## PART ONE - VOTING INFORMATION

### Purpose of the Meeting

The items of business to be considered and voted upon at this annual general meeting, or any adjournment thereof, (the "**Meeting**") of the holders (collectively "**Unitholders**") of units ("**Units**") of Crombie and special voting units ("**Special Voting Units**") of Crombie, are set out in the accompanying Notice of Meeting.

### Date, Time and Place of Meeting

The Meeting will be held at Cineplex Cinemas, 612 East River Road, New Glasgow, Nova Scotia on Thursday, the 9th day of May, 2024, at 11:00 a.m. (Atlantic Daylight Time). We will webcast our Annual General Meeting at [www.crombiereit.ca](http://www.crombiereit.ca), however, webcast attendees will not have the ability to vote through the webcast.

### Proxy-Related Materials

Crombie is sending proxy-related materials to registered holders and beneficial owners of Units using the notice-and-access method. Under this method, Crombie provides notice that it has posted electronic versions of proxy-related materials on a website for investor review. Should you wish to receive paper copies of the investor materials related to this meeting, please contact TSX Trust Company at 1-888-433-6443 or [tsxt-fulfilment@tmx.com](mailto:tsxt-fulfilment@tmx.com).

### Solicitation of Proxies

This Circular is furnished in connection with the solicitation by Management of proxies (hereinafter referred to as the "**Proxy**" or "**Proxies**") from Unitholders for use at the Meeting. It is expected that the solicitation will be primarily by mail, but Proxies may also be solicited personally by the Trustees or officers of Crombie. The cost of such solicitation will be borne by Crombie.

### Appointment and Revocation of Proxies

The persons named in the enclosed form of Proxy are Trustees of Crombie. **A Unitholder has the right to appoint a person to represent such Unitholder at the Meeting other than the persons named in the enclosed form of Proxy.** Such right may be exercised by striking out the name of the persons designated and by inserting such other person's name in the blank space provided in the form of Proxy. Failing any designation, one of the persons already named on the Proxy form shall be deemed to have been appointed as the nominee of such Unitholder for the purposes set out in the accompanying Notice of Meeting. To be valid, the form of Proxy must be executed and received by TSX Trust Company before 11:00 a.m. (Atlantic Daylight Time) on May 7th, 2024. If the Meeting is adjourned or postponed, the proxy must be executed and received by TSX Trust Company at least 48 hours before the adjourned Meeting.

If the accompanying separate form of Proxy is executed and returned, the Proxy may nevertheless be revoked by an instrument in writing revoking the Proxy and executed by the Unitholder, or by the attorney of the Unitholder authorized in writing, or if the Unitholder is a corporation, under its corporate seal or by an officer or attorney thereof, duly authorized and deposited with the Secretary of Crombie prior to the commencement of the Meeting on the date of the Meeting or any adjournment thereof.

### Voting of Units Represented by Proxies

Units represented by Proxy will be voted or withheld from voting in accordance with instructions specified by the Unitholder on the form of Proxy. If no instructions are given by the Unitholder, the Proxy confers discretionary authority upon the Proxy nominees with respect to the matters set out in the Notice of Meeting and other matters that may properly come before the Meeting or any adjournment thereof, but shall not confer authority to vote for the election of any person as a Trustee, unless a bona fide proposed nominee for such election is named in this Circular, or to vote at any meeting other than the Meeting specified in the Notice of Meeting, or any adjournment thereof. **Where either Jason Shannon or Paul Beesley has been appointed to vote on behalf of another Unitholder, he will vote:**

- a. In favour of the election of those persons listed in this Circular as the proposed Trustees for the ensuing year;
- b. In favour of the appointment of PricewaterhouseCoopers LLP as auditor for fiscal 2024;
- c. In favour of authorizing the Trustees to fix the remuneration of the auditors; and
- d. In favour of the advisory resolution on executive compensation.

Management has no present knowledge that any business other than that referred to in the accompanying Notice of Meeting will be presented to the Meeting. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the Proxies to vote the Proxies in accordance with what they consider to be in the best interest of Crombie.

### Non-Registered Unitholders

Investors in Units are non-registered Unitholders. Unlike some issuers where the names of individual security holders are recorded on a register of holders, the ownership of Units is tracked only through a book-entry only system administered by CDS Clearing and Depository Services Inc. ("**CDS**"). In a book-entry based system, the only registered Unitholder is CDS who acts as clearing agent for the brokers and other intermediaries who, in turn, act on behalf of investors who are the beneficial owners of the Units.

There are two kinds of beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "**Objecting Beneficial Owners**") and those who do not object (called "**Non-Objecting Beneficial Owners**").

#### *Non-Objecting Beneficial Owners*

If you are a Non-Objecting Beneficial Owner, Crombie will obtain your name and you will be treated as if you are a registered holder. You will receive proxy-related materials including a form of proxy from our transfer agent, TSX Trust Company. You may attend the Meeting and vote at the Meeting or you may appoint another person to represent you as proxy holder to vote your Units at the Meeting. You are encouraged to complete and return the enclosed form of proxy to ensure that your vote is counted should your plans to attend change. When you arrive at the Meeting, please register with the transfer agent, TSX Trust Company.

#### *Objecting Beneficial Owners*

Objecting Beneficial Owners can only exercise their rights as beneficial owners of Units through CDS or a participant in the CDS depository service. This means that in order for Objecting Beneficial Owners to exercise their right to vote their Units at the Meeting, they must carefully review and follow the voting instructions provided by their broker or other intermediary.

Units held by brokers, or their nominees for an Objecting Beneficial Owner, can only be voted or otherwise represented upon the instructions of the Objecting Beneficial Owner. Without specific instructions, the broker/nominees are prohibited from voting or otherwise representing Units for their clients. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Objecting Beneficial Owners in advance of Unitholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Objecting Beneficial Owners in order to ensure that their Units are voted or otherwise represented at the Meeting. Often, the form of proxy supplied to an Objecting Beneficial Owners by its broker is identical to the form of proxy provided to registered Unitholders. However, its purpose is limited to instructing the intermediaries/brokers how to vote on behalf of or otherwise represent the Objecting Beneficial Owner.

Crombie does not intend to pay for a broker or intermediary to forward to Objecting Beneficial Owners the proxy-related materials and voting instruction form. Accordingly, Objecting Beneficial Owners will not receive these materials unless the Objecting Beneficial Owner's broker or intermediary assumes the cost of delivery.

The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Objecting Beneficial Owners and asks Objecting Beneficial Owners to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions respecting the Units to be represented at the Meeting. An Objecting Beneficial Owner receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote or otherwise represent Units at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Units voted or otherwise represented. Accordingly, it is strongly suggested that Objecting Beneficial Owners return their completed proxies as directed by Broadridge well in advance of the Meeting.

#### *Voting in Person by Objecting Beneficial Owners*

An Objecting Beneficial Owner who receives a form of proxy or a voting instruction form and wishes to attend and vote at the Meeting should strike out the names of the persons designated in the form of proxy and insert the Objecting Beneficial Owner's name in the blank space provided or, in the case of a voting instruction form, follow the corresponding directions on the form. In either case, an Objecting Beneficial Owner should carefully follow the instructions of their intermediary/broker, including those regarding when and where the proxy or proxy authorization form is to be delivered. If you are an Objecting Beneficial Owner and wish to vote in person at the Meeting, we recommend that you contact your broker or agent well in advance of the Meeting to confirm how you can do so.

#### **Instructions on Voting at the Meeting**

Non-Objecting Beneficial Owners and duly appointed proxy holders will be able to attend the meeting, ask questions and vote in real time, provided they follow the instructions in this Circular. Objecting Beneficial Owners who have not duly appointed themselves as proxy holders will be able to attend the meeting as guests but will not be able to vote.

Non-Objecting Beneficial Owners will receive a control number on the form of proxy sent to them and may use this control number to attend the meeting and vote at the meeting. Non-Objecting Beneficial Owners and Objecting Beneficial Owners who wish to appoint a person other than the management nominees identified in the form of proxy or voting instruction form (including Objecting Beneficial Owners who wish to appoint themselves to vote at the meeting) must take the additional step of registering such proxy holders with our transfer agent, TSX Trust Company, after submitting the form of proxy or voting instruction form. **Failure to register the proxy holder with our transfer agent will result in the proxy holder or Objecting Beneficial Owner not receiving a control number to participate in the meeting and only being able to attend as a guest. Guests will be able to attend the meeting but will not be able to vote.**

#### **How to vote**

Unitholders have two ways to vote their Units:

- by submitting a proxy or voting instruction form as per instructions indicated; or
- during the meeting in person.

Non-Objecting Beneficial Owners and duly appointed proxy holders (including Objecting Beneficial Owners who have duly appointed themselves as proxy holder) that attend the meeting will be able to vote at the meeting.

#### **Appointees Obtaining a Control Number to Vote during the Meeting**

Beneficial Owners appointing a proxy holder other than the person named in the enclosed form of Proxy (including Objecting Beneficial Owners who wish to appoint themselves) must complete the additional step of registering the proxy holder by calling TSX Trust at 1-866-751-6315 (within North America) or 1 (416) 682-3860 (outside of North America) by **no later than 11:00 a.m. (Atlantic Daylight time) on May 7, 2024**. Objecting Beneficial Owners who have not duly appointed themselves as proxy holder will not be able to vote at the meeting.

