTURE

On October 31, 2018, Crombie issued \$175 million aggregate principal amount of 4.800% Series E Notes (The "**Series E Notes**"). The Series E Notes were priced with an effective yield to maturity of 4.802% and sold at a price of \$999.96 per \$1,000.00 principal amount. Interest is payable in equal semi-annual installments on January 31 and July 31 of each year.

On August 26, 2019, Crombie issued, on a private placement basis, \$200 million Series F Notes. The notes were priced with an effective yield to maturity of 3.677% and sold at a price of \$1,000.00 per \$1,000.00 principal amount. Interest is payable in equal semi-annual installments on February 26 and August 26.

On December 20, 2019, Crombie issued on a private placement basis, \$150 million 3.917% Series G Notes (senior unsecured) maturing June 21, 2027 (the "**Series G Notes**"). The Series G Notes were priced with an effective yield to maturity of 3.917% and sold at a price of \$1,000.00 per \$1,000.00 principal amount. Interest is payable in equal semi-annual installments on June 21 and December 21.

On October 9, 2020, Crombie issued on a private placement basis, \$150 million 2.686% Series H Notes (senior unsecured) maturing March 31, 2028. The Series H Notes were priced with an effective yield to maturity of 2.686% and sold at a price of \$1,000.00 per \$1,000.00 principal amount. Interest is payable in equal semi-annual installments on March 31 and September 30.

On October 9, 2020, Crombie issued on a private placement basis, \$150 million 3.211% Series I Notes (senior unsecured) maturing October 9, 2030. The Series I Notes were priced with an effective yield to maturity of 3.211% and sold at a price of \$1,000.00 per \$1,000.00 principal amount. Interest is payable in equal semi-annual installments on April 9 and October 9.

On August 12, 2021, Crombie issued on a private placement basis, \$150 million 3.133% Series J Notes (senior unsecured) maturing August 12, 2031 (the "**Series J Notes**"). The Series J Notes were priced with an effective yield to maturity of 3.133% and sold at a price of 1,000.00 per 1,000.00 principal amount. Interest is payable in equal semi-annual installments on February 12 and August 12.

The Series E Notes, Series F Notes, Series G Notes, Series H Notes, Series I Notes and Series J Notes, to the extent applicable, are collectively referred to in this AIF as the "**Notes**".

The Notes are direct senior unsecured obligations of Crombie and are guaranteed by all of Crombie's existing and future subsidiaries (excluding certain entities that hold title to real property as bare Trustees for another subsidiary) (the "**Guarantors**") on a senior unsecured basis. The Notes and the guarantees rank equally and rateably in right of payment with all other unsecured and unsubordinated indebtedness of the REIT and the Guarantors, respectively.

Rank

The Notes will be direct senior unsecured obligations of Crombie and will rank equally and rateably with one another and with all other Debt Securities and with all other unsecured and unsubordinated indebtedness of Crombie, except for sinking fund provisions applicable to other Debt Securities or to other similar types of obligations of Crombie, if any, and except to the extent prescribed by law. The Notes will be effectively subordinated to all of Crombie's secured indebtedness.

Guarantees

The payment of principal, premium, if any, and interest on the Notes will be fully and unconditionally guaranteed, on a joint and several basis, by the Initial Guarantors. If Crombie or any Subsidiary acquires or creates another Subsidiary (other than an Excluded Nominee) on or after the original issue date of the Notes, then that newly acquired or created Subsidiary will similarly guarantee the Notes, on a joint and several basis with each of the existing Guarantors. Each such Note Guarantee will be a direct senior unsecured obligation of the applicable Guarantor, will rank equally and rateably with all other unsecured and unsubordinated indebtedness of that Guarantor and will be effectively subordinated to all of that Guarantor's secured indebtedness. The financial results of the Guarantors are included in the consolidated financial results of Crombie.

A Guarantor's Note Guarantee (other than the Note Guarantee provided by Crombie LP) will be released in connection with certain transactions where, as a result of the transaction, neither Crombie nor any of its Affiliates, directly or indirectly, own a majority of the equity in that Guarantor; provided that (i) immediately after giving effect to that transaction and the release of that Guarantor's Note Guarantee, no Event of Default (or event that with the passage of time or the giving of notice or both, would be, an Event of Default) shall have occurred and be continuing and (ii) prior to any such release, each Specified Rating Agency that rated the Notes immediately prior to public notice of the intention of Crombie to effect such transaction has, within ten Business Days of such public notice of such transaction, confirmed in writing that its rating assigned to the Notes, after giving effect to that transaction and proposed release of such Guarantor's Note Guarantee, is equal to or higher than its rating prior to giving effect thereto.

Crombie LP's Note Guarantee will be released only in the circumstances described below under "Certain Covenants in the Supplements - Restrictions on Consolidations and Mergers".

Redemption by Crombie

At Crombie's option, Crombie may redeem the Notes at any time, in whole or in part, on payment of a redemption price equal to the greater of (i) the Canada Yield Price and (ii) 100% of the aggregate principal amount of the Notes to be redeemed, together in each case with accrued and unpaid interest to the date fixed for redemption (less any taxes required by law to be deducted or withheld). Crombie will give notice of redemption at least 15 days but not more than 30 days before the date fixed for redemption. Where less than all of the Notes are to be redeemed pursuant to their terms, the Notes to be so redeemed will be redeemed on a *pro rata* basis according to the principal amount of such Notes registered in the respective name of each Noteholder or in such other manner as the Trustee may consider equitable, provided that such selection will be proportionate.

Purchase of Notes

Provided no Event of Default under the Indenture has occurred and is continuing, Crombie may, at any time and from time to time, purchase Notes in the market (which will include purchases from or through an investment dealer or a firm holding membership on or being a participating organization with respect to a recognized stock exchange) or by tender or private contract at any price. Notes that are so purchased will be cancelled and will not be reissued or resold.

Certain Covenants in the Series E, Series F, Series G, Series H, Series I and Series J Supplements

The Series E, Series F, Series G, Series H, Series I and Series J supplements (the "**Supplements**") to the indenture governing the Notes contain covenants substantially to the following effect.

Consolidated EBITDA to Consolidated Interest Expense Ratio

Crombie will maintain at all times a ratio, calculated for each Reference Period, of Consolidated EBITDA to Consolidated Interest Expense of not less than 1.65 to 1.

For the purposes of this calculation, Consolidated EBITDA and Consolidated Interest Expense, as applicable, will be calculated on a *pro forma* basis giving effect to the incurrence of the Indebtedness to be Incurred, Indebtedness Incurred to the date of calculation and, in each case, to the application of the proceeds therefrom and, for this purpose, (i) all Indebtedness Incurred since the first day of the Reference Period and the

application of the proceeds therefrom, including Indebtedness Incurred to refinance other Indebtedness, will be deemed to have occurred at the beginning of the Reference Period, (ii) the repayment or retirement of any other Indebtedness since the first day of the Reference Period will be deemed to have been repaid or retired at the beginning of the Reference Period, (iii) in the case of any acquisition or disposition by the REIT or its subsidiaries of any asset or group of assets since the first day of the Reference Period, whether by merger, share purchase or sale, or asset purchase or sale, such acquisition or disposition or any related repayment of Indebtedness will be deemed to have occurred as of the first day of the Reference Period with the appropriate adjustments with respect to such acquisition or disposition being included in such pro forma calculation and (iv) the Consolidated EBITDA and Consolidated Interest Expense attributable to discontinued operations will be excluded; provided that such Consolidated Interest Expense will be excluded only to the extent that the obligations giving rise to it will not be obligations of Crombie or any of its subsidiaries following the date of calculation.

Restrictions on Additional Indebtedness

On each day that Crombie or any Subsidiary of Crombie incurs Indebtedness (other than Permitted Intercompany Indebtedness), Crombie will calculate an Indebtedness percentage as set out below. Neither Crombie nor Crombie LP will incur, nor will either of them permit any of their subsidiaries to incur, any Indebtedness (other than Permitted Intercompany Indebtedness) unless (i) the quotient (expressed as a percentage) obtained by dividing the amount of Consolidated Indebtedness (excluding any convertible Indebtedness) by the amount of Aggregate Adjusted Assets (in the case of each such amount, including any cash or cash equivalents on hand of a Joint Venture Arrangement, but excluding all other cash or cash equivalents on hand) and calculated on a *pro forma* basis as described below would be less than or equal to 60%, and (ii) the quotient (expressed as a percentage) obtained by dividing the amount of Consolidated Indebtedness (including, for certainty, any convertible Indebtedness) by the amount of Aggregate Adjusted Assets (in the case of each such amount, including any cash or cash equivalents on hand of a Joint Venture Arrangement, but excluding all other cash or cash equivalents on hand) and calculated on a *pro forma* basis as described below would be less than or equal to 65% (the 60% and 65% percentages in the preceding clauses (i) and (ii) are collectively referred to as the "**Indebtedness Percentage**").

The Supplements provide that the Indebtedness Percentage will be calculated on a *pro forma* basis as at the date of Crombie's most recently published annual or interim consolidated balance sheet (the "**Balance Sheet Date**") giving effect to the incurrence of the indebtedness to be incurred and the application of the proceeds therefrom and to any other event that has increased or decreased Consolidated Indebtedness or Aggregate Adjusted Assets since the Balance Sheet Date to the date of calculation.

Equity Maintenance

Crombie will maintain at all times an Adjusted Net Assets Attributable to Unitholders of at least \$300 million.

Restrictions on Consolidations and Mergers

Without the consent of the Noteholders by Extraordinary Resolution, neither Crombie nor Crombie LP may consolidate or amalgamate with, enter into a merger or reorganization or similar transaction with any Person, or sell, assign, transfer, or lease all or substantially all of its properties and assets to any Person, in one transaction or a series of related transactions (each such transaction or series of transactions, as applicable, a "**Transaction**") unless:

- a. either (x) Crombie shall be the continuing Person or (y) the Person, if other than Crombie, formed by such Transaction or which acquires all or substantially all of Crombie's or Crombie LP's properties and assets (the "**Successor**") is organized or existing under the laws of Canada or any province or territory thereof and the Successor expressly assumes under a supplemental indenture, executed and delivered to the Trustee in form satisfactory to the Trustee, all of Crombie's obligations under the Indenture and the Notes;
- b. immediately before and immediately after giving effect to such Transaction, no Event of Default, or event that with the passage of time or the giving of notice or both, would be, an Event of Default, under the Indenture has occurred and is continuing;
- c. immediately after giving effect to the Transaction, the Successor could Incur at least \$1.00 of Indebtedness under the Indenture;
- d. each Guarantor (unless such Guarantor is the Person with which Crombie has entered into a Transaction under this covenant) will have by amendment to its Note Guarantee confirmed that its Note Guarantee will apply to the obligations of Crombie or the Successor, as applicable, in accordance with the Notes and the Indenture; and
- e. such Transaction is, in the opinion of counsel, on such terms as to preserve and not impair any of the rights and powers of the Trustee or the Holders of Notes under the Indenture.