#### **Record Date and Unitholders Entitled to Vote**

##### *Units*

The board of trustees of Crombie (the "**Board**" or "**Board of Trustees**") has fixed March 14, 2024 as the record date for the purpose of determining which Unitholders are entitled to receive the Notice of Meeting.

On March 14, 2024, Crombie had 107,184,475 outstanding Units, each carrying the right to one vote per Unit at the Meeting. Any registered Unitholder of record at the time of the Meeting will be entitled to attend and vote at the Meeting either in person virtually or by Proxy. See "Voting of Units Represented by Proxies" and "Non-Registered Unitholders" for information regarding the voting of Units at the Meeting.

##### *Special Voting Units*

On March 14, 2024, Crombie had 74,375,967 outstanding Special Voting Units, each carrying the right to one vote per Special Voting Unit. Special Voting Units may only be issued in connection with or in relation to Class B Limited Partnership Units ("**Class B LP Units**") of Crombie Limited Partnership ("**Crombie LP**") for the purpose of providing voting rights with respect to Crombie to the holders of such securities. Special Voting Units are issued in conjunction with all Class B LP Units, and are evidenced only by the certificates representing such Class B LP Units. All of the outstanding Special Voting Units are held indirectly by Empire Company Limited ("**Empire**").

#### **Voting Units and Principal Holders Thereof**

The Trustees and Management do not know of any person or company beneficially owning, directly or indirectly, or exercising control or direction over more than 10% of the Units. Empire currently holds 74,375,967 Special Voting Units and 909,090 Units of Crombie, representing 41.5% of the outstanding voting units of Crombie.

## **PART TWO - BUSINESS OF THE MEETING**

#### **Financial Statements**

The audited consolidated financial statements of Crombie for the year ended December 31, 2023, and the report of the auditor thereon will be tabled at the Meeting. These audited consolidated financial statements were mailed with this Notice of Meeting and Circular to registered Unitholders and non-registered Unitholders who completed and returned the Request for Financial Statements included with the meeting materials for Crombie's 2023 Annual General Meeting of Unitholders. Additional copies of the audited consolidated financial statements may be obtained from the Secretary of Crombie upon request, or under Crombie's profile on [www.sedarplus.ca](http://www.sedarplus.ca), and will be available at the Meeting.

#### **Election and Appointment of the Board of Trustees**

##### *ECL Right to Appoint Trustees*

Pursuant to the Declaration of Trust of Crombie dated as of January 1, 2006, as amended and restated from time to time (the "**Declaration of Trust**"), ECL Properties Limited ("**ECL Properties**"), a wholly-owned direct subsidiary of Empire and the direct parent of ECL Developments Limited ("**ECL**"), has an exclusive right to appoint certain Trustees ("**ECL Trustees**") based on the proportion of outstanding Units and Special Voting Units held, directly or indirectly, by ECL Properties at the time of such appointment and the size of the Board at such time, all in accordance with the following table. ECL Trustees are required to meet the qualification requirements as set out in the Declaration of Trust.

ECL's Proportion of Outstanding Units and Special Voting Units Held	Total Number of Trustees of Crombie	Number of ECL Appointees
Greater than 30%	Greater than 10	5
	10	4
	7 to 9	3
	5 to 6	2
	Less than 5	1
20% - 30%	Greater than 10	4
	10	3
	7 to 9	2
	Less than 7	1
10% - 19.99%	10 or greater than 10	2
	Less than 10	1
Less than 10%	Any	—

Based on the current Board size and ECL Properties' ownership of 41.5% of the outstanding Units and Special Voting Units combined, ECL Properties has the right to appoint four Trustees.

*ECL Appointed Trustees*

ECL intends to exercise its exclusive right to appoint the following four Trustees (the "**ECL Trustees**"), each to hold office until the next annual meeting or until his or her successor is elected or appointed. **Unitholders do not have the right to vote on the appointment of the ECL Trustees.** In the opinion of the Board, the ECL Trustees are well-qualified to act as Trustees for the ensuing year. Each of the ECL Trustees has established their eligibility and willingness to serve. Should Crombie's Board elect to increase the size of the Board beyond ten trustees, ECL would have the right to appoint an additional trustee at that time in accordance with the above table.

<sup>(1)</sup> In November 2023, the Board amended the equity ownership requirements so that each Trustee is expected to hold a minimum number of Units and Deferred Units having a total market value equal to \$255,000, an increase from the previous requirement of \$160,000. The current guidelines are equal to three times the amount of the annual Board retainer (currently \$85,000 comprised of \$60,000 cash and \$25,000 in DUs, for an aggregate of \$255,000) paid to a non-management Trustee. ECL Trustees who are active employees of Empire or its subsidiaries are exempt from unit ownership guidelines as their Trustee fees are paid directly to Empire. This guideline is to be met by the fifth anniversary of joining the Board (in the case of Heidi Jamieson-Mills, five years from the time she left Empire or July 2023) or in the case of current trustees, five year from the date the Board approved the amendment to the equity ownership requirements (November 2023). In the event the market value of a Trustee’s unit holdings declines below the threshold of three times the annual Board retainer (currently \$255,000), the Trustee will have three years to reestablish the required unit ownership.

**Nominees**

There are six Trustees to be elected at the Meeting, each to hold office until the next annual meeting or until his or her successor is elected or appointed. Unless authority to vote on the election of Trustees is withheld, **it is the intention of persons named in the enclosed form of Proxy to vote the Units represented thereby in favour of the six nominees listed below.**

The Governance and Nominating Committee of the Board reviews annually the qualifications of persons proposed for election to the Board and submits its recommendation to the Board for consideration. The persons proposed for nominations are, in the opinion of the Board, well-qualified to act as Trustees for the ensuing year. Each Trustee has established his or her eligibility and willingness to serve.

**Majority Voting Policy**

The Board has adopted a majority voting policy that requires, in an uncontested election of Trustees, any nominee who received a greater number of votes “withheld” than votes “for” to tender a resignation to the Board promptly following the Meeting. The Governance and Nominating Committee will consider the offer of resignation, and except in special circumstances, will recommend that the Board accept the resignation. The Board will make its decision and announce it in a press release within 90 days following the Meeting, including the reasons for rejecting the resignation, if applicable.

The six nominees for election to the Board are as follows:

Total number of Units and Deferred Units held by all Trustees	547,954 <sup>(2)</sup>
Total market value of Units and Deferred Units held by all Trustees	\$ 7,622,040 <sup>(3)</sup>

- (1) In November 2023, the Board amended the equity ownership requirements so that each Trustee is expected to hold a minimum number of Units and Deferred Units having a total market value equal to \$255,000, an increase from the previous requirement of \$160,000. The current guidelines are equal to three times the amount of the annual Board retainer (currently \$85,000 comprised of \$60,000 cash and \$25,000 in DUs, for an aggregate of \$255,000) paid to a non-management Trustee. ECL Trustees who are active employees of Empire or its subsidiaries are exempt from unit ownership guidelines as their Trustee fees are paid directly to Empire. This guideline is to be met by the fifth anniversary of joining the Board (in the case of Heidi Jamieson-Mills, five years from the time she left Empire or July 2023) or in the case of current trustees, five year from the date the Board approved the amendment to the equity ownership requirements (November 2023). In the event the market value of a Trustee's unit holdings declines below the threshold of three times the annual Board retainer (currently \$255,000), the Trustee will have three years to reestablish the required unit ownership. The President & CEO is required to own Crombie Units, Restricted Units or Deferred Units or their equivalent with a market value greater than five times base salary.
- (2) Mr. Holly was appointed President & CEO on March 1, 2023. Concurrently, he was appointed to the Board. Mr. Holly's Unit Ownership count includes 42,529 Restricted Units awarded under Crombie's LTIP. Performance Units ("PUs") awarded under Crombie's LTIP are excluded when determining compliance with unit ownership guidelines as PUs vest subject to achieving certain KPIs, which may or may not be achieved.
- (3) Based on market value of Units as of March 14, 2024 of \$13.91

No nominee is, as at the date of this Circular, or was within 10 years before the date of this Circular, a director, chief executive officer or chief financial officer of any company (including a personal holding company), that:

- (a) was subject to an order (as defined in Form 51-102 F5 of National Instrument 51-102 - *Continuous Disclosure Obligations*) that was issued while the trustee or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to an order (as defined in Form 51-102 F5 of National Instrument 51-102 - *Continuous Disclosure Obligations*) that was issued after the trustee or executive officer ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

No nominee is, as at the date of this Circular, or was within 10 years before the date of this Circular, a director or executive officer of any company (including a personal holding company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets. No nominee has, within 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the trustee, executive officer or Unitholder.

No nominee has been subject to (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor making an investment decision.

### Trustee Skills

### Trustee Orientation

Trustee orientation is a priority to ensure new Trustees are fully aligned with the strategy and business priorities at the earliest opportunity. New Trustees are oriented initially by the Chair and Secretary, and receive a copy of the Board and Committee mandates, key strategy documents and minutes of recent Board and committee meetings and access to all public filings. Key management representatives arrange meetings on key priorities, management initiatives, and general operational matters. In addition, new Trustees are briefed on the Code of Conduct and Ethics, and required to attest to its provisions.

### Continuing Education

The Board and committees receive presentations on topical issues when making business decisions, during strategic planning meetings and in response to Trustee requests. Trustees also attend external conferences and seminars. Trustees identify educational needs through the Board and committee process and self-assessment surveys. The Secretary arranges internal presentations for the Board after consulting with the Board or committee chairs, and notifies Trustees of pertinent conferences, seminars and other educational opportunities. The Audit Committee has an ongoing education program, while the other committees receive education on relevant matters that are identified by the committee, committee chair, Secretary or management. Crombie pays the fees and expenses for Trustees to attend conferences or other events that are important for enhancing their knowledge for serving on the Board. The following table details our Trustee development program in 2023.

Topic	Presented/Hosted By	Attended By
ISSB Reporting Standards	PwC	Full Board
Macro Economic Trends	Scotiabank	Full Board
ESG Governance and Trends in Real Estate	ESG Global Advisors	Full Board

### Trustee Retirement

The Board believes regular turnover of both elected and appointed Trustees is critical to ensuring the Board has the skill sets and knowledge required to properly govern the REIT in the ever-changing environment. With this in mind, the Board of Trustees instituted a Term Limit and Retirement Policy in February 2023. The language of the policy is as follows: "Unless the Board otherwise determines on an annual basis in respect of a particular Trustee or Trustees, a Trustee shall not be nominated for re-election at the Annual General Meeting of Unitholders: (1) following their 72nd birthday unless the Trustee will not have completed 10 years of service on the Board; or (2) if the Trustee has completed 15 years of service on the Board. The retirement age and term limit described above do not apply to the President & CEO. Notwithstanding this policy, ongoing review of Board composition remains paramount, and the responsibilities of the Board and its committees are not at all diminished by implementing term limits."

### Audit Committee Information

In accordance with National Instrument 52-110 - *Audit Committees*, information relating to Crombie's audit committee is disclosed under the heading "Audit Committee Information" in Crombie's Annual Information Form for the fiscal year ended December 31, 2023.

### Trustee Independence, Non-Independence and Other Relationships

For a Trustee to be considered independent, based on securities laws and disclosure requirements, the Board must determine that the Trustee does not have any relationship with Crombie, either directly or indirectly, which could be reasonably expected to interfere with the exercise of the Trustee's independent judgment.

The Board is responsible for applying the definition of "Independent Trustee" to the circumstances of each individual Trustee, and for disclosing annually whether the Board has a majority of Independent Trustees and an analysis of the application of the principles supporting this conclusion.

The Board considers the following five Trustees proposed for election to be independent: Paul V. Beesley, Jane Craighead, Jason P. Shannon, Michael Waters and Karen Weaver. The Board also considers the following ECL appointees to be independent: Jim M. Dickson, Heather Grey-Wolf, Heidi Jamieson-Mills and Michael Vels. Following the Annual General Meeting, assuming all nominees are elected to the Board, nine out of 10 Trustees will be independent with Mark Holly the only Trustee deemed non-independent.

In light of general guidelines and other literature, the Board considers that Mark Holly has a material relationship with Crombie and is therefore non-independent. Mark Holly is considered to be non-independent because of his position as President & CEO of Crombie.

### Executive Compensation Advisory Vote

The Board of Trustees, on the recommendation of the Human Resources Committee (the "HRC"), has determined that it is appropriate to hold a non-binding advisory vote relating to executive compensation. As a Unitholder, you may vote "For" or "Against" Crombie's approach to executive compensation through the following resolution:

*Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Trustees, that the Unitholders accept the approach to executive compensation disclosed in this Management Information Circular for the Meeting of Unitholders on **May 9, 2024**.*

Since the vote is advisory, it will not be binding on the Board. However, the Board and, in particular, the HRC, will consider the outcome of the vote as part of its ongoing review of executive compensation.

Below are the voting results of the 2023 Annual General Meeting of Unitholders held May 11, 2023.

	<b>For</b>	<b>Against</b>
Vote to accept the approach to executive compensation disclosed in the Management Information Circular dated March 29, 2023	126,466,545 (99.94%)	74,554 (0.06%)

The Compensation Discussion & Analysis section of this Circular describes our compensation practices for the named executive officers ("NEOs"). The executive compensation is designed to be aligned with performance, drive our strategic initiatives and align with the interests of our Unitholders.

## PART THREE - UNITHOLDER ENGAGEMENT & ESG

### Unitholder Engagement

The Board of Trustees believes it is important to have constructive engagement directly with its Unitholders to allow and encourage Unitholders to express their views on governance and other important matters directly to the Board outside of the annual general meeting. These discussions are intended to be an exchange of views about governance and disclosure matters that are within the public domain and will not include discussion of undisclosed material facts or material changes.

The Chair of the Board of Trustees will act as the point of contact for Unitholders wishing to engage directly with the Board of Trustees. Examples of engagement practices include meeting with the REIT's larger Unitholders and/or organizations representing groups of Unitholders, as well as ensuring smaller Unitholders also have a means of communicating with the Board on an ongoing basis. Unitholders who wish to communicate directly with the Board of Trustees can email the Chair of the Board of Trustees at [chair@crombie.ca](mailto:chair@crombie.ca).

The Board recognizes that Unitholder engagement is an important evolving practice in Canada and globally and will review our Unitholder engagement practices annually to ensure that they are effective in achieving our objectives.

### Environmental, Social and Governance

Crombie is focused on creating value by owning, operating, and optimizing properties to enrich communities through building spaces today that leave a positive impact on tomorrow. Crombie is guided by a strong set of values and business ethics, which help shape and strengthen its sustainability commitments. The Board of Trustees bears overall responsibility for ESG oversight at Crombie and has delegated the oversight of individual components to each Committee of the Board. The Board receives quarterly updates from Management either directly or through its Committees on various ESG topics and initiatives. The following tables outline ESG related responsibilities of the Board and its four Committees.

<b>Board Responsibilities</b>
Oversight of the ESG strategy and program to ensure it is aligned with and incorporated into the business strategy and that budgetary items related to ESG are incorporated into operational and capital budgets. This includes oversight of our Climate Action Program, including related risks and opportunities associated with Crombie's business and portfolio.
Approves the annual ESG Report, as well as ESG matters disclosed in the Management's Discussion and Analysis, Annual Information Form, and Management Information Circular.
Receives and reviews reports from the Board Committees. Board Committees integrate committee work on ESG matters in their reports to the Board.

<b>Board Committee</b>	<b>Responsibilities</b>
Audit Committee	Oversight of ESG disclosures, controls, risk management and compliance.
Governance & Nominating Committee	Oversight of ESG board expertise, education, competence, and Unitholder/stakeholder engagement.
Human Resources Committee	Oversight of ESG and DEI integration into executive compensation, employee benefits, training, and human resources policies and programs.
Investment Committee	Oversight of ESG considerations across Crombie's portfolio, including development projects, joint ventures, acquisitions, and dispositions.

The President & CEO is accountable for the development of Crombie's ESG strategy, day-to-day oversight and implementation of ESG. Crombie's Executive Committee also provides oversight, and, in addition to the President & CEO, includes the Chief Financial Officer, Executive Vice President Corporate Development, Executive Vice President Leasing & Operations, Executive Vice President Development & Construction, Senior Vice President People & Culture, and General Counsel & Corporate Secretary. Crombie also has various designated environmental, social, and governance working committees that are responsible for enabling and leading the delivery of our ESG program.

Crombie's Board and Management believe climate change is a real issue that must be addressed and are committed to reducing greenhouse gas intensity of operations and supply chain to meet Science Based Targets initiative ("SBTi") commitments. In 2019, Crombie implemented a third party ESG software platform, built exclusively for the global commercial real estate sector, to track, measure and report on energy, water, and waste performance. Beginning in late 2022, Crombie leveraged the ESG platform to conduct an inventory of greenhouse gas emissions for its portfolio of properties to better understand its scope 1, 2, and 3 emissions and their impact on climate change. Management analyzed the resulting inventory of emissions and conducted scenario analyses of greenhouse gas emissions reduction scopes and timelines. In 2023, Crombie formalized its Climate Action Plan and committed to achieve net zero by 2050 for scopes 1, 2, and 3, as well as setting a near term commitment of reducing scope 1 and 2 emissions by a minimum of 50% from a 2019 base year. The reduction targets received validation and approval from SBTi.

As Scope 3 emissions, and specifically emissions from our tenant-controlled spaces, make up the majority of our total emissions, Crombie is proactively engaging its largest tenants to educate and support greenhouse gas emission reductions across its portfolio. Management has completed a review of its properties current resilience to physical climate risks and is in the process of building a roadmap to increase the portfolio's resilience with respect to future physical climate events.

Please see Crombie's 2023 Annual Report and Crombie's 2022 ESG Report for additional information on ESG at Crombie.

#### PART FOUR - TRUSTEE COMPENSATION AND EQUITY OWNERSHIP

##### Total Compensation of Board of Trustees

The Board of Trustees' compensation is designed to attract and retain talented and experienced Trustees who will act in the long-term interests of Crombie and its Unitholders. Compensation is paid only to non-employee and non-officer Trustees. Heidi Jamieson-Mills' compensation was paid to Empire until she resigned from Empire in July 2023. Mark Holly as current President & CEO of Crombie, does not receive compensation directly related to his role as Trustee. Annually, the Governance and Nominating Committee completes a Trustee compensation review against a group of peers to ensure Crombie's Trustee compensation is in line with that of other public real estate entities.

Trustees are reimbursed for travel and other expenses incurred for attendance at Board and committee meetings.

The following table presents the elements of trustee compensations paid to trustees up to and including the August 2023 meeting.