In the event of any Transaction described in and complying with the applicable conditions listed in the immediately preceding paragraph in which Crombie is not the surviving Person, the Successor will succeed to, and be substituted for, and may exercise every legal right and power of Crombie, under the Indenture, and thereafter Crombie will, except in the case of a lease, be discharged from all obligations and covenants under the Indenture and the outstanding Notes. If any such Transaction is a sale, assignment or transfer of all or substantially all of the properties and assets of Crombie LP to any Person and Crombie LP will remain a separate legal entity from, and will not be an Affiliate of, the

Successor after giving effect to such Transaction, Crombie LP will be released and relieved of its obligations under its guarantee in respect of the Notes immediately following such Transaction.

Change of Control Triggering Event

If a Change of Control Triggering Event occurs with respect to the Notes, unless the REIT has exercised its optional right to redeem all of the Notes as described under "*Redemption by Crombie*", the REIT will be required to make an offer to repurchase all or, at the option of the Holder of the Notes, any part (equal to \$1,000 or an integral multiple thereof) of each Holder's Notes pursuant to the offer described below (the "**Change of Control Offer**") and on the further terms described in the Supplemental Indenture. In such offer, the Trust will be required to offer payment in cash equal to 101% of the aggregate outstanding principal amount of Notes to be repurchased together with accrued and unpaid interest on the Notes to the date of repurchase. The acceptance of the REIT's Change of Control Offer at 101% shall be at the option of each Holder of the Notes.

Within two Business Days following any Change of Control Triggering Event, Crombie will be required to give written notice to the Noteholders describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes on the payment date specified in the notice, which date will be the 30th day from the date such notice is given (the "**Change of Control Payment Date**"). Crombie must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such applicable securities laws and regulations conflict with the provision described in the Indenture relating to a Change of Control Triggering Event, Crombie will be required to comply with such laws and regulations and will not be deemed to have breached its obligations to repurchase the Notes by virtue of such conflict.

Crombie will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer substantially in the manner, at the times and in compliance with the requirements for a Change of Control Offer (and for at least the same purchase price payable in cash) and such third party purchases all Notes properly tendered and not withdrawn under its offer.

Maintenance of Rating

Crombie will be required to maintain at least one rating on the Notes from any of the Specified Rating Agencies, provided that such rating is available on commercially reasonable terms.

Certain Covenants in the Base Indenture

The Base Indenture will contain covenants substantially to the following effect.

Maintenance of Properties

Crombie will maintain and keep or cause to be maintained and kept in good condition, repair and working order all of the properties owned by it or any of its subsidiaries used in its business or in the business of any of its subsidiaries and will make or cause to be made all necessary repairs and renewals and improvements to and replacements of these properties, in each case as in its judgment may be necessary to carry on its business properly and prudently. Notwithstanding the foregoing, subject to various provisions in the Indenture, Crombie and its subsidiaries will not be prohibited from selling or transferring any of their properties.

Insurance

Crombie will maintain and will cause its subsidiaries to maintain such property and liability insurance as would be maintained by a prudent owner.

Financial Information

For so long as Crombie is a reporting issuer in any jurisdiction in Canada, Crombie shall provide to the Trustee, within 20 days after Crombie is required to file the same with the applicable securities regulatory authority (accounting for any extensions of the time required for such filing granted by such securities regulatory authority), copies of its annual audited consolidated financial statements for each fiscal year and copies of its unaudited condensed consolidated interim financial statements for each of the first three fiscal quarters of each fiscal year, in each case prepared in accordance with IFRS and accompanied by the management's discussion and analysis of results of operations and financial condition in respect of those financial statements.

If at any time Crombie is no longer a reporting issuer in any jurisdiction in Canada, Crombie will furnish to the Trustee (i) within 120 days after the end of each fiscal year of Crombie, copies of its annual audited consolidated financial statements for such fiscal year; and (ii) within 60 days after the end of each of the first three fiscal quarters of Crombie, copies of its unaudited condensed consolidated interim financial statements for such fiscal quarter, in each case prepared in accordance with IFRS in respect of those financial statements.

Events of Default

The Indenture will provide that each of the following events will constitute an event of default (the "**Event of Default**") in respect of each series of Debt Securities (including the Notes):

- a. default in payment of principal when due;
- b. default in payment of any interest when due where such default continues for a period of three Business Days after the relevant interest payment date;
- c. a breach of or default in the performance of the covenants described under "*Change of Control Triggering Event*" or "*Restrictions on Consolidations and Mergers*";
- d. a breach of or default in the performance of any other covenant of Crombie under the Notes or the Indenture where such default or breach continues for a period of 30 days after (i) the Trustee has given notice in writing to Crombie or (ii) Holders of at least 25% of the aggregate principal amount of the outstanding Debt Securities of such series has given notice in writing to Crombie and the Trustee, in each case specifying such breach or default and requiring Crombie to remedy such breach or default;
- e. certain events of bankruptcy, insolvency, winding up or dissolution related to Crombie or a Material Subsidiary as set out in the Indenture;
- f. the rendering of a final judgment or judgments (not subject to appeal) against Crombie or any Material Subsidiary in an aggregate amount in excess of \$25 million by a court of competent jurisdiction, which remains undischarged and unstayed for a period of 60 days after the date on which the right to appeal has expired;
- g. default by Crombie or any Subsidiary under the terms of any Indebtedness (other than any Non-Recourse Indebtedness) or any Financial Instrument Obligation where that default results in the acceleration of the stated maturity of that Indebtedness (after expiration of any applicable grace period) unless such acceleration is waived or rescinded; provided that the aggregate amount of all such Indebtedness and Financial Instrument Obligations which is accelerated exceeds \$25 million; and
- h. any Note Guarantee of a Material Subsidiary is held in any judicial proceeding to be unenforceable or invalid or ceases to be in full force and effect (except as contemplated by the terms thereof) and such default continues for 10 days or a Guarantor, or any Person acting on behalf of a Guarantor, denies or disaffirms Crombie LP's obligations under its Guarantee or the Indenture.

Subject to the provisions of the Base Indenture relating to the duties of the Trustee, in case an event of default applicable to a particular series of Debt Securities occurs and is continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Base Indenture at the request or direction of any of the Holders of Debt Securities of such series, unless such Holders have offered to indemnify the Trustee to its reasonable satisfaction.

If an Event of Default (other than an Event of Default described in paragraph (e) above) occurs and is continuing with respect to a particular series of Debt Securities (including the Notes), the Trustee may, in its discretion, or will, upon receiving instruction from the Holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of such series, accelerate the maturity of all Debt Securities of such series. If an Event of Default specified in paragraph (e) above occurs, the outstanding Debt Securities will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

At any time before a judgment or decree for payment of the money due thereon has been obtained by the Trustee as provided in the applicable Indenture, the Holders of a majority in principal amount of the outstanding Debt Securities of such series, by written notice to Crombie and the Trustee, may rescind and annul such declaration of acceleration and its consequences if:

- a. Crombie has paid or deposited, or caused to be paid or deposited, with the Trustee a sum sufficient to pay,
 1. all unpaid principal of any outstanding Debt Securities of such series which has become due and payable otherwise than by such declaration of acceleration, and interest on such unpaid principal at the rate borne by the Debt Securities of such series,
 2. to the extent that payment of such interest is lawful, interest on overdue interest on the Debentures of such Series at the rate borne by the Debt Securities of such series, and
 3. all sums paid or advanced by the Trustee under the Indenture for Debt Securities of such series and the reasonable compensation, expenses, disbursements and advances of the Trustee and its counsel; and
- b. all Events of Default, other than the non-payment of amounts of principal of, premium or interest on the Debt Securities of such series which have become due solely by such declaration of acceleration, have been cured or waived.

Defeasance

The Base Indenture will contain provisions requiring the Trustee to release Crombie from its obligations under the Indenture relating to a particular series of Debt Securities (including the Notes) provided that, among other things, Crombie satisfies the Trustee that it has deposited

funds or made due provision for the payment of the expenses of the Trustee and for payment of all principal and interest and other amounts due or to become due in respect of such series of Debt Securities.

Modification and Waiver

The rights of Holders (including Noteholders) may be modified if authorized by Extraordinary Resolution. If the proposed modification affects the rights of the Holders of a separate series of Debt Securities rather than all of the Debt Securities, the approval of a like proportion of the Holders of such separate series of Debt Securities outstanding will be required.

Notwithstanding the above, the Base Indenture provides that the approval of Holders of 75% of the outstanding principal amount of Debt Securities of a particular series will be required (a) to change the stated maturity of the principal of, or any instalment of interest on, any Debt Securities of such series or the time at which any Debt Securities of such series may or must be redeemed, (b) to reduce the principal amount of, or interest or premium (if any) on, any Debt Securities of such series, or reduce the redemption price thereof, or impair the right to institute suit for the enforcement of any such payment after the stated maturity thereof (or, in the case of redemption, on or after the applicable redemption date), (c) to change the place or currency of payment of the principal of, premium (if any) on redemption price of or interest on, any Debt Securities of such series, (d) to reduce the percentage of principal amount of outstanding Debt Securities of such series, the consent of whose Holders is necessary to amend or waive compliance with certain provisions of the Base Indenture or the supplemental indenture applicable to such series or to waive certain Defaults, (e) to modify the guarantee of any Subsidiary in respect of any Debt Securities in any manner adverse to the Holders of those Debt Securities or release any such Subsidiary from any of its obligations under any such guarantee or the Indenture, except in accordance with the terms of the Indenture, (f) to modify any provision affecting the ranking of the Debt Securities or any guarantee thereof in any manner adverse to the holders of those Debt Securities, or (g) to modify any of the provisions relating to the modification or amendment of the Base Indenture or the particular terms and conditions of such series which provisions require the consent of Holders of outstanding Debt Securities of such series or relating to the waiver of past Defaults, except to increase the percentage of outstanding Debt Securities of such series the consent of whose Holders is required for such actions or to provide that certain other provisions of the Base Indenture or the supplemental indenture applicable to such series cannot be modified or waived without the consent of the Holder of 75% of the outstanding principal amount of Debt Securities of that series. The Supplements further provide that approval of the Holders of 75% of the outstanding principal amount of each series of the Notes will be required for any modification or amendment of the obligations of Crombie to make a Change of Control Offer after the obligation to make such offer has arisen or any waiver of any Event of Default arising from any breach of or default in the performance of any of covenants or conditions described above under "Change of Control Triggering Event".

Subject to certain rights of the Trustee as provided in the Base Indenture, the Holders of a majority of the outstanding principal amount of the Debt Securities of a particular series, on behalf of all Holders of Debt Securities of such series, may waive compliance by Crombie with certain covenants and other provisions of the Base Indenture that apply to such series of Debt Securities and the supplemental indenture applicable to such series, including any existing Default or Event of Default and its consequences under the Base Indenture and such supplemental indenture other than a Default or Event of Default (i) in the payment of interest (or premium, if any) on, or the principal of, the Debt Securities of that series or (ii) in respect of a covenant or other provision that cannot be modified or amended without the consent of the Holders of 75% of the outstanding principal amount of Debt Securities of that series.