Elements of Compensation	Amount of Annual Compensation (\$)	Fees Earned Per In-Person Meeting (\$)	Fees Earned Per Teleconference Meeting (\$)

As a result of this review, and to better align with the majority of our peers, the Governance and Nominating Committee approved a change in compensation philosophy from annual retainer fees plus meeting fees for each board and committee meeting attended to annual retainer fees only. The following table presents the elements of trustee compensations paid to trustees following the August 2023 Board meeting. Trustees will receive either the Chair or Member retainer for each committee they are a member or chair of.

<sup>(7)</sup> Paul Sobey announced his intention to retire from the Board effective May 9, 2024.

In 2022, the Board struck a special sub-committee of trustees to focus on succession of the President & CEO. The special committee consisted of Jane Craighead (Chair), Michael Knowlton, Michael Waters and Karen Weaver. Included in the 2023 total compensation of trustees above are the following amounts related to the work of this sub-committee: Jane Craighead - \$14,000, J. Michael Knowlton - \$9,000, Michael Waters - \$5,000, and Karen Weaver - \$5,000.

Compensation for the Board of Trustees is payable in the form of cash for an annual retainer, an annual Deferred Unit grant, meetings fees, and, as applicable, committee chair retainers. However, Trustees may elect to receive some or all compensation in the form of Deferred Units under the Deferred Unit Plan described below under the heading "Equity Incentive Plans".

### Trustee Unit Ownership Guidelines

In November 2023, the Board amended the equity ownership requirements so that each Trustee is expected to hold a minimum number of Units and Deferred Units having a total market value equal to \$255,000, an increase from the previous requirement of \$160,000. The current guidelines are equal to three times the amount of the annual Board retainer (currently \$85,000 comprised of \$60,000 cash and \$25,000 in DUs, for an aggregate of \$255,000) paid to a non-management Trustee. ECL Trustees who are active employees of Empire or its subsidiaries are exempt from unit ownership guidelines as their Trustee fees are paid directly to Empire. This guideline is to be met by the fifth anniversary of joining the Board or in the case of current trustees, five year from the date the Board approved the amendment to the equity ownership requirements (November 2023).

In the event the market value of a Trustee's unit holdings declines below three times the annual Board retainer (currently \$255,000), the Trustee will have three years to reestablish the required unit ownership. See "Business of the Meeting - Election and Appointment of the Board of Trustees" for information relating to the Units and Deferred Units held by each Trustee and the status of each Trustee's compliance with the ownership objective. The ownership guidelines for the President & CEO are outlined in the section "Compensation Discussion & Analysis - Equity Ownership Guidelines Policy".

Trustees were eligible to take their compensation under the Deferred Unit Plan beginning in August 2013. Any Deferred Units will be counted as part of the minimum Units that they are expected to hold. Individual Trustees utilizing the Deferred Units may be able to defer payment of personal income taxes on their Board compensation until the Deferred Units are redeemed in accordance with their terms.

## PART FIVE - COMPENSATION DISCUSSION AND ANALYSIS

Dear Unitholders,

On behalf of the Human Resources Committee ("HRC") and the Board, I am pleased to provide you with an overview of Crombie's executive compensation program, and key performance highlights during the year.

The objective of Crombie's executive compensation program is to attract, motivate, and retain a highly skilled executive team and directly align compensation with the attainment of both corporate and individual performance objectives. The program is designed with the objective of encouraging actions that will result in long-term sustainable growth and Unitholder value creation, while discouraging excessive risk taking.

Across the Executive team, the HRC intends to maintain a compensation program that is highly performance based and at-risk, benchmarking favourably to peers. We believe Crombie's executive compensation program is designed to drive the long-term strategy of the business, the health and performance results of the overall organization, as well as align senior leaders' interests with those of Unitholders, and ensure high standards of good governance.

### 2023 Performance Highlights

The Crombie team also created value through major and non-major development projects, the advancement of targeted entitlements, and Empire-related initiatives. These results were achieved in large part by the team's commitment to building and retaining an engaged workforce, fostering a values-driven culture, investing in ESG and people initiatives, and maintaining a strong balance sheet with ample liquidity.

The HRC oversees a structured succession planning and assessment process for key executive roles that involves identifying and categorizing the degree of readiness of internal succession candidates. The talent strategy used to guide Crombie's succession planning work is fully aligned with the overall corporate strategy and the Company's diversity, equity, and inclusion commitment.

Each year, the HRC reviews the updated structured succession plan for leadership positions at the Vice President level and above. Internal candidates are identified as successors in one or more of the positions, as well as the leadership development that is required to increase readiness. Succession plans also include actions to accelerate key talent internally, broaden diversity, or to address succession gaps in a particular role through recruitment outsourcing. The HRC reviewed the succession plan twice during 2023.

Over 2021 and 2022, the HRC and the Board completed a structured succession planning exercise for senior leadership roles, including the CEO role. A sub-committee of the Board was formed to oversee the work. A leading talent advisory firm conducted readiness assessments of potential CEO successor candidates and worked with the sub-committee to develop comprehensive leadership development plans for all successor candidates. Don Clow, President & CEO retired from his role as President & CEO with Crombie in February 2023. The Board appointed Mark Holly, formerly with Empire Company Limited, to succeed him effective March 1, 2023.

### **Compensation Philosophy and Process**

The philosophy of Crombie's executive compensation program is to provide compensation to attract, motivate, and retain a highly skilled executive team and directly align their compensation to the attainment of both corporate and individual performance objectives. Crombie's approach is to encourage management to make decisions and take actions that will create long-term sustainable growth and result in long-term Unitholder value creation.

To accomplish long-term sustainable growth, while discouraging excessive risk taking, the executive compensation program has been designed under the direction of the HRC based on the following principles:

- Provide executives with compensation which is benchmarked to market peers;
- Attract and retain leadership talent required to drive results;
- Reflect a pay for performance philosophy;
- Align executives' interests with those of the Unitholders;
- Reflect high standards of good governance; and
- Be easily understood by our Unitholders.

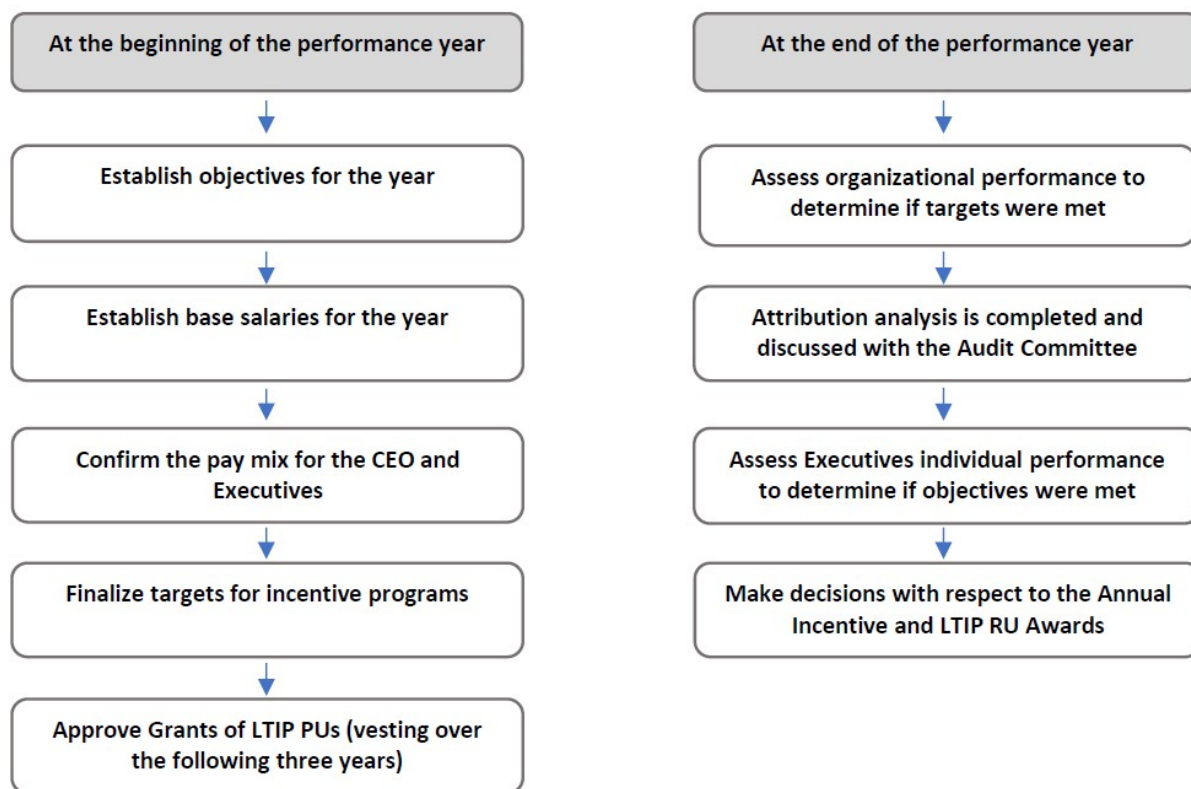

The HRC has determined that the principles to compensate executive management should be identical to those applicable to all management, except that:

- Executives should have a greater portion of their pay at-risk than other employees;
- Executive compensation should reflect the longer term results of Crombie;
- A significant portion of executives' compensation should be based on the results of the entire organization and is at-risk; and
- A significant portion of executives' compensation should mirror the experience of Unitholders.

The equity mix of at-risk pay varies by role but generally increases as seniority increases. HRC believes that at-risk pay encourages retention and aligns employees' interests with Unitholders' interests to seek sustainable value over the long term.

The HRC has established a process to review executive compensation annually, which is outlined below. Executive performance is evaluated and incentive compensation determined against specific and measurable goals which are set at the beginning of each performance period. Judgment over outcomes is only applied in instances where material unanticipated events occurred. Performance encompasses a variety of financial and non-financial indicators, thereby ensuring diversification of the performance measurement framework in place.

All components of the compensation of the CEO and NEOs / direct reports of the CEO are subject to the approval of the Board.

## Compensation and Risk

The HRC is actively involved in the risk oversight of Crombie's compensation practices and is satisfied that there are no inherent risks presented by Crombie's current compensation practices that would have a material adverse effect on the organization.

In keeping with the above-noted compensation principles, and as described in more detail in the section of this Circular entitled "Components of Executive Compensation", Crombie's executive compensation is weighted toward at-risk compensation of medium and longer term results, thereby reducing the incentive to take undue risks in the short term. This is intended to solidify alignment between executive compensation and Unitholder interests.

The Board provides regular oversight of Crombie's risk management practices, and delegates to the HRC the responsibility to provide ongoing compensation and people management risk conversations at the HRC to:

- Bring greater inclusiveness and collaboration between management and Trustees;
- Provide risk oversight to identify and assess the risks relevant to the HRC's work; and
- Ensure the HRC and the Board incorporate a regular (throughout the year) dialogue / update on its individual risk oversight accountability priorities.

The HRC focuses on people management risks and collaborates with the Audit Committee and the Board as a whole on business risk, culture risk, and reputational risk. It ensures the organization has the talent required at all levels, with appropriate segregation of duties and oversight of activities. People management risks include the following:

- **People and Talent Risks** which include attracting, engaging, retaining, and developing qualified people at all levels and ensuring that capability and capacity are always present. It also includes ensuring appropriate prevention, monitoring, and response to inappropriate behaviour and other reputational risks;
- **Succession Planning Risks** which include ensuring there is a plan for emergency step up, as well as longer-term succession replacement for the CEO and NEOs;
- **Health and Safety Risks** which include maintaining a healthy, safe, and effective workplace for employees, and complying with appropriate regulations; and
- **Compensation Risks** which include oversight of Crombie's compensation practices to attract talent and drive performance and to identify and mitigate policies and practices that encourage inappropriate or excessive risks including fraud or manipulations of results.

The following table illustrates the various Compensation Governance Policies and Practices that mitigate risk associated with executive compensation:

<b>Practices</b>	A balanced approach to variable incentive compensation with a mix of qualitative and quantitative objectives including both relative and absolute performance targets.	A performance based LTIP in which RUs and PUs are granted/ awarded with vesting after approximately three years and metrics are based on both relative and absolute performance results.	Final AIP awards that are not determined until the completion of the audit of Crombie's consolidated annual financial statements.	The metrics in the AIP/RU/PU do not overlap; therefore employees are not paid twice for the same performance.	Financial performance attribution analysis reviewed quarterly by both the HRC and Audit Committee to identify and better understand the source of Crombie's earnings.	Board and HRC discretion to determine the amount, if any, of awards pursuant to Crombie's incentive programs.
<b>Policies</b>	Clawback Policy	Unit Ownership Policy	Anti-Hedging Policy			

The Board believes that the following policies further mitigate risk associated with the executive compensation program.

*Reimbursement of Incentives and Equity-Based Compensation (Clawback Policy)*

The Board may, in its discretion, to the extent permitted by governing laws, require reimbursement under certain circumstances of all or a portion of incentive compensation received by designated individuals including the CEO and CFO. Specifically, the Board may seek reimbursement of full or partial compensation to a maximum of the amount of the AIP or the LTIP during the year(s) affected, from an executive or former executive in a situation where any of the below occur:

- the amount of the incentive compensation was calculated based upon or contingent on the achievement of certain financial results that were subsequently the subject of, affected by the restatement of all or a portion of the Trust's financial statements and the incentive compensation award would have been lower had the financial results been properly reported; or
- the executive or former executive engaged in theft, embezzlement, fraud, or similar activities related to the finances of the Company during their employment with Crombie; or
- the executive or former executive violated the Code of Business Conduct and Ethics during their employment with Crombie that was discovered during or within 12 months subsequent to their employment resulting in damage to the Company's financial situation or reputation.

*Anti-Hedging Policy*

All trustees, officers and employees who are routinely in possession of undisclosed material information ("**Restricted Person(s)**") are prohibited from entering into transactions that have the effect of hedging the economic value of any direct or indirect interests of the Restricted Person in equity or other security of Crombie. This restriction on hedging specifically prohibits: (i) short selling of any security of Crombie; (ii) transactions in derivatives on Crombie, such as selling a call or buying a put on any security of Crombie; or (iii) other hedging or equity monetization transactions such as collars, forward sales contracts and limited recourse loans.

The organization does not condone such activity. Knowledge of such behaviour should be escalated and addressed. Failure to comply with this policy could result in termination of employment with cause.

*Unit Ownership Policy*

Executive unit ownership aligns the interest of our executives with the interests of our Unitholders.

The CEO is required to own units valued at five times base salary and must be compliant within five years from the date of appointment. NEOs are required to own units valued at two times base salary and must be compliant within five years from the date of naming as a NEO. Restricted Units, Deferred Units, and personally acquired units are defined as units for the purpose of the ownership policy. Performance units are not defined as units for the purpose of the ownership policy. The CEO must retain, until one year following resignation or retirement, unit ownership in the equivalent to one times base salary.

**Advisor to the Human Resources Committee**

When deemed appropriate, the HRC may retain the services of an external compensation consultant to provide independent advice and information on:

- Crombie's compensation practices and program design;
- Appropriate total compensation levels based on competitive practices and benchmark analysis;
- Updates on ongoing trends in executive compensation design and governance; and
- Other information in support of evaluating compensation recommendations and making effective decisions pertaining to executive compensation.

In 2023, the HRC retained Meridian Compensation Partners as compensation advisors to the HRC. Prior to the fall of 2023, the HRC retained Hugessen Consulting Inc.

In 2023, Meridian Compensation Partners and Hugessen Consulting Inc. were retained to provide advice to the HRC to determine compensation peer comparators, review Crombie's compensation practices, benchmark total compensation against peers in our compensation

comparator group, provide insight on proxy season trends, review the Statement of Executive Compensation section of this Circular prepared in advance of the Annual General Meeting (AGM) in respect of 2023 to occur in May 2024, as well as provide ongoing advice to the HRC and other Board members.

While the HRC receives information and advice from compensation consultants on matters of executive compensation, the HRC formulates its own recommendations and decisions which may reflect considerations other than the consultant's information and advice.

<b>Executive Compensation-Related Fees</b>	<b>Year ended December 31, 2023</b>	<b>Year ended December 31, 2022</b>
Hugessen Consultants Inc.	\$ 16,341	\$ 54,226
Meridian Compensation Partners	\$ 10,684	\$ —
<b>Total Fees</b>	<b>\$ 27,025</b>	<b>\$ 54,226</b>

### Compensation and Performance Benchmarking

Annually, in establishing total direct compensation (base salary, plus AIP, plus LTIP), with the advice from its independent consultants, the HRC conducts an independent review of the peer comparators to be used to benchmark compensation, as well as those to be used to benchmark relative performance using Total Unitholder Return ("TUR").

#### Compensation Comparator Group

In establishing the compensation comparator peers, a review of REITs and similar organizations is conducted and those which came close to Crombie in terms of Total Enterprise Value, Market Capitalization, Total Assets, and Revenue were identified as the peer comparators. The publicly disclosed executive compensation of the group is used to benchmark Crombie. Further, a review of these proposed comparators is conducted to determine whether the roles of the executives align with those at Crombie. To provide additional context and remain aware of broader market trends, the HRC also considers survey data from broader industry samples in assessing the competitiveness of Crombie's executive compensation.

Crombie reviews its compensation peer group selection on an annual basis. There were no changes to Crombie's compensation peer group in 2023.

For 2023, the compensation peer group was:

- Allied Properties REIT
- SmartCentres REIT
- Dream Office REIT
- Killam Apartment REIT
- Artis REIT
- CT REIT
- First Capital REIT
- InterRent REIT
- Boardwalk REIT
- Morguard Corporation
- Granite REIT

#### Performance Comparator Group

The performance comparator group is used to benchmark relative TUR performance as a key metric of the LTIP. The performance comparator group consists of companies which are market competitors in the same or similar business as Crombie. They include grocery-related retail REITs, retail REITs with similar tenants, and mixed-use development REITs. They include market competitors which are significantly larger in size and scope to Crombie. These larger companies are too large to be considered peer comparators to benchmark compensation.

Crombie reviews its performance peer group selection on an annual basis. There were no changes to Crombie's performance peer group in 2023.

For 2023, the performance peer group was:

- Allied Properties REIT
- SmartCentres REIT
- H&R REIT
- Choice Properties REIT
- First Capital REIT
- RioCan REIT
- CT REIT
- Morguard Corporation

### Components of Executive Compensation

The key elements of Crombie's compensation program for executives are: base salary, Annual Incentive Plan (AIP) Award, Long Term Incentive Plan (LTIP) Awards including a Restricted Unit (RU) Plan Grant and a Performance Unit (PU) Plan Grant. Benefits, pension and perquisites are not, in aggregate, a material element of total compensation.