Depository Services

Except as otherwise provided below, the Notes will be issued in book-entry only form and deposited with CDS and must be purchased or transferred through participant in the depository services of CDS (the "**Participant**"), which include securities dealers, banks and trust companies. On the date of closing of this offering, Crombie will cause a Global Note to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of a Note will be entitled to a certificate or other instrument from Crombie or CDS evidencing that purchaser's ownership thereof, and no Noteholder will be shown on the records maintained by CDS except through a book-entry account of a Participant acting on behalf of such Noteholder. Each Noteholder will receive a customer confirmation of purchase from the registered dealer from which the Note is purchased in accordance with the practices and procedures of that registered dealer. Practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its Participants having interests in the Notes.

Notes will be issued in fully registered form to Noteholders or their nominees other than CDS or its nominee only if: (i) Crombie determines that CDS is no longer willing or able to discharge properly its responsibilities as depository and Crombie is unable to find a qualified successor, (ii) Crombie at its option elects, or is required by law, to terminate the book-entry system through CDS, (iii) an Event of Default under the Indenture shall have occurred and be continuing, or (iv) the book-entry only system ceases to exist.

Neither Crombie nor the Agents will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Notes held by CDS or the payments relating thereto; (b) maintaining, supervising or reviewing any records relating to the Notes; or (c) any advice or representation made by or with respect to CDS and contained in the offering memorandum and relating to the rules governing CDS or any action to be taken by CDS or at the direction of its Participants. The rules governing CDS provide that it acts as the agent and depository for

the Participants. As a result, Participants must look solely to CDS and beneficial owners must look solely to Participants for the payment of the principal and interest on the Notes paid by or on behalf of Crombie to CDS.

As indirect holders of Notes, investors should be aware that they (subject to certain exceptions): (a) may not have Notes registered in their name; (b) may not have physical certificates representing their interest in the Notes; (c) may not be able to sell the Notes to institutions required by law to hold physical certificates for securities they own; and (d) may be unable to pledge Notes as security.

Transfers

Transfers of ownership in the Notes will be effected only through records maintained by CDS or its nominee for such Notes with respect to interests of Participants and on the records of Participants with respect to interests of Persons other than Participants. Noteholders who are not Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interest in the Notes, may do so only through Participants.

The ability of a Noteholder to pledge a Note or otherwise take action with respect to such Noteholder's interest in the Note (other than through a Participant) may be limited due to the lack of a physical certificate.

Payment of Interest and Principal

Except in the case of payment on maturity or redemption, in which case, at the option of Crombie, payment may be made on surrender of the Global Note(s), payments of interest and principal on each Global Note will be made to CDS as the sole registered Noteholder. Principal payments on a Global Note will be made by deposit to the applicable account one Business Day before the Maturity Date or the redemption date and the funds will be paid to CDS against receipt of the Global Note. As long as CDS is the registered Noteholder, CDS will be considered the sole owner of the Global Note for the purpose of receiving payment on the Notes and for all other purposes under the Indenture and the Notes.

Crombie expects that CDS, upon receipt of any payment of principal or interest in respect of a Global Note, will credit Participants' accounts, on the date principal or interest is payable, with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on the records of CDS. Crombie also expects that payments of principal and interest by Participants to the owners of beneficial interests in such Global Note held through such Participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants. The responsibility and liability of Crombie and the Trustee in respect of Notes represented by a Global Note is limited to making payment of any principal and interest due on such Global Note to CDS.

If the date for payment of any amount of principal or interest on any Note is not a Business Day at the place of payment, then payment will be made on the next Business Day and the Noteholder will not be entitled to any further interest or other payment in respect of the delay.

While the Notes are represented by a Global Note, the date specified for determining holders entitled to receive interest on the Notes (the "**Regular Record Date**") will be the close of business three Business Days preceding the relevant interest payment date. If the Notes cease to be represented by a Global Note, the REIT may select a Regular Record Date which will be a date that is at least 10 Business Days preceding the relevant interest payment date.

Credit Rating

As of December 31, 2022, the Series E Notes, Series F Notes, Series G Notes, Series H Notes, Series I and Series J Notes maintained a credit rating of "BBB (low)" with a Stable trend from DBRS Limited ("**DBRS**"). The requests for such credit ratings were initiated by Crombie.

DBRS provides credit ratings of debt securities for commercial entities and the following description has been sourced from information made publicly available by DBRS. DBRS ratings are opinions that reflect the creditworthiness of an issuer, a security, or an obligation. They are opinions based on forward-looking measurements that assess an issuer's ability and willingness to make timely payments on outstanding obligations (whether principal, interest, dividend, or distributions) with respect to the terms of an obligation. Ratings are opinions based on the quantitative and qualitative analysis of information sourced and received by DBRS, which information is not audited or verified by DBRS. DBRS cautions that no two issuers possess exactly the same characteristics, nor are they likely to have the same future opportunities. Consequently, two issuers with the same rating should not be considered to be of exactly the same credit quality. The DBRS long-term rating scale provides an opinion on the risk of default, that is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued.

The BBB (low), with a Stable trend, rating assigned to Crombie and the Notes by DBRS is the fourth highest rating of DBRS' ten rating categories, which range from AAA to D. With the exception of the AAA and D categories, DBRS uses high or low designations to indicate the relative standing of the securities being rated within a particular rating category, and the absence of either a high or low designation indicates the rating is in the middle of the category. Under the DBRS rating system, debt securities rated BBB are of adequate credit quality and the capacity for payment of financial obligations is considered acceptable, but the entity may be vulnerable to future events.

DBRS uses “rating trends” for its ratings in, among other areas, the real estate investment trust sector. DBRS’ rating trends provide guidance in respect of DBRS’ opinion regarding the outlook for the rating in question, with rating trends falling into one of three categories: “Positive”, “Stable” or “Negative”. The rating trend indicates the direction in which DBRS considers the rating is headed should present tendencies continue or, in some cases, unless challenges are addressed. In general, DBRS’ view is based primarily on an evaluation of the issuer, but may also include consideration of the outlook for the industry or industries in which the issuer operates. A “Positive” or “Negative” trend assigned by DBRS is not an indication that a rating change is imminent, but represents an indication that there is a greater likelihood that the rating could change in the future than would be the case if a “Stable” trend was assigned.

The credit rating assigned to Crombie and the Notes by DBRS is not a recommendation to buy, hold or sell securities of Crombie. A rating is not a comment on the market price of a security nor is it an assessment of ownership given various investment objectives. There is no assurance that any rating will remain in effect for any given period of time and ratings may be upgraded, downgraded, placed under review, confirmed and discontinued. Non-credit risks that can meaningfully impact the value of the securities issued include market risk, trading liquidity risk and covenant risk. DBRS uses rating symbols as a simple and concise method of expressing its opinion to the market, although DBRS ratings usually consist of broader contextual information regarding the security provided by DBRS in rating reports, which generally set out the full rationale for the chosen rating symbol, and in other releases.

Crombie paid to DBRS the customary fee in connection with the ratings assigned to Crombie and the Notes and will continue to make payments to DBRS from time to time in connection with the confirmation of such ratings for purposes of securities offerings, if any, from time to time.

DISTRIBUTIONS

The following outlines the distribution policy of Crombie as contained in the Declaration of Trust. Subject to compliance with such distribution policy, determinations as to the amounts actually distributable are made in the sole discretion of the Trustees.

Distribution Policy

Pursuant to the Declaration of Trust, cash distributions are to be determined by the Trustees in their discretion. Crombie intends to make distributions to Unitholders at least equal to the amount of net income, net realized capital gains and net recapture income of Crombie as is necessary to ensure that Crombie will not be liable for ordinary income taxes on such income. Any increase or reductions in the percentage of income to be distributed to Unitholders will result in a corresponding increase or decrease in distributions on Class B LP Units.

Distributions are made to Unitholders of record as at the close of business on the last business day of the month preceding a distribution date. Distributions may be adjusted for amounts paid in prior periods if the actual distribution for the prior periods is greater than or less than the estimates for the prior periods. Under the Declaration of Trust and pursuant to the distribution policy of Crombie, where Crombie's cash is not sufficient to make payment of the full amount of a distribution, such payment will, to the extent necessary, be distributed in the form of additional Units.

Crombie LP is the primary source of cash flow to fund distributions to Unitholders. The fourth amended and restated Crombie LP Partnership Agreement (the "**Crombie LP Agreement**") dated June 30, 2017, between ECL Properties, and Crombie General Partner Limited ("**Crombie GP**") requires Crombie LP to make monthly cash distributions to holders of Class B LP Units equal to the distribution payout ratio set by Crombie from time to time. Crombie LP retains the discretion to make unequal distributions to account for expenses incurred or income earned by Crombie so that distributions to be made to Class B LP Units are economically equivalent, to the greatest extent possible, to the distributions that the holder of Class B LP Units would have received if they were holding Units instead of Class B LP Units.

Crombie has implemented a Distribution Reinvestment Plan ("**DRIP**") to enable Canadian resident Unitholders to automatically reinvest cash distributions paid on their Units in additional Units. Units are issued under the DRIP directly from treasury of Crombie at a price equal to the volume-weighted average trading price of the Units on the Toronto Stock Exchange for the five trading days immediately preceding the relevant distribution payment date ("**Market Price**"). On August 4, 2021 the DRIP price was reduced from 100% of the Market Price to 97%, to restore the discount that had applied from the DRIP's adoption until it was discontinued in May 2018. The DRIP also permits owners of the outstanding Class B LP units of Crombie LP to reinvest distributions in additional Class B LP units on substantially the same terms. Crombie has currently reserved for issuance with the Toronto Stock Exchange eight million additional Units to accommodate the purchase of Units under the DRIP of which 5.1 million Units have been issued as of December 31, 2022.

Distribution History

The monthly cash distributions paid by Crombie during the fiscal years 2020, 2021 and 2022 are as follows:

Amendments

The distribution policy may be amended only with the approval of 66 $\frac{2}{3}$ % of the votes cast at a meeting of Unitholders called for such purpose. At the 2008 annual general meeting, Unitholders approved amendments to the Declaration of Trust to eliminate the term "Distributable Income" and the use of such term in the determination of cash distributions to Unitholders. On November 5, 2009, the Trustees adopted amendments to the Declaration of Trust which eliminated the obligation of the Trust to distribute in each year an amount at least equal to its taxable income calculated prior to such distributions, in accordance with the Declaration of Trust. At the 2017 annual general meeting, Unitholders approved amendments to the Declaration of Trust to facilitate an internal reorganization of Crombie's subsidiaries, including introducing the ability to make distributions to Unitholders in the form of securities of a subsidiary of Crombie.