These elements provide in aggregate a total compensation package that is designed with the objective to attract and retain highly skilled individuals while also creating a strong incentive to align efforts and motivate executives to deliver corporate performance that creates long-term Unitholder value. The base salary portion of executive compensation is fixed while the AIP and LTIP portions are variable. The total package of the incentive programs is weighted towards the variable incentive portion thereby putting a significant portion of the executive's pay at-risk.

Further, the total value of the compensation package at target that is at risk for the President & CEO, as well as each NEO for 2023 is illustrated in the table below:

Position <sup>(1)</sup>	Base Salary	AIP	LTIP RU	LTIP PU	Total Pay at Risk <sup>(2)</sup>
Mark Holly President & CEO	32%	32%	18%	18%	68%
Clinton Key Former CFO & Secretary	42%	21%	18%	18%	58%
John Barnoski EVP, Corporate Development	44%	18%	19%	19%	56%
Arie Bitton EVP, Leasing & Operations	50%	20%	15%	15%	50%
Fred Santini General Counsel & Corporate Secretary	56%	22%	11%	11%	44%
Donald E. Clow Former President & CEO	29%	29%	21%	21%	71%

<sup>(1)</sup> For full details on the NEO changes for 2023, see "Named Executive Officers" section.

<sup>(2)</sup> Figures are rounded and may not total to 100% or sub-total to Total Pay at Risk. One time payments and awards, benefits, perquisites, and pension are not included.

Perquisites	Limited perquisites are provided which include a company leased vehicle and wellness reimbursement.			

*Fixed Compensation*

<b>Base Salary</b>	Base salary reflects the executives' scope of responsibility, performance, and contribution.
--------------------	--

Base salaries for NEOs were set on an individual basis and not within formalized salary ranges. Base salaries compensate NEOs for the role they perform, its complexity and impact to the REIT's business strategy, and the level of risk inherent in the role. Crombie's base salaries are benchmarked to the median of the peer compensation comparators.

*Short Term Variable Incentive*

<b>AIP</b>	The Annual Incentive Plan is designed to reward executives for achieving and exceeding annual performance goals.
------------	--

The annual incentive awards to executives are predominately based on predetermined performance targets for the year. Achievement of target performance results in incentive payouts at target levels. If performance exceeds the predetermined performance target levels, the plan provides for enhanced payouts up to specified maximum levels. It is also possible to receive no payment under the plan.

On the approval of the HRC and the Board, specific quantitative and qualitative performance objectives are established. These objectives are linked to the strategy, annual operating budget, and longer-term forecasts for which milestone results are required annually. Each executive has a target award (% of base salary) and targets are reviewed annually to ensure ongoing market competitiveness. The minimum incentive payment under the AIP is zero when company, business group, and/or individual performance are below minimum performance thresholds. The maximum incentive achievable for exceeding corporate, real estate, and individual performance objectives is 200% of the target payout. Individual performance objectives are intended to be challenging, but achievable at target.

Each quarter and on an annual basis, the HRC and Audit Committee review a financial performance attribution analysis to support the quantitative and qualitative analysis of Crombie's earnings.

Actual payout is determined by the achievement of predetermined quantitative and qualitative objectives. The metrics used in the AIP purposefully differ from those used in the LTIP. To qualify for award payment, employees must be actively employed by Crombie at the time the award is paid. Employees who are inactive at the time of award due to retirement remain eligible to qualify for a pro-rated award payment.

#### Long Term Variable Incentive

<b>LTIP</b>	The primary goal of the LTIP is to motivate executives to build value for Crombie by linking a significant portion of their total compensation to the achievement of long-term financial performance objectives.
-------------	--

There are two components to Crombie's LTIP: a Restricted Unit (RU) Plan and a Performance Unit (PU) Plan. Since 2021, the CEO and all NEOs received 50% of their long-term incentives in RUs and 50% in PUs. Targets are rounded and may vary slightly, higher or lower, from the targeted 50%/50% split. The long-term incentive plan at Crombie is strongly aligned with long-term performance as both the RU (at grant) and PU (at payout) are performance conditioned.

Summary of 2023 Grants				
	Grant Issue Date	Performance Period	Criteria	Vesting
Restricted Unit Plan	March 5, 2024	January 1, 2021 to December 31, 2023	Relative TUR (33%) AFFO/unit <sup>(1)</sup> (33%) SANOI <sup>(1)</sup> (33%)	September 30, 2026
Performance Unit Plan	February 23, 2023	January 1, 2023 to December 31, 2025	Relative TUR (50%) AFFO/unit <sup>(1)</sup> (50%)	December 31, 2025

<sup>(1)</sup> Denotes a non-GAAP financial measure. See "Glossary of Terms", starting on page 13, and "Non-GAAP Financial Measures", starting on page 85 of Crombie's Q4 2023 MD&A which is incorporated by reference, for more information on Crombie's non-GAAP financial measures and reconciliations thereof.

#### Restricted Unit Plan (RU)

The RU Plan motivates and rewards executives for alignment with long-term sustainable growth through unit-based awards and performance targets over a three-year period that are key drivers of corporate strategy.

The RU Plan is designed to enable and support Crombie's business strategy and financial results by focusing the executive on the long-term growth of the business; providing a component of total compensation that reflects performance over a three-year period compared with business competitors and the growth of the business; and motivating executives to achieve a focus on long-term strategic thinking that will increase Unitholder value.

Sizing of the RU award is based on the average of the one-year performance outcomes for the year of the grant and the two years prior.

The award is made in February or March of the year following the close of the performance period. The RUs awarded in early 2024, related to fiscal 2023 compensation, will vest in September 2026. The RUs are credited with notional distributions paid on units for the period when the

RUs are vesting. Vested RUs are settled via cash based on the share price at the date of vest. The NEOs may elect at the time of grant to convert vested RUs into DUs at the time of payout, however DUs can only be cashed out after separation from Crombie.

The grant targets and maximums for the 2023 LTIP RU were as follows:

Position	LTIP RU Grant Target	LTIP RU Grant Maximum
	(as a % of base salary)	
President & CEO	55%	110%
Former CFO & Secretary	44%	88%
EVP, Corporate Development	44%	88%
EVP, Leasing & Operations	30%	60%
General Counsel & Corporate Secretary	20%	40%
Former President & CEO	70%	140%

Actual grant values are outlined in the 2023 Compensation Decisions section of this Circular.

#### Performance Unit Plan (PU)

The PU Plan motivates and rewards executives for alignment with long-term growth through unit-based awards and performance targets that are key drivers of corporate strategy and value creation for Unitholders. The PU Plan is designed to ensure alignment with strategy and long-term value creation; ensure that the metrics incentivize the right behaviour on strategy; and provide realizable compensation if results are achieved.

The award payout is based on results from two metrics over a three year period which are given equal weight:

- Total Unitholder Return (TUR) relative to peer performance comparators (50%); and
- AFFO/unit<sup>(\*)</sup> (50%).

\*AFFO/unit is calculated as follows:

- 20% AFFO/unit vs budget for 2023
- 20% AFFO/unit vs budget for 2024
- 20% AFFO/unit vs budget for 2025
- 40% AFFO/unit vs budget over 2023 to 2025

The PUs awarded in early 2023 to NEOs have a performance period of 2023 to 2025, will vest on December 31, 2025 based on achievement of the target metrics above, and will settle (depending on performance) in early 2026.

Results below threshold for the above metrics will result in zero payout under the PU plan. The PUs are credited with notional distributions paid during the performance period. PUs are settled via cash payment unless the executive elected when granted to convert the vested PUs into DUs at the time of payout. DUs can only be cashed out after separation from Crombie.

The grant targets for the 2023 LTIP PU were as follows:

Position	LTIP PU Grant Target (as a % of base salary)
President & CEO	55%
Former CFO & Secretary	44%
EVP, Corporate Development	44%
EVP, Leasing & Operations	30%
General Counsel & Corporate Secretary	20%
Former President & CEO	70%

#### Pension and Benefits

Executives participate in a defined contribution pension plan (the "Executive Plan") that is registered under the Ontario Pension Benefits Act and the *Income Tax Act*. Contributions are subject to limits under the *Income Tax Act*. Upon retirement, the executive's credits in the plan may be used to, among other things, purchase an annuity that provides pension income payable during the lifetime of the retiree and surviving spouse. If elected by the retiree, the pension income may have certain guaranteed payment periods.

Currently each member is required to contribute \$3,500 annually to the Executive Pension Plan. The company contributes an amount equal to twelve (12) percent of each member's salary. In addition, members may make additional unmatched contributions; however, all contributions are capped by the maximum permitted by the Canada Revenue Agency (CRA).

### Supplemental Executive Retirement Plan (SERP)

The former CFO & Secretary and the former President & CEO participate in the SERP. Under the provisions of this plan, the annual pension payable at age 65 is equal to two percent of the final average base earnings multiplied by years of credited services (to a maximum of 30 years), offset by the deemed retirement income provided under the defined contribution pension plan and deferred profit sharing plan. For the purpose of calculating the deemed retirement income provided under the defined contribution plan and deferred profit sharing plan, the assumptions stipulated in the SERP plan text are used, including an assumed annuity conversion discount rate of 7.0%. The final average base earnings are 12 times the average of the 60 highest months of eligible earnings.