INVESTMENT GUIDELINES AND OPERATING POLICIES OF CROMBIE

Investment Guidelines

The Declaration of Trust provides certain guidelines on investments that may be made directly or indirectly by Crombie. These guidelines were amended by Unitholders at Crombie's Annual Meeting of Unitholders held on May 14, 2014, May 11, 2017 and May 6, 2021. As a result, the assets of Crombie may be invested only in accordance with the following restrictions:

- a. Crombie is intended to invest primarily, directly or indirectly (including by investments by its subsidiaries), in interests (including fee ownership and leasehold interests) in income producing real property that is or will be primarily commercial, residential or retail in nature, or a combination thereof, and assets ancillary thereto necessary for the acquisition, holding, development, maintaining, improving, leasing, managing, or otherwise dealing with such real estate and such other activities as are consistent with the other investment guidelines of Crombie;
- b. Crombie will not invest in raw land for development, except (i) for the purpose of the renovation or expansion of existing properties of Crombie, or properties adjacent to existing properties of Crombie or (ii) for the development of new properties which will be capital property of Crombie; provided that the aggregate value of the investments of Crombie in raw land, excluding raw land under development, after giving effect to the proposed investment, will not exceed 10% of Gross Book Value;
- c. notwithstanding anything else contained in the Declaration of Trust, Crombie shall not make or hold, directly or indirectly (including by investments by its subsidiaries), any investment, take any action or omit to take any action where such investment, action or omission would result in:
 - i. Crombie not qualifying as a "mutual fund trust" (effective the date it was established and thereafter) or a "unit trust" both within the meaning of the Tax Act;
 - ii. Units not qualifying as qualified investments for Plans;
 - iii. Crombie not qualifying as a "real estate investment trust" within the meaning of the Tax Act if, as a consequence of the Trust not so qualifying, the Trust or any of its subsidiaries would be liable to pay a tax imposed under either paragraph 122(1)(b) or subsection 197(2) of the Tax Act; or
 - iv. Crombie being liable to pay a tax under Part XII.2 of the Tax Act;
- d. Crombie shall not invest, directly or indirectly (including by investments by its subsidiaries), in any interest in a single real property if, after giving effect to the proposed investment, the cost to Crombie of such investment (net of the amount of debt incurred or assumed in connection with such investment) will exceed 15% of Gross Book Value (as defined in the Declaration of Trust) at the time the investment is made;
- e. Crombie may, directly or indirectly (including by investments by its subsidiaries), invest in a joint venture arrangement for the purposes of owning interests or investments otherwise permitted to be held by Crombie; provided that such joint venture arrangement contains terms and conditions which, in the opinion of management, are commercially reasonable, including without limitation such terms and conditions relating to restrictions on the transfer, acquisition and sale of Crombie's and any joint venturer's interest in the joint venture arrangement, provisions to provide liquidity to Crombie, provisions to limit the liability of Crombie and its Unitholders to third parties, and provisions to provide for the participation of Crombie in the management of the joint venture arrangement. For purposes hereof, a joint venture arrangement is an arrangement between Crombie and one or more other persons pursuant to which Crombie, directly or indirectly, conducts an undertaking for one or more of the purposes set out in the investment guidelines of Crombie and in respect of which Crombie may hold its interest jointly or in common or in another manner with others either directly or through the ownership of securities of a corporation, partnership (general or limited), limited liability company or other entity;
- f. except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities or money market instruments maturing prior to one year from the date of issue and except as permitted pursuant to the investment guidelines and operating policies of Crombie, Crombie may not hold, directly or indirectly (including by investments by its subsidiaries), securities of a person other than to the extent such securities would constitute an investment in real property (as determined by the Trustees) and provided further that, notwithstanding anything contained in the Declaration of Trust to the contrary, but in all events subject to Subsection (b) above, Crombie may acquire securities of other real estate investment trusts;
- g. Crombie shall not invest, directly or indirectly (including by investments by its subsidiaries), in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in real property;

- h. Crombie shall not invest, directly or indirectly (including by investments by its subsidiaries), in operating businesses unless such investment is an indirect investment and is incidental to a transaction:
 - i. where revenue will be derived, directly or indirectly, principally from real property; or
 - ii. which principally involves the ownership, maintenance, development, improvement, leasing or management, directly or indirectly, of real property (in each case as determined by the Trustees); and
- i. Crombie may invest, directly or indirectly (including by investments by its subsidiaries), in mortgages and mortgage bonds (including participating or convertible mortgages) and mezzanine loans and similar instruments where:
 - i. the real property which is security therefor is real property which otherwise meets the other investment guidelines of Crombie; and
 - ii. the aggregate book value of the investments of Crombie in mortgages, after giving effect to the proposed investment, will not exceed 15% of Gross Book Value.
- j. Crombie may invest an amount (measured as Crombie's proportionate share for investments not wholly-owned by Crombie, directly or indirectly) up to 10% of Gross Book Value of the Trust in investments which do not comply with one or more of paragraphs (a), (b), (e), (f), (h) and (i) above.

For the purpose of the foregoing investment guidelines, the assets, liabilities and transactions of a corporation, trust, partnership, limited liability company or other entity wholly or partially-owned by Crombie, will be deemed to be those of Crombie on a proportionate consolidation basis. In addition, any references in the foregoing to investment in real property will be deemed to include an investment in a joint venture arrangement that invests in real property.

Operating Policies

The Declaration of Trust provides that the operations and affairs of Crombie are to be conducted in accordance with the following policies. These policies were amended by Unitholders at Crombie's Annual Meeting of Unitholders held on May 14, 2014 and on May 6, 2021, to read as follows:

- a. Crombie shall not purchase, sell, market or trade, directly or indirectly (including by investments in its subsidiaries), in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" has the meaning ascribed thereto by National Instrument 81-102 adopted by the Canadian Securities Administrators, as amended from time to time;
- b. (i) any written instrument creating an obligation which is or includes the granting by Crombie or subsidiary of a mortgage; (ii) and to the extent the Trustees determine to be practicable and consistent with their fiduciary duties to act in the best interest of the Unitholders, any written instrument which is, in the judgment of the Trustees, a material obligation shall contain a provision, or be subject to an acknowledgment to the effect, that the obligation being created is not personally binding upon, and that resort must not be had to, nor will recourse or satisfaction be sought from, by lawsuit or otherwise the private property of any of the Trustees, Unitholders, annuitants or beneficiaries under a plan of which a Unitholder acts as a Trustee or carrier, or officers, employees or agents of Crombie, but that only property of Crombie or a specific portion thereof is bound; Crombie, however, is not required, but must use all reasonable efforts, to comply with this requirement in respect of obligations assumed by Crombie upon the acquisition of real property;
- c. Crombie shall not lease or sublease, directly or indirectly (including by investments by its subsidiaries), to any person (other than Sobey's) any real property, premises or space where that person and its affiliates would, after the contemplated lease or sublease, be leasing or subleasing real property, premises or space having a fair market value net of encumbrances in excess of 20% of Gross Book Value;
- d. the limitation contained in paragraph (c) will not apply to the renewal of a lease or sublease and will not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by: (i) the Government of Canada, any province or territory of Canada, any municipality or city in Canada or any agency or crown corporation thereof; (ii) any entity, of which any of the bonds, debentures or other evidences of indebtedness of, or guaranteed by, such entity, or any of the other securities of such entity, have received and continue to hold, an investment grade rating from a recognized credit rating agency, in each case at the time the lease or sublease is entered into, or at the time other satisfactory leasing or pre-leasing arrangements (as determined by the Trustees) were entered into; or (iii) a Canadian chartered bank or a trust company or insurance company registered or licensed federally or under the laws of a province of Canada;
- e. title to each real property shall be held by and registered in the name of Crombie, the Trustees or a corporation or other entity wholly-owned, directly or indirectly, by Crombie or jointly-owned, directly or indirectly, by Crombie, with joint venturers;

- f. Crombie shall not incur or assume, directly or indirectly (including by investments by its subsidiaries), any indebtedness if, after giving effect to the incurrence or assumption of such indebtedness, the total indebtedness of Crombie would be more than 60% of Gross Book Value (65% including any convertible debentures of Crombie);
- g. at no time shall Crombie incur, directly or indirectly (including by investments by its subsidiaries), indebtedness aggregating more than 20% of its Gross Book Value (excluding debt with an original maturity of one year or more falling due in the next 12 months or variable rate debt for which Crombie or a subsidiary has entered into interest rate swap agreements to fix the interest rate for a one year period or more) at floating interest rates or having maturities of less than one year unless otherwise approved by the Trustees;
- h. Crombie shall not directly or indirectly (including by investments by its subsidiaries) guarantee any indebtedness or liabilities of any kind of a third party, except indebtedness or liabilities assumed or incurred by an entity in which Crombie holds an interest, directly or indirectly (including by investments by its subsidiaries), or by an entity jointly-owned by Crombie or a subsidiary with joint venturers and operated solely for the purpose of holding a particular property or properties, where such indebtedness, if granted by Crombie directly, would cause Crombie to contravene its investment guidelines or operating policies. Crombie is not required but shall use its reasonable best efforts to comply with this requirement (i) in respect of obligations assumed by Crombie pursuant to the acquisition of real property or (ii) if doing so is necessary or desirable in order to further the initiatives of Crombie permitted under the Declaration of Trust;
- i. Crombie shall directly or indirectly (including by investments by its subsidiaries) obtain and maintain at all times property insurance coverage in respect of potential liabilities of Crombie and the accidental loss of value of the assets of Crombie from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practice of owners of comparable properties;
- j. unless the requirement for such an appraisal or engineering survey is waived by the Trustees, Crombie shall obtain an independent appraisal of each property it intends to acquire and an engineering survey with respect to the physical condition thereof (including capital replacement programs); and
- k. unless the requirement for such environmental site assessment is waived by the Trustees, the Trust shall (i) obtain a Phase I environmental site assessment, or (ii) be entitled to rely on a Phase I environmental site assessment dated no earlier than 24 months prior to receipt by the Trust, of each real property to be acquired by it, and, if the Phase I environmental site assessment report recommends that a further environmental site assessment be conducted, the Trust shall conduct such further environmental site assessments, in each case by an independent and experienced environmental consultant.

For the purposes of the foregoing investment guidelines and operating policies, the assets, liabilities and transactions of a corporation, partnership or other entity in which Crombie has an interest will be deemed to be those of Crombie on a proportionate, consolidated basis. In addition, any references in the foregoing investment guidelines and operating policies to an investment in real property will be deemed to include an investment in a joint venture arrangement. In addition, the term "indebtedness" means (without duplication) on a consolidated basis:

- a. any obligation of Crombie for borrowed money (excluding any premium in respect of indebtedness assumed by Crombie for which Crombie has the benefit of an interest rate subsidy, but only to the extent an amount receivable has been excluded in the calculation of Gross Book Value with respect to such interest rate subsidy);
- b. any obligation of Crombie incurred in connection with the acquisition of property, assets or business other than the amount of future income tax liability arising out of indirect acquisitions;
- c. any obligation of Crombie issued or assumed as the deferred purchase price of property;
- d. any capital lease obligation of Crombie; and
- e. any obligation of the type referred to in clauses (a) through (d) of another person, the payment of which Crombie has guaranteed or for which Crombie is responsible for or liable, provided that (i) for the purposes of (a) through (d), an obligation will constitute indebtedness only to the extent that it would appear as a liability on the consolidated balance sheet of Crombie in accordance with Canadian generally accepted accounting principles; and (ii) obligations referred to in clauses (a) through (c) exclude trade accounts payable, distributions payable to Unitholders and accrued liabilities arising in the ordinary course of business.