Employee contributions, if required, pay for part of the cost of the benefit, and the employer contributions fund the balance. The employer contributions are not specified or defined within the plan text; they are based on the result of actuarial valuations which determine the level of funding required to meet the total obligation as estimated at the time of the valuation. Once participants attain age of 55 and 5 years of continuous service, they can retire. The total pension payable is reduced by 5/12% for each month by which the early retirement precedes age 60 (62 for a member who was designated as a member on or after June 25, 2009). The normal form of pension payment is a 60% joint and survivor pension.

### Employment Agreements

Each NEO currently employed by Crombie is subject to an employment agreement with Crombie. These employment agreements outline the NEO's base salary at hire or promotion, as well as their eligibility to participate in Crombie's AIP, LTIP (RU & PU), and pension and benefit programs. The employment agreements also provide for certain payments and benefits in the event of involuntary termination without cause. As a component of their employment agreement, each NEO is subject to a non-competition, non-solicitation, and confidentiality agreement for 12 months following the termination of their employment.

See "Termination and Change of Control Benefits" section for details on the amounts payable to each NEO in the event of a change of control or the termination of their employment.

### 2023 Compensation Decisions

#### 2023 Year in Review

In 2023, Crombie consistently delivered solid operating and financial results and advanced key strategic initiatives as the team navigated a challenging macro-economic environment underpinned by owning necessity-based, grocery-anchored properties. The growth in same-asset property cash NOI<sup>(1)</sup>, FFO<sup>(1)</sup>, and AFFO<sup>(1)</sup> and the value created through development projects, entitlement, Empire-related initiatives are clear evidence of the solid advancement of our strategy.

#### Base Salary

Base salaries were set at the beginning of the year for 2023 and aligned to factors set out in the section of this Circular entitled "Components of Executive Compensation". There were no adjustments to base salaries of executives during the year. The table below shows the annualized base salaries for each NEO for 2022 and 2023.

<sup>(4)</sup> Mr. Clow received a 2023 LTIP RU Grant, pursuant to retirement agreement.

## Restricted Unit Adjustment

Subsequent to the end of the fiscal year ended December 31, 2023, a calculation error relating to Crombie's 2022 TUR relative to its peer group was identified. As a result, the RUs issued in connection with the 2022 LTIP RU were based on a higher achievement percentage than should have been applied, resulting in a greater number of RUs being issued to each LTIP-RU participant (the "Additional RUs"). The Additional RUs held by recipients impacted by the error, including the NEOs (the "Restricted Unit Adjustment") have been cancelled.

*A Look Back at CEO Compensation and Unitholder Return*

Crombie believes that the President & CEO's total compensation package provides alignment to Unitholder value and ensures that the executives are aligned with both the short-term and long-term interests of Crombie's Unitholders. For 2023 presented below, the President & CEO's compensation reflects the total compensation paid to Mark Holly for the partial year since he joined Crombie as President & CEO on March 1, 2023.

*President & CEO Compensation: Look Back Table*

The HRC recommends to the Board the compensation of the President & CEO and ensures Crombie's compensation philosophy aligns the interests of the President & CEO and the balance of Crombie's executives with those of the Unitholders.

The following table compares the total direct compensation awarded to the President & CEO in each of the last five years compared to the value of the awarded total direct compensation as of March 14, 2024. The total direct compensation awarded includes base salary, AIP Award (in cash), LTIP Awards (awarded in RUs and starting in 2017 - RUs and PUs). The actual total direct compensation value includes base salary and AIP awards (in cash) and the value of LTIP awards received/granted valued as of March 14, 2024. The change in total direct compensation is driven by two key items: 1) Unit price changes from the date of award, and 2) additional PUs and RUs being awarded as distributions accrue on the original awards at the same rate distributions are paid on units or for the performance multiplier applied to PUs at the time of vesting. For 2023, the direct compensation awarded to the President & CEO was split between Don Clow (Jan 1, 2023 - February 28, 2023) and Mark Holly (March 1, 2023 - December 31, 2023).

### Board Endorsement

The Trustees, with the support of the HRC, gave careful consideration to the compensation decisions for each component of the NEO's compensation and the aggregate effect of these decisions, and is satisfied they are fair and reasonable in the context of both the absolute and relative performance of Crombie and the compensation practices among Crombie's identified peers.

The Trustees, with the support of the HRC, also carefully reviewed and approved the compensation programs for executives, as described in this Circular. The Board has implemented a policy which limits the aggregate amount of Deferred Units, Restricted Units and Performance Units issued under the respective plans to not exceed 5% of total units outstanding. The aggregate amount of Deferred Units, Restricted Units and Performance Units outstanding was 1,754,451, representing approximately 1.0% of the Units outstanding on March 14, 2024.

### Executive Pension Plans

Donald Clow Former President & CEO	\$578,493	\$28,060	\$672,558

The Accumulated value at start of year column shows the balance for each NEO as of January 1, 2023. The Accumulated value at end of year column shows the balance for each NEO as of December 31, 2023. The Compensatory column represents the amount that Crombie has contributed to each NEO's defined contribution pension plan for 2023. Since Crombie makes a payment for NEOs in January, the Accumulated value column will understate the value in the NEO's pension plan, as a portion of 2023 payments are not shown until the 2024 fiscal year.

The values for Mark Holly and Clinton Keay represent the amount accumulated since joining Crombie. Due to the make up of Mr. Keay's arrangement, Mr. Keay's Crombie defined contribution account balance at December 31, 2023 was equal to his total defined contribution account balance at December 31, 2023 minus his defined contribution account balances at his transfer date (May 15, 2019) projected to December 31, 2023 assuming 7% return and annual maximum contribution amounts, limited to a minimum amount of zero. Similarly, Mr. Keay's defined contribution account balance at December 31, 2022 was equal to his total defined contribution account balance at December 31, 2022 minus his defined contribution account balance at his transfer date (May 15, 2019) projected to December 31, 2022 assuming 7% return and annual maximum contribution amounts, limited to a minimum amount of zero.

The summary pension table that follows for the President & CEO, NEOs and the former President & CEO details defined benefit pension expense accrued during the fiscal year ending December 31, 2023. The summary pension table is laid out as prescribed by the Canadian Securities Administrators.

He will not accrue future additional credited service with Crombie and his annual benefit payable by Crombie from the Supplemental Executive Retirement Plan will only change in the future to reflect emerging experience with respect to future salary increases and actual defined contribution account balances. The information disclosed in the Defined Benefit Plan Table above excludes the defined benefit obligation with respect to Mr. Keay's period of service with Sobeyes. Mr. Keay resigned from Crombie effective February 23, 2024.

<sup>(2)</sup> Mr. Clow received a retirement agreement granting him salary, including service, under the DB SERP until his retirement date on March 1, 2025. The credited service, compensatory change, and annual benefit at year-end includes the additional months of credited service and assumes a commencement date on March 1, 2025.

The accrued obligation at start of year column shows the balance for each NEO as of January 1, 2023. The accrued obligation at end of year column shows the balance for each NEO as of December 31, 2023. The compensatory change column represents the amount that Crombie has contributed to each NEO's defined benefit pension plan for 2023. The non-compensatory change column represents all other changes in the accrued obligation that are not included in the compensatory column.

The values presented above have been calculated using the same actuarial assumptions as those used and described in the company's financial statements. The annual lifetime benefit payable at age 65 was calculated taking into account future service, but assuming no salary increases.

The total number of Units issued for the redemption of DUs under the DU plan is 119,355 Units. Reference is made to "Deferred Unit Plan" of this Circular for details relating to the DU Plan.

## Equity Incentive Plans

### *Deferred Unit Plan*

The Deferred Unit Plan (the "DUP") is designed to promote a greater alignment of interests between the Trustees, officers and employees of Crombie or its subsidiaries (such persons, together with Empire which receives trustee fees on behalf of certain Trustees appointed by it, are collectively referred to as "Eligible Persons"), Empire and the Unitholders.

Each Eligible Person may elect to be a participant (a "Participant") of the DUP. The participation in the DUP is voluntary unless the Board or Committee decides that special compensation is to be provided as Deferred Units. The Board has awarded annual DU grants of \$25,000 in DUs to each Trustee each year from 2017 to 2023. A Trustee may elect to receive up to one hundred percent (100%) of eligible compensation in the form of "Deferred Units" in lieu of cash.

Eligible compensation generally includes:

- a. Board and committee fees; and
- b. any bonus or other fee that is determined by the Board or Committee to be eligible.

The number of Deferred Units (including fractional Deferred Units) granted at any particular time will be calculated by dividing the value to be received by the Market Value (as defined below) of a Unit on the award date. "Market Value" means the volume weighted average price of all Units traded on the Toronto Stock Exchange for the five trading days immediately preceding the relevant date. Participants in the RU Plan and the PU Plan may elect to convert all or a portion of their RUs and PUs to Deferred Units on a one to one basis in accordance with the terms of those plans.

Deferred Units are not Units and do not entitle a Participant to any Unitholder rights, including voting rights, distribution entitlements (other than as set out below) or rights on liquidation. Upon redemption, a Participant will receive the net value of the vested DUs being redeemed, with the net value determined by multiplying the number of DUs redeemed by the REIT Unit's market price on redemption date, less applicable withholding taxes. The Participant may elect to receive this net amount as a cash payment or instead receive Crombie Units for redeemed DUs after deducting applicable withholding taxes. Fractional Units may be issued under the DUP.