Amendments to Investment Guidelines and Operating Policies

Pursuant to the Declaration of Trust, all of the investment guidelines set out under the heading "Investment Guidelines" and the operating policies contained in paragraphs (a), (c), (d), (f), (g), (h), (i), (j), and (k) set out under the heading "Operating Policies" may be amended only with the approval of two-thirds of the votes cast by Unitholders at a meeting called for such purpose. The remaining operating policies may be amended with the approval of a majority of the votes cast by Unitholders at a meeting called for such purpose.

MANAGEMENT OF CROMBIE

Governance and Board of Trustees

The Declaration of Trust provides that, subject to certain conditions, the Trustees have absolute and exclusive power, control and authority over Crombie's assets and operations, as if the Trustees were the sole and absolute legal and beneficial owners of Crombie's assets. The governance practices, investment guidelines and operating policies of Crombie are overseen by the Board of Trustees consisting of a minimum of three (3) and a maximum of twelve (12) Trustees, a majority of whom are Canadian residents. At all times, a majority of Trustees must be Independent Trustees within the meaning of National Instrument 52-110- *Audit Committees*.

In fulfilling its mandate, the Board is responsible for, among other things, (i) participating in the development of and approving a strategic plan for Crombie; (ii) supervising the activities and managing the investments and affairs of Crombie; (iii) approving major decisions regarding Crombie; (iv) defining the roles and responsibilities of management; (v) reviewing and approving the business and investment objectives to be met by management; (vi) assessing the performance of and overseeing management; (vii) reviewing Crombie's debt strategy; (viii) identifying and managing risk exposure; (ix) ensuring the integrity and adequacy of Crombie's internal controls and management information systems; (x) succession planning; (xi) establishing committees of the Board, where required or prudent, and defining their mandate; (xii) maintaining records and providing reports to Unitholders; (xiii) ensuring effective and adequate communication with Unitholders, other stakeholders and the public; (xiv) effecting payments of cash available for distribution from Crombie to Unitholders; (xv) acting for, voting on behalf of and representing Crombie as an indirect holder of limited partnership Units of Crombie LP; and (xvi) voting in favour of Crombie's nominees to serve as directors of Crombie GP.

Other than the Trustees appointed by ECL as described below, Trustees are elected at each annual meeting of Unitholders to hold office for a term expiring at the close of the next annual meeting. The nominees for election of the Trustees are determined by the Governance and Nominating Committee in accordance with the provisions of the Declaration of Trust and are included in the proxy-related materials to be sent to Unitholders prior to each annual meeting of Unitholders.

The Declaration of Trust grants ECL the exclusive right to appoint certain Trustees of Crombie based on its direct and indirect voting interest in Crombie at the time of appointment and the size of the Board, as shown in the following table:

The Trustees and executive officers of Crombie as of March 2023, as a group, beneficially own, or control or direct, directly or indirectly, approximately 285,727 Units, representing approximately 0.2% of the outstanding voting securities of Crombie (Units and Special Voting Units).

No Trustee or executive officer is, as at the date of this AIF, or was within 10 years before the date of this AIF, a director, chief executive officer or chief financial officer of any company (including a personal holding company), that:

- (a) was subject to an order (as defined in Form 51-102 F2 of National Instrument 51-102 - *Continuous Disclosure Obligations*) that was issued while the Trustee or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to an order (as defined in Form 51-102 F2 of National Instrument 51-102 - *Continuous Disclosure Obligations*) that was issued after the Trustee or executive officer ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

No Trustee, executive officer, unitholder holding a sufficient number of securities of Crombie to affect materially the control of Crombie, or a personal holding company thereof,

- a. is, as at the date of this AIF, or was within 10 years before the date of this AIF, a director or executive officer of any company (including a personal holding company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or Trustee appointed to hold its assets;
- b. has, within 10 years before the date of this AIF, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or Trustee appointed to hold the assets of the Trustee, executive officer or shareholder; or
- c. has been subject to:
 - i. any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
 - ii. any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor making an investment decision.

Audit Committee

The Audit Committee consists of at least three Trustees, all of which are both Independent Trustees and financially literate as required by National Instrument 52-110 - Audit Committees. The Audit Committee's responsibilities include: (i) reviewing Crombie's procedures for internal control with Crombie's auditors and Chief Financial Officer; (ii) reviewing and approving the engagement of the auditors; (iii) reviewing annual and quarterly financial statements and all other material continuous disclosure documents, including Crombie's AIF and Management's Discussion and Analysis; (iv) overseeing Crombie's financial and accounting personnel; (v) assessing Crombie's accounting policies; (vi) reviewing Crombie's risk management procedures including cyber security; and (vii) reviewing any significant transactions outside Crombie's ordinary course of business and any pending litigation involving Crombie.

The Audit Committee has direct communication channels with the Chief Financial Officer of Crombie and the external auditors of Crombie to discuss and review such issues as the Audit Committee may deem appropriate.

As at December 31, 2022, the Audit Committee is comprised of Paul Beesley (Chair), Jane Craighead, Jason Shannon and Paul Sobey.

Governance and Nominating Committee

The Governance and Nominating Committee is comprised of at least three Independent Trustees and is charged with reviewing, overseeing and evaluating the governance and nominating policies of Crombie. In addition, the Governance and Nominating Committee is responsible for: (i) assessing the effectiveness of the Board of Trustees, each of its committees and individual Trustees; (ii) overseeing the recruitment and selection of candidates as Trustees of Crombie; (iii) organizing an orientation and education program for new Trustees; (iv) considering and approving proposals by the Trustees to engage outside advisers on behalf of the Board as a whole or on behalf of the Independent Trustees; and (v) reviewing and making recommendations to the Board concerning any change in the number of Trustees composing the Board.

As at December 31, 2022, the Governance and Nominating Committee is comprised of Barbara Palk (Chair), Jim Dickson, Paul Beesley, and Michael Waters.

Human Resources Committee

The Human Resources Committee is comprised of at least three Trustees, a majority of which are Independent Trustees. The Committee assists the Board in its oversight of Crombie's human resource strategies, policies and programs. Its mandate includes reviewing, overseeing and evaluating talent management and compensation policies of Crombie with a primary focus on executive compensation, development and succession planning.

As at December 31, 2022, the Human Resources Committee is entirely comprised of independent Trustees: Karen Weaver (Chair), Jane Craighead, Paul Sobey and Barbara Palk.

Investment Committee

The Investment Committee is comprised of seven Trustees, four of whom are Independent Trustees. No more than one member of the Investment Committee may be a member of management of Crombie, and the Trustees of the Investment Committee shall be comprised of two Trustees who shall have particular expertise in the area of real estate investment and management and two Trustees who shall have particular expertise in the area of corporate finance. The Investment Committee is charged with assisting in discharging the Board's responsibilities with regards to investments, dispositions and developments undertaken by Crombie. In addition, the Investment Committee is responsible for considering and, if appropriate, approving acquisitions, dispositions and developments proposed by management of Crombie with a value greater than \$5 million dollars provided that such authority is limited to the approval of individual transactions of up to \$100 million. Project activity in excess of the Investment Committee's authority level shall receive the Committee's full consideration but will be advanced to the full Board of Trustees for approval. Any property acquisitions made by Crombie from Empire or affiliated companies must be considered and approved by only elected Trustees.

As at December 31, 2022, the committee is comprised of Jason Shannon (Chair), Jim Dickson, Don Clow, Heidi Jamison-Mills, Michael Vels, Michael Waters and Karen Weaver. Mr. Shannon, Mr. Waters and Ms. Weaver have particular expertise in the area of real estate investment, management, and development and Mr. Dickson and Ms. Weaver have particular expertise in the area of corporate finance.

Remuneration of Trustees and Ownership Requirements

Each Trustee who is not a senior executive of Crombie receives from Crombie an annual retainer initially in the amount of \$40,000 per year, plus a fee of \$1,500 for each day on which the Trustee attends a board meeting in person, and \$1,000 for attendance by telephone. On an annual basis, the Board may be awarded Deferred Units as part of their total compensation. In November 2015, \$12,500 of Deferred Units were issued to each Trustee, with the exception of the CEO of Crombie. In February 2016, an additional \$7,500 of Deferred Units was issued to each Trustee for Fiscal 2015 and the annual Deferred Unit grant was increased to \$20,000. In 2017, the annual Deferred Unit grant was increased to \$25,000. Trustees may also elect to take a portion of their retainer and other fees in Deferred Units in lieu of cash. The Chair of the Board receives an annual retainer of \$130,000 but does not receive meeting fees. Members of the Human Resources Committee, Investment Committee and Governance and Nominating Committee receive a fee of \$1,500 for each committee meeting attended in person and \$1,000 for attendance by telephone. Members of the Audit Committee receive \$2,000 for each committee meeting attended in person and \$1,000 for attendance by telephone. The Chair of the Audit Committee receives an additional annual retainer of \$17,500, the Chair of the Human Resources Committee receives an annual retainer of \$12,000, the Chair of the Governance and Nominating Committee receives an annual retainer of \$10,000 and the Chair of the Investment Committee receives an annual retainer of \$12,500. Each Trustee is also reimbursed for reasonable travel and other expenses properly incurred in attending meetings of the Board or any committee meeting.

Each Trustee is expected to hold a minimum number of Units or Deferred Units having a total value equal to four times the amount of the annual retainer paid to a non-management Trustee. This goal should be met by the fifth anniversary of joining the Board.

Conflicts of Interest

The Declaration of Trust contains "conflict of interest" provisions to protect Unitholders without creating undue limitations on Crombie. As the Trustees are engaged in a wide range of real estate and other activities, the Declaration of Trust contains provisions, similar to those contained in the *Canada Business Corporations Act*, that require each Trustee to disclose to Crombie, at the first meeting of Trustees at which a proposed contract or transaction is considered, any interest in a material contract or transaction or proposed material contract or transaction with Crombie (including a contract or transaction involving the making or disposition of any investment in real property or a joint venture agreement) or the fact that such person is a director or officer of or otherwise has a material interest in any person who is a party to a material contract or transaction or proposed material contract or transaction with Crombie. If a material contract or transaction or proposed material contract or transaction is one that in the ordinary course would not require approval by the Trustees, as Trustees are required to disclose in writing to Crombie, or request to have entered into the minutes of meetings of Trustees, the nature and extent of his or her interest forthwith after the Trustee becomes aware of the contract or transaction or proposed contract or transaction. In any case, a Trustee who has made disclosure to the foregoing effect will not be entitled to vote on any resolution to approve the contract or transaction unless the contract or transaction relates to his or her remuneration or an indemnity under the provisions of the Declaration of Trust or liability insurance.

All decisions of the Board of Trustees will require the approval of a majority of the Trustees present in person or by phone at a meeting of the Board, except for each of the following matters which will also require the approval of a majority of the independent elected Trustees:

- a. an acquisition or disposition of a property or an investment in a property, whether by co-investment or otherwise, in which ECL or any related parties has any direct or indirect interest;
- b. a material change to any material agreement or any renewal, extension or termination thereof or any increase in any fees payable thereunder (including any transaction fees);
- c. the entering into of, or the waiver, exercise or enforcement of any rights or remedies under, any agreement entered into by Crombie, or the making, directly or indirectly, of any co-investment, in each case with (i) any Trustee, (ii) any entity directly or indirectly controlled by any Trustee or in which any Trustee holds a significant interest, or (iii) any entity for which any Trustee acts as a director or other similar capacity;
- d. the refinancing, increase or renewal of any indebtedness owed by or to (i) any Trustee, (ii) any entity directly or indirectly controlled by any Trustee or in which any Trustee holds a significant interest, or (iii) any entity for which any Trustee acts as a director or other similar capacity;
- e. the grant of options or issuing of Units under any option or purchase plan, or any amendment thereto, provided to any Trustee, officer or others;
- f. a change in the number of Trustees;
- g. decisions relating to compensation of Trustees; and
- h. decisions relating to any claims by or against one or more parties to any of the material agreements, or any related party.

The Board also has in place appropriate structures to ensure that it can function independently of management of Crombie, including the appointment of a Chair of the Board and a Lead Trustee (if applicable). The Chair of the Board is Michael Knowlton. The Chair's role and responsibilities includes managing the affairs of the Board of Trustees and, together with the Governance and Nominating Committee, monitoring the effectiveness of the Board. The Lead Trustee is an Independent Trustee, acting as an effective leader of the Board in respect of matters required to be considered by the Independent Trustees only, and ensures that the Board's agenda will enable it to successfully carry out its duties.

Senior Management

The responsibilities of the senior management of Crombie includes: (i) providing the Board of Trustees with information and advice relating to the operation of Crombie's properties, acquisitions and financings; (ii) establishing, at least on an annual basis, investment and operating plans for the ensuing period; (iii) conducting and supervising the due diligence required in connection with proposed acquisitions, and completing any acquisitions or dispositions; (iv) maintaining the books and financial records of Crombie; (v) determining and preparing designations, elections and determinations to be made in connection with the income and capital gains of Crombie for tax and accounting purposes; (vi) preparing reports and other information required to be sent to Unitholders and other disclosure documents; (vii) calculating and determining all distributions; (viii) communicating with Unitholders and other persons, including investment dealers, lenders and professionals; and (ix) administering or supervising the administration, on behalf of the Board of Trustees, of the payment of cash available for distribution and other distributions by Crombie.

Pre-Approval Policies and Procedures

Reference is made to Appendix B - Section E.6 for a description of the specific policies and procedures for the engagement of non-audit resources.

External Auditor Service Fees (by Category)

During fiscal 2022 and 2021, fees charged by Crombie's auditors, PricewaterhouseCoopers LLP, were as follows:

Fees Billed	Year ended December 31, 2022	Year ended December 31, 2021
Audit Fees	\$ 424,020	\$ 399,600
Audit Related Fees	103,782	87,211
Tax Fees	15,000	19,000
Other	—	—
Total Fees	\$ 542,802	\$ 505,811

Audit fees include annual audit and quarterly reviews of Crombie's financial statements. Audit related fees include services related to the issue of units and debentures and French translation services. Tax fees include tax planning and project-based assignments related to regulatory compliance.

The Audit Committee has considered whether the nature and extent of non-audit or audit-related services is compatible with maintaining the independence of the external auditor and has concluded that the independence of PricewaterhouseCoopers LLP is not compromised by the non-audit services provided. In addition, the Audit Committee's mandate requires that the committee pre-approve the nature and extent of all significant non-audit engagements with the external auditor.

LEGAL PROCEEDINGS AND REGULATORY ACTIONS

Crombie is not a party or subject to any legal proceedings or group of similar proceedings, nor are any such proceedings known to Crombie to be contemplated, where the amount involved, exclusive of interest and costs, exceed 10% of the current assets of Crombie.

During fiscal 2022, Crombie has not been subject to any penalties or sanctions imposed by a court or regulatory authority nor have any settlement agreements been entered into in respect of same.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

As at December 31, 2022, Empire, through its wholly-owned subsidiary ECL, holds a 41.5% indirect interest in Crombie. Crombie acquired two properties in 2020, six properties in 2021 and nine properties in 2022 from subsidiaries of Empire. The purchase price for each property acquired by Crombie from subsidiaries of Empire was fair market value determined by external appraisals and approved by the Independent Elected Trustees or CEO of Crombie in accordance with the delegation of approval authorities under the Declaration of Trust and Investment Committee Mandate.

Multilateral Instrument 61-101 - Protection of Minority Shareholders in Special Transactions ("**MI 61-101**") provides a number of circumstances in which a transaction between an issuer and a related party may be subject to valuation and minority approval requirements. An exemption from such requirements is available when the fair market value of the transaction is not more than 25% of the market capitalization of the issuer. Crombie received exemptive relief from securities regulators in Ontario and Quebec from the requirements of MI 61-101 that, subject to certain conditions, permit it to be exempt from the minority approval and valuation requirements for transactions that would have a value of less than 25% of Crombie's market capitalization if Empire's indirect economic and voting interest in Crombie was included in the calculation of Crombie's market capitalization. As a result, the 25% threshold above which the minority approval and valuation requirements would apply would be increased to reflect the approximately 41.5% indirect interest in Crombie held by Empire.

Related party transactions are transactions with associates, post employment benefit plans, and key management personnel. Related party transactions are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

Crombie's transactions with related parties are as follows (all amounts in thousands of CAD dollars):

	Year ended		
	December 31, 2022	December 31, 2021	December 31, 2020
Property revenue			
Property revenue ⁽¹⁾	\$ 222,264	\$ 209,684	\$ 191,362
Head lease income	\$ 956	\$ 1,001	\$ 1,162
Lease termination income	\$ 125	\$ 136	\$ 136
Property operating expenses ⁽²⁾	\$ (135)	\$ (96)	\$ (58)
General and administrative expenses			
Property management services recovered ⁽³⁾	\$ 398	\$ 483	\$ 594
Other general and administrative expenses	\$ (331)	\$ (265)	\$ (258)
Finance costs - operations			
Interest rate subsidy	\$ 53	\$ 230	\$ 256
Finance costs - distributions to Unitholders	\$ (65,459)	\$ (59,952)	\$ (58,194)

⁽¹⁾ Crombie earned property revenue from Empire (including Sobeys and all other subsidiaries of Empire). Related party property revenue for year ended December 31, 2020 updated from previously reported figures.

⁽²⁾ Certain executive management individuals and other employees of Crombie provide general management, financial, leasing, administrative, and other administration support services to certain subsidiaries of Empire on a cost sharing basis pursuant to a Management Agreement effective January 1, 2016.

⁽³⁾ Crombie provides property management, leasing services and environmental management to specific properties owned by certain subsidiaries of Empire on a fee for service basis pursuant to a Management Agreement. Revenue generated from the Management Agreement is being recognized as a reduction of general and administrative expense

Included in the above, during the year ended December 31, 2022, Crombie issued 860,958 (December 31, 2021 - 213,577) Class B LP Units to ECL Developments Limited under the DRIP.

During the year ended December 31, 2022, Crombie purchased nine properties and the remaining 50% interest in one retail-related industrial property from a subsidiary of Empire for a total purchase price of \$99.5 million before transaction costs.

During the year ended December 31, 2022, Crombie invested \$14.9 million (December 31, 2021 - \$34.1 million) in properties anchored by subsidiaries of Empire, which resulted in amended lease terms. These amounts have been included in tenant incentive additions or income property additions depending on the nature of the work completed. The costs are being amortized over the amended lease terms or the useful life of the projects, as applicable.

Amounts due from related parties include \$10.4 million (December 31, 2021 - \$15.5 million) in 6% subordinated notes receivable due from Bronte Village Limited Partnership and The Duke Limited Partnership.

Crombie has a mortgage payable due to 1600 Davie Limited Partnership of \$25.2 million (December 31, 2020 - \$25.5 million). This mortgage relates to the commercial component of the Davie Street development, 100% of which is included in Crombie's financial statements.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar is TSX Trust Company and can be contacted by e-mail at inquiries@tmx.com.

MATERIAL CONTRACTS

In addition to the Declaration of Trust, the following are the only contracts, other than contracts entered into in the ordinary course of business, which have been entered into by Crombie within the most recently completed financial year, or before the most recently completed financial year that are still in effect (referred to herein as the "Material Contracts"). The following is a summary of the Material Contracts, which summaries are not intended to be complete. Reference is made to the Material Contracts for a complete description and the full text of their provisions. Copies of each Material Contract may be obtained on request without charge from Clinton Keay, Chief Financial Officer and Secretary of Crombie, via Crombie's website at: www.crombiereit.com, or on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.

Oak Street Transaction Agreements

On January 25, 2019, Crombie and certain subsidiaries entered into an agreement (the "**Tranche 1 Transaction Agreement**") with SBCA001 LLC ("**Tranche 1 Buyer**"), a subsidiary of Oak Street Real Estate Capital Fund IV, LP, a U.S.-based real estate fund to sell an 89% non-managing interest in a 26 property portfolio for an aggregate purchase price of approximately \$161.6 million to the Tranche 1 Buyer. The Tranche 1 Transaction Agreement was subsequently amended on April 10, 2019. The Tranche 1 Transaction Agreement was subject to certain due diligence and third party consent conditions, which were satisfied or waived by the Tranche 1 Buyer on April 10, 2019, and approval of the Crombie Board of Trustees, as well as Competition Act approval and other customary closing conditions. Pursuant to the Tranche 1 Transaction Agreement, the Tranche 1 Buyer acquired an undivided 89% beneficial interest in the Transaction properties and related leases, contracts, permitted encumbrances, chattels, letters of credit and names and domain names, and 89% of the outstanding shares of the registered owner of the Tranche 1 Transaction properties.

On January 25, 2019, Crombie and certain subsidiaries entered into another agreement (the "**Tranche 2 Transaction Agreement**") with SBCA002 LLC ("**Tranche 2 Buyer**"), a subsidiary of Oak Street Real Estate Capital Fund IV, LP, a U.S.-based real estate fund to sell an 89% non-managing interest in a 15 property portfolio for an aggregate purchase price of approximately \$193.3 million to the Tranche 2 Buyer. The Tranche 2 Transaction Agreement was subsequently amended on April 10, 2019, April 24, 2019 and May 27, 2019. The Tranche 2 Transaction Agreement was subject to certain due diligence and third party consent conditions, which were satisfied or waived by the Buyer on April 10, 2019, and approval of the Crombie Board of Trustees, as well as Competition Act approval and other customary closing conditions. Pursuant to the Tranche 2 Transaction Agreement, the Buyer acquired an undivided 89% beneficial interest in the Transaction properties and related leases, contracts, permitted encumbrances, chattels, letters of credit and names and domain names, and 89% of the outstanding shares of the registered owner of the Tranche 2 Transaction properties.

Upon the Closing of each of the transactions, the relevant parties entered into Co-Ownership Agreements, Property Management Agreements, Shareholder Agreements and certain other leases and ancillary agreements, pursuant to which Crombie will continue the day to day management and operation the properties and the parties will have customary rights of co-owners, including rights of first refusal, co-sale and drag along rights if certain conditions are met in relation to possible future transfers of the properties included in each tranche. On May 12, 2021 SBCA001 LLC sold its interest in the Tranche 1 properties to BMO Life Assurance Company ("**BMOLA**") and BMOLA assumed all of SBA0001 LLC's rights and obligations under the agreements described herein.

2016 Acquisition Agreement

In connection with the Portfolio Acquisition, on May 12, 2016, Crombie LP entered into the acquisition agreement (the "**2016 Acquisition Agreement**") with subsidiaries of Sobeys pursuant to which Crombie will indirectly acquire (i) a portfolio of nineteen (19) retail properties (the "**Properties**"), (ii) a 50% interest in three distribution centres (the "**Distribution Centres**"), and (iii) two parcels of development land adjacent to existing REIT properties (the "**Land**", and collectively with the Properties and the Distribution Centres, the "**Acquisition Properties**"), and to invest approximately \$58.9 million in the renovation and expansion of ten properties anchored by Sobeys retail grocery stores currently beneficially owned by the REIT (the "**Modernizations**"), for an aggregate purchase price of approximately \$418 million, subject to certain adjustments (collectively, the "**Transaction**"). The Portfolio Acquisition was subject to certain conditions precedent, including the accuracy of the representations and warranties on the closing and receipt of Competition Act approval and the approval of the Unitholders. The closing of the Portfolio Acquisition took place effective on June 29, 2016.

Also upon the closing of the Portfolio Acquisition, Sobeys or its affiliate, executed and delivered an environmental indemnity (the "**Environmental Indemnity Agreement**") with respect to all of the Acquisition Properties to the extent that environmental issues were identified in the course of Crombie LP's due diligence investigation of the Acquisition Properties, including matters identified up to 120 days after the closing of the Portfolio Acquisition (the "**Identified Issues**"). Under the terms of the Environmental Indemnity Agreement, Sobeys shall retain independent engineers to undertake such remediation and monitoring steps with respect to the Identified Issues as may be agreed by the Independent Engineers and Crombie LP, such work to be completed within 60 months following the closing of the Portfolio Acquisition in a manner such that remediation work will be completed at 20% of the Acquisition Properties (by allocated purchase price) in each 12 month period following the closing. Sobeys will indemnify Crombie for any claims or costs imposed by, under or pursuant to applicable environmental laws which arise as a result of or in connection with any Identified Issue, the work done or required to be done in connection therewith or any breach of the Environmental Indemnity Agreement by Sobeys or its subsidiaries, including costs of remediation and monitoring work. The indemnification obligation is not limited in amount. Crombie cannot assign the benefit of the Environmental Indemnity Agreement to a purchaser of any of the Acquisition Properties, but may assign the benefit of the agreement to a lender. In the event that the cost of complying with remediation and monitoring obligations is estimated to exceed \$2 million, Sobeys has the option to repurchase such Acquisition Property at the purchase price allocated to such Acquisition Property under the Transaction Agreement.

The Acquisition Agreement contains representations and warranties relating to each of Sobeys subsidiary, Sobeys, Crombie GP, Crombie LP and Crombie as are customary in arm's length transactions of this nature. The Acquisition Agreement also contains customary indemnity

provisions between the Sobeys subsidiaries and Sobeys, on one hand, and Crombie LP, on the other hand for breaches of covenant and representations and warranties, as well as taxes and certain matters that could affect title to the Acquisition Properties. The indemnification obligation is subject to certain thresholds and the aggregate liability shall not exceed the aggregate purchase price under the Acquisition Agreement. Such indemnification is in addition to the specific indemnity provided under the Environmental Indemnity Agreement.

2013 Acquisition Agreement

On July 24, 2013, Crombie announced that it entered into agreement to purchase a portfolio of retail properties from a wholly-owned subsidiary of Sobeys (the "**Safeway Portfolio Acquisition**"). The portfolio originally consisted of 68 retail properties, subsequently updated to 70 retail properties, representing approximately 3.0 million square feet of 100% occupied GLA acquired by Sobeys from Canada Safeway (the "**Safeway Acquisition Properties**"). Crombie LP, through Snowcat Property Holdings Limited, entered into separate lease agreements with respect to each of the Safeway Acquisition Properties (the "**Sobeys Leases**"), whereby Crombie LP or a subsidiary thereof is the landlord and Sobeys West Inc., a subsidiary of Sobeys, is the tenant of the entire Safeway Acquisition Property. In connection with the Safeway Portfolio Acquisition, on July 24, 2013, Crombie LP entered into the acquisition agreement (the "**2013 Acquisition Agreement**") with Sobeys West Inc. ("**Sobeys West**"), a wholly-owned subsidiary of Sobeys, which provided for the indirect acquisition of the Safeway Acquisition Properties, and certain related assets, including shares of Snowcat Property Holdings Limited, a bare Trustee of Sobeys West, holding registered title to each of the Safeway Acquisition Properties, for an aggregate purchase price of \$990 million, subsequently adjusted to \$991.3 million. The Safeway Portfolio Acquisition was subject to certain conditions precedent, including the accuracy of the representations and warranties on the closing and receipt of Competition Act approval and the approval of the Unitholders. The closing of the Safeway Portfolio Acquisition took place effective on November 3, 2013.

Under the Acquisition Agreement, upon the closing of the Safeway Portfolio Acquisition, Sobeys West, as tenant, and Sobeys, as indemnifier, entered into the Sobeys Leases. Pursuant to the Sobeys Leases, Sobeys West retained the obligations under: (i) the contracts and other documents binding on Sobeys West with respect to the ownership or operation of the Safeway Acquisition Properties, (ii) the leases or other rights or licences binding upon Sobeys West with respect to the Safeway Acquisition Properties, (iii) the existing third party warranties and guarantees relating to the Safeway Acquisition Properties, and (iv) certain permitted encumbrances. The Acquisition Agreement also identified 17 of the Safeway Acquisition Properties as having potential for redevelopment, and provides for such redevelopment to be undertaken on a 50/50 joint venture basis between Crombie LP and Sobeys West.

Also upon the closing of the Safeway Portfolio Acquisition, Sobeys West and Sobeys executed and delivered an environmental indemnity (the "**Omnibus Environmental Indemnity Agreement**") with respect to all of the Safeway Acquisition Properties to the extent that environmental issues were identified in the course of Crombie LP's due diligence investigation of the Safeway Acquisition Properties, including matters identified up to 90 days after the closing of the Safeway Portfolio Acquisition (the "**Identified Issues**"). Under the terms of the Omnibus Environmental Indemnity Agreement, Sobeys shall retain independent engineers to undertake such remediation and monitoring steps with respect to the Identified Issues as may be agreed by the Independent Engineers and Crombie LP, such work to be completed within 36 months following the closing of the Safeway Portfolio Acquisition. Sobeys will indemnify Crombie for any claims or costs imposed by, under or pursuant to applicable environmental laws which arise as a result of or in connection with any Identified Issue, the work done or required to be done in connection therewith or any breach of the Omnibus Environmental Indemnity Agreement by Sobeys or Sobeys West, including costs of remediation and monitoring work. The indemnification obligation is not limited in amount. Crombie cannot assign the benefit of the Omnibus Environmental Indemnity Agreement to a purchaser of any of the Safeway Acquisition Properties, but may assign the benefit of the agreement to a lender. The form of Omnibus Environmental Indemnity Agreement is attached to the Acquisition Agreement as Schedule D.

The Acquisition Agreement contains representations and warranties relating to each of Sobeys West, Sobeys, Crombie GP, Crombie LP and Crombie as are customary in arm's length transactions of this nature. The Acquisition Agreement also contains customary indemnity provisions between Sobeys West and Sobeys, on one hand, and Crombie LP, on the other hand for breaches of covenant and representations and warranties, as well as taxes and certain matters that could affect title to the Safeway Acquisition Properties. The indemnification obligation is subject to certain thresholds and the aggregate liability shall not exceed the aggregate purchase price under the Acquisition Agreement. Such indemnification is in addition to the specific indemnity provided under the Omnibus Environmental Indemnity Agreement.

Crombie entered into an underwriting agreement dated January 24, 2022 with Scotia Capital Inc, BMO Nestbitt Burns Inc. CIBC World Markets Inc., TD Securities Inc, National Bank Financial Inc., RBC Dominion Securities Inc., Canaccord Genuity Corp. and Desjardins Securities Inc. (the "Underwriters") in connection with Crombie's \$117.0 million public offering that closed on January 31, 2022, pursuant to which the Underwriters agreed to purchase 6,705,000 Units at a price of \$17.45 per Unit, for an underwriters fee in the aggregate amount of \$4,680,090, plus reimbursement of certain expenses of the Underwriters. The underwriting agreement also contained certain customary representations and warranties, closing conditions and indemnities.

Trust Indentures

Crombie entered into a trust indenture dated October 31, 2013 with BNY Trust Company of Canada as note Trustee, as supplemented by a first supplemental indenture dated October 31, 2013 and a second supplemental indenture dated March 5, 2014, a third supplemental indenture dated February 10, 2015, a fourth supplemental indenture dated November 20, 2017, a fifth supplemental indenture dated October 31, 2018, a sixth supplemental indenture dated August 26, 2019, a seventh supplemental indenture dated December 20, 2019, an eighth supplemental indenture and a ninth supplemental indenture each dated October 9, 2020, and a tenth supplemental indenture dated August 12, 2021, providing for the issue of the Notes (see "Description of Notes and Indenture").

Right of First Offer Agreement

Crombie is a party to a Right of First Offer Agreement dated August 3, 2011 (the "**ROFO Agreement**"). Pursuant to the ROFO Agreement, Sobeys agreed to provide to Crombie a right of first offer to acquire any property that Sobeys intends to dispose of other than to an affiliate of Sobeys. Crombie shall have a period of 30 days following receipt of a notice of disposition from Sobeys to indicate that it will exercise the right of first offer to acquire the property. In the event that no notice of acceptance is issued to Sobeys within the thirty days, Crombie will be deemed to have refused to exercise its right.

Sobeys has the right to offer to sell any such property within 180 days after the expiration 30 day period, provided that the disposition to a third party is not on terms more favourable to the third party than those offered to Crombie. Sobeys has the right to exempt properties from the ROFO Agreement as a result of the bona fide grant of any option, right of first refusal, right of first offer or other similar right to any franchisee, developer or other such party in furtherance of any aspect of Sobeys' business, and to exempt any group of properties from the ROFO Agreement if the sale of such properties is related to the sale by Sobeys of substantially all of the operating assets of any division or region of its business.

The ROFO Agreement shall terminate: (i) after five years unless extended by agreement of the parties; (ii) in case of change of control of Crombie; (iii) in case of change of control of Sobeys; or (iv) in case of the sale of substantially all of the assets of Sobeys.

Exchange Agreement

Crombie has entered into an Exchange Agreement dated March 23, 2006 (the "**Exchange Agreement**") whereby ECL is granted certain rights, such as the right to require Crombie to indirectly exchange each Class B LP Unit for one Unit of Crombie, provided certain conditions have been met, and, for so long as ECL continues to hold at least 10% of the Units, pre-emptive rights to purchase Units in Crombie to maintain its *pro rata* ownership interest in Crombie.

APPENDIX B - AUDIT COMMITTEE OF THE BOARD

MANDATE

The Audit Committee of the Board of Trustees has the responsibilities and duties as outlined below:

A. MANDATE

- To perform such duties as may be required by applicable legislation and regulations including those of the Ontario Securities Commission, the Toronto Stock Exchange and the Canadian Securities Administrators (CSA).
- To assist the Board of Trustees in fulfilling its oversight responsibilities for:
 - The integrity of the financial statements;
 - Compliance with legal and regulatory requirements relating to financial disclosure;
 - The external auditors' independence, performance and fees;
 - Identification and monitoring of principal risks that could impact financial reporting; and
 - The system of internal control for financial reporting and management information systems.
- To perform such other duties as may from time to time be assigned to the Audit Committee by the Board.

B. AUDIT COMMITTEE COMPOSITION

The Audit Committee shall be composed of three or more Trustees, appointed by the Board on the recommendation of the Governance and Nominating Committee. All members of the Committee must be independent. Independence will be defined by applicable legislation and Crombie's Declaration of Trust and at a minimum each Committee member will have no direct or indirect relationship with the REIT which in the view of the Board of Trustees could reasonably interfere with the exercise of a member's independent judgement except as otherwise permitted by applicable laws.

All members of the Audit Committee shall be financially literate (as defined by applicable legislation). A member of the Board of Trustees who is not financially literate may be appointed to the Audit Committee provided that the member becomes financially literate within four months following his or her appointment, subject to the Board of Trustees determining that this appointment will not materially adversely affect the ability of the Audit Committee to act independently and to satisfy the other requirements of this mandate.

If an Audit Committee member ceases to be independent for reasons outside the member's reasonable control, the member shall tender their resignation to the Chair of the Governance and Nominating Committee within three months of the occurrence of the event which caused the member to not be independent.

Members are reappointed annually by the Board, with such appointments to take effect immediately following the Annual General Meeting of Unitholders. Members shall hold office until the earlier of the time when their successors are appointed, or they cease to be Trustees of Crombie REIT. Vacancies of members of the Audit Committee may be filled for the remainder of the current term of appointment by the Board, upon recommendation of the Governance and Nominating Committee.

The Board shall appoint from the Audit Committee membership a Chair for the Audit Committee to preside at its meetings. The Chair must be independent. In the absence of the Chair, one of the other members of the Audit Committee present shall be chosen by the Audit Committee to preside at the meeting.

C. AUTHORITY

The Audit Committee has the authority to:

1. Conduct or authorize an investigation into any matters within the scope of its mandate or responsibility;
2. At the REIT's expense, as determined by the Committee, retain independent counsel, accountants or others to advise the Audit Committee or assist in carrying out its duties or assist in the conduct of an investigation;
3. Meet with management, internal auditors, external auditors or outside counsel as necessary; and
4. Call a meeting of the Board to consider any matter of concern to the Audit Committee.

D. MEETINGS

The Audit Committee shall meet quarterly or more frequently as circumstances dictate. Meetings of the Audit Committee may be called by:

- The Chair;
- Any member of the Audit Committee; or
- The external auditors.

The external auditors and Internal Audit shall be invited to attend and be heard at every quarterly Audit Committee meeting and have the opportunity to discuss matters with the Audit Committee without the presence of management at each meeting. The Audit Committee will meet

in-camera with the external auditors, Internal Audit, management and the Committee itself at each meeting. The Secretary of the REIT shall act as Secretary of the Audit Committee and minutes of the Audit Committee shall be recorded and maintained by the Secretary.

E. RESPONSIBILITIES

Administration:

1. The Committee annually reviews its mandate and recommends any changes to the Governance and Nominating Committee.
2. The Audit Committee shall report to the Board on the proceedings and recommendations of each Audit Committee meeting at the next regularly scheduled Board meeting.

External Auditor:

3. As required by the Board, the external auditor reports directly to the Audit Committee, is invited to attend each quarterly Audit Committee meeting and meets quarterly in camera with the Audit Committee.
4. The Audit Committee must recommend to the Board of Trustees;
 - a) the external auditor to be nominated, after annual review, for purposes of preparing or issuing an auditor's report or performing other audit, review or attest services for the REIT; and
 - b) the compensation of the external auditor.
5. The Audit Committee is directly responsible for overseeing the work of the external auditor engaged for the purpose of preparing or issuing the Auditor's Report or performing other audit, review or attest services for the REIT, including the resolution of disagreements between management and the external auditor regarding financial reporting.
6. The Audit Committee must pre-approve all non-audit services to be provided to the REIT or its subsidiary entities by the REIT's external auditor. The Audit Committee has delegated to the Chair of the Committee the authority to pre-approve the non-audit services, with such pre-approval presented to the Audit Committee at the next scheduled Audit Committee meeting following such pre-approval.

De minimis non-audit services satisfy the pre-approval requirement provided:

- a) the aggregate amount of all these non-audit services that were not pre-approved is reasonably expected to constitute no more than 5% of the total audit fees paid by the REIT and its subsidiaries to the REIT's external auditor during the fiscal year in which the services are provided;
- b) the REIT or subsidiaries of the REIT, as the case may be, did not recognize the services as non-audit services at the time of the engagement; and
- c) the services are promptly brought to the attention of the Audit Committee of the REIT and approved, prior to the completion of the audit, by the Audit Committee or by the Chair of the Audit Committee, who has been granted authority to pre-approve non-audit services.

The Audit Committee has instructed management that, to obtain pre-approval, management must detail the work to be performed by the external auditor and obtain the assurance from the external auditor that the proposed work does not impair their independence.

7. The Committee reviews with the external auditor and management all major accounting policies and practices adopted, any proposed changes in major accounting policies, the presentation and impact of significant risks and uncertainties and key estimates and judgements of management that may be material to financial reporting. The Committee shall also review any significant changes to GAAP / IFRS or its application.
8. The Committee reviews and approves Crombie's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of Crombie.
9. The Committee ensures through enquiry that the external auditor is in good standing with the Canadian Public Accountability Board (CPAB) and that the lead partner and other partners fulfil the rotation requirements. The Committee also reviews that the relationship with the external auditor and management is independent with consideration to the requirements set out by the Canadian Securities Administrators and CPA Canada.
10. The Committee receives from the external auditor an outline of the annual audit scope, plan, resources, reliance on management and progress reports against that plan. The Committee approves the annual audit plan.
11. The Committee reviews the Auditor Report with the external auditor:
 - a) significant findings during the year and management's response thereto;

- b) any difficulties encountered in the course of their audit, including any restrictions to the scope of their work or access to required information; and any changes required to the planned scope of their audit or quarterly reviews.

Risk Management

- 12. The Committee annually reviews the adequacy and quality of insurance coverage maintained by the REIT and the status of litigation matters occurring in the ordinary course of business.
- 13. The Committee reviews its assigned principal risks and ensures appropriate risk management techniques are in place. This will involve enquiry of management regarding how risks are managed as well as opinions from management regarding the degree of integrity of the risk mitigation strategies and accepted thresholds. The Committee shall review risk management policies as recommended by management. The Committee will collaborate on certain risks, where appropriate, with other Board Committees and the Board.
- 14. The Committee reviews the Environmental Report, Litigation Report, Hedge Report, the ESG Progress Report and any other reports requested from time to time and ensures their appropriateness.
- 15. The Committee reviews the status of compliance with laws and regulations and the scope and status of systems designed to ensure compliance therewith, and receives reports from management, legal counsel and other third parties as determined by the Committee on such matters, as well as major legislative and regulatory developments which could impact the REIT's contingent liabilities and risks.
- 16. The Committee determines through enquiry with Committee members and others the specific technical training and/or education required for Committee members to stay apprised of ongoing changes in financial reporting, risk management, etc
- 17. The Committee receives ongoing reports from management and other third-party opinions confirming compliance with SIFT and other taxation policies outlining the ongoing risks, priorities and action plans to maintain that compliance.
- 18. The Committee quarterly reviews the REIT's Information Technology platform including hardware, applications and infrastructure to monitor new and ongoing initiatives, risks, including cybersecurity, and changes since last report. Additionally, the Committee reviews and recommends to the Board capital allocation for new Information Systems and Technology, and provides strategic oversight and monitoring of project design, implementation milestones and risk mitigation.
- 19. The Committee completes debt overviews on a regular basis to ensure:
 - a) compliance with debt covenants in trust deeds, mortgages and credit agreements;
 - b) achievement of liquidity requirements and financing plans;
 - c) no material business risks, uncertainties and contingent liabilities; and
 - d) appropriate debt ladder maturities exist that are aligned with the REIT's objectives and risk thresholds.

Financial Management and Reporting

- 20. The Audit Committee reviews and recommends to the Board approval of the REIT's financial statements, MD&A and annual and interim earnings press releases prior to public disclosure of this information. It also ensures that adequate procedures are in place for the review of financial information extracted or derived from the REIT's financial statements, contained in the REIT's other financial disclosures and must periodically assess the adequacy of those procedures.
- 21. The Committee reviews the financially related disclosures contained in the Annual Report, Sustainability Report, Annual Information Form and Annual Information Circular.
- 22. The Committee reviews the disclosure controls and procedures and internal controls on financial reporting, including any significant deficiencies or material non-compliance with such controls and procedures.
- 23. The Committee reviews the Insider Trading and Corporate Disclosure Policies and the Disclosure Committee Mandate and reviews the minutes of the quarterly Disclosure Committee meetings.
- 24. The Committee establishes procedures for:
 - a) the receipt, retention and treatment of complaints received by Crombie regarding accounting, internal accounting controls, or auditing matters; and
 - b) the confidential, anonymous submission by employees of Crombie of concerns regarding questionable accounting or auditing matters.
- 25. The Committee reviews the status and adequacy of the REIT's efforts to ensure its businesses are conducted and its facilities are operated in an ethical, legally compliant and socially responsible way, and recommends to the Board, for approval, policy changes and program initiatives considered advisable.

Internal Audit

26. The Committee annually reviews and approves the Internal Audit relationship and Annual Plan.
27. The Committee receives quarterly reports from, and meets in camera with, Internal Audit. Internal Audit is invited to each quarterly Audit Committee meeting.
28. The Committee ensures that the Internal Audit function is independent of management and has sufficient resources to carry out its mandate.
29. The Committee approves the appointment, replacement or termination of key Internal Audit Resources.

Environmental Social and Governance ("ESG") Matters

The Audit Committee contributes to the Board's oversight of ESG by:

30. Monitoring ESG metrics, performance indicators and disclosures and ESG-related disclosure controls and procedures;
31. Integrating ESG in Enterprise-Risk Management including climate and other sustainability and ESG Risks, along with monitoring and mitigation strategies;
32. Monitoring compliance with ESG regulations including climate, environment, human rights, and supply chain and ESG-related litigation risks;
33. Providing oversight of ESG matters in Crombie's Investor Relations Strategy; and
34. Monitoring ethics compliance, whistleblower complaints related to Diversity, Equity & Inclusion or other ESG matters.