Whenever cash distributions are paid on the Units, additional Deferred Units will be credited to the Participant's Deferred Unit account. The number of such additional Deferred Units is determined by multiplying

- a. the number of Deferred Units in the Participant's Deferred Unit account on the record date for the payment of the distribution by
- b. the distribution paid per Unit divided by the Market Value of a Unit on the distribution payment date. Additional Deferred Units vest on the same basis as the underlying Deferred Units.

Unless otherwise determined by the Committee, Deferred Units are fully vested at the time they are allocated. The Committee may in its discretion impose vesting or other terms or conditions on Deferred Units. Unvested Deferred Units vest immediately prior to any change of control.

Vested Deferred Units may be redeemed on the date specified by a Participant in a written notice of redemption. Unvested Deferred Units vest on termination of the Participant's employment (other than for cause), failure to be reappointed as a Trustee, retirement, or death. Where the Participant's employment is terminated for cause or the Participant voluntarily resigns, unvested Deferred Units are cancelled. Vested Deferred Units may be redeemed at any time prior to and will be redeemable for cash for a period ending on December 10<sup>th</sup> of the calendar year following the calendar year in which the Participant ceases to be an Eligible Person.

A Participant who elects to receive a cash payment on redemption of Deferred Units will receive a cash payment, net of any applicable withholding taxes, equal to

- a. the number of Deferred Units multiplied by
- b. the Market Value of the Deferred Units on the Redemption Date.

A Participant who elects to receive Units on redemption of Deferred Units may elect to use the after tax proceeds from the Deferred Units to acquire Units at their market value at the redemption date.

Upon payment in full of the value of the Deferred Units, the Deferred Units will be cancelled.

1,000,000 Units are authorized for issuance upon the redemption of all Deferred Units granted under the DUP as at March 14, 2024. The number of Units issuable to insiders of Crombie pursuant to outstanding Deferred Units together with Units issuable pursuant to any other compensation arrangements may not exceed 10% of the then outstanding Units. The number of Units issued to insiders of Crombie pursuant to outstanding Deferred Units together with Units issuable pursuant to any other compensation arrangements, within any one year period, may not exceed 10% of the then outstanding Units.

Deferred Units are not transferable except on the death of a Participant, or to a Participant's spouse, a trustee acting for their benefit, a subsidiary or holding entity, a RRSP, RRIF, or TFSA.

Unitholder approval is not required for any amendment to the DUP except an amendment that:

- a. increases the number of Units reserved for issuance under the DUP;
- b. increases the amount payable upon redemption of a Deferred Unit;
- c. extends eligibility to participate in the DUP to persons not currently eligible to participate;
- d. amends the assignability provisions of the DUP;
- e. increases or eliminates the insider participation limits;
- f. permits awards, other than those entitlements specifically contemplated in the DUP, to be made; and
- g. any amendment to the amending provisions.

Unitholder approval is not required for amendments to the Deferred Unit Plan to do the following:

- a. reduce the number of Units issuable under the DUP;
- b. increase or decrease the maximum number of Units any single Participant is entitled to receive under the DUP;
- c. any amendment pertaining to vesting provisions;
- d. any amendment to the terms of the DUP relating to the effect of termination or cessation of employment or death of a Participant on the right to redeem Deferred Units;
- e. any amendment pertaining to the assignability of Deferred Units;
- f. any decrease in the amount payable upon redemption of the Deferred Unit;
- g. amend the process by which a Participant can redeem a Deferred Unit;
- h. add and/or amend any form of financial assistance provision to the Deferred Unit Plan;
- i. amend the eligibility requirement for participants in the Deferred Unit Plan;
- j. allocate and reallocate among the security compensation arrangements the number of Units issuable to Participants pursuant to the DUP;
- k. any amendment as may be necessary or desirable to bring the DUP into compliance with securities, corporate or tax laws and the rules and policies of any Stock Exchange upon which the Units are from time to time listed;
- l. any amendment to add covenants of Crombie for the protection of Participants, provided that the Committee and/or the Board shall be of the good faith opinion that such additions are not prejudicial to the rights or interest of the Participants;
- m. any amendment not inconsistent with the DUP which is necessary or desirable with respect to matters or questions, which in the good faith opinion of the Committee and/or the Board, having in mind the best interests of the Participants, it may be expedient to make, provided that the Committee and/or the Board are of the opinion that such amendments and modifications are not prejudicial to the interests of the Participants; and
- n. any changes or corrections which, on the advice of counsel to Crombie, are required for the purpose of curing or correcting any ambiguity or defect or inconsistent provision or clerical omission or mistake or manifest error, provided that the Committee and/or the Board is of the opinion that such changes or corrections are not prejudicial to the rights and interest of the Participants.

#### *Restricted Unit Plan*

The Restricted Unit Plan (the "**RU Plan**") is a performance conditioned plan designed to: promote a greater alignment of interests between the executives and employees of Crombie, stakeholders and the holders of REIT Units; and assist Crombie in attracting, retaining and rewarding key executives and employees.

The Plan shall be administered by the HRC. The HRC shall have the power, where consistent with the general purpose and intent of the RU plan, and subject to the specific provisions of the RU plan, to:

- a. establish policies and to adopt rules and regulations for carrying out the purposes, provisions and administration of the RU plan;
- b. interpret and construe the RU plan and to determine all questions arising out of the RU plan and any award granted pursuant to the RU plan, and any such interpretation, construction or determination made by the Committee shall be final, binding and conclusive for all purposes; and
- c. prescribe the form of the instruments relating to the grant, vesting or payout of awards, if any.

The members of the HRC are authorized to sign and execute all instruments and documents and to do all things necessary or desirable for carrying the RU plan into effect or to carry out the provisions hereof. The HRC may delegate to any officer of Crombie the authority to sign and execute notices, instruments and other documents under the RU plan.

It is intended that the RU Plan will not constitute a "salary deferral arrangement" with respect to a Participant as such term is defined in subsection 248 (1) of the *Income Tax Act* (Canada) and for Canadian tax purposes, the value of the RUs granted under the Plan, including

additional RUs credited for distribution equivalents, will not be included in a Participant's taxable income in Canada until the calendar year in which the payout amount is paid, or in the event of a conversion of RUs into DUs, until the calendar year such DUs are redeemed.

The HRC shall have the authority, as it determines appropriate from time to time, and in its sole discretion to grant any award in whole or in part and to determine the vesting schedule of RUs granted under each such Award.

Eligible employees may elect each calendar year to participate in the RU Plan and receive all, or if permitted by the HRC a portion at the participation level of their choice, of their eligible remuneration in the form of an allocation of RUs. An election may be made with respect to the eligible remuneration of a single calendar year or may continue and automatically renew from year to year unless terminated or changed for a subsequent calendar year by the last business day prior to commencement of that calendar year. Any election to participate in the RU Plan and, if applicable, to elect a participation level or to terminate or change a prior continuing form of election, shall be made by election notice in writing.

Any election to participate will be made no later than the last business day of a calendar year with respect to the eligible remuneration for the next following calendar year. Once an election is made to participate with respect to a calendar year, it is irrevocable with respect to the eligible remuneration for that calendar year.

If the RU Plan is to commence operation other than at the beginning of a calendar year, or if a person becomes an eligible employee during a calendar year, any election to participate must be made before any eligible remuneration has accrued or become payable to the eligible employee in respect of the period in which the eligible employee's participation in and allocation of eligible remuneration to the RU Plan is to begin. Such election will apply and be irrevocable with respect to the eligible remuneration for the balance of the calendar year. Awards may be granted to eligible employees who have elected to participate in the RU Plan.

Unless otherwise determined by the HRC, the HRC may make annual awards to participants in respect of services rendered or to be rendered by the participant in that particular calendar year or future years. For each award, the HRC shall determine the number of RUs to be granted to each participant, which number may include fractional RUs. All awards made to a participant shall be made on or before March 31 of the first calendar year of the applicable term, unless otherwise approved by the HRC.

Unless otherwise determined by the HRC, each award shall have a term (the "**Term**") of less than three years commencing on the day that the HRC approves the award in the first calendar year of such Term and ending on the final day of the third quarter of the third calendar year of such Term (the "**Vesting Date**").

Unless specifically provided for in the RU Plan or determined by the HRC, Crombie will not contribute any amounts to a third party or otherwise set aside any amounts to fund the amounts payable under the RU Plan. Unless otherwise provided in this RU Plan, all RUs shall vest on the Vesting Date.

The number of RUs which vest for each participant shall be determined by adding the number of RUs awarded to that participant to the number of RUs or fractions thereof that would be credited to such participant upon the payment of distributions by Crombie on the REIT Units, based on the number of additional REIT Units a participant would have received had the vested RUs been treated as REIT Units under a distribution reinvestment plan during the Term (collectively, the "**Vested RUs**").

On the Vesting Date, each participant shall be entitled to receive an amount net of applicable taxes equal to the number of Vested RUs held by the participant multiplied by the market value on the Vesting Date (the "**Payout Amount**"). Unless otherwise provided in this RU Plan, the Payout Amount shall be paid to each participant within 90 days of the Vesting Date and after the approval of the HRC, but, in any event, not later than December 31 of the year in which the Vesting Date occurs (the "**Payment Deadline Date**").

Unless otherwise provided in this RU Plan, the Payout Amount payable to each participant shall be paid, subject to applicable withholding taxes as required by applicable legislation, by Crombie in cash in the currency of Canada. Crombie shall not issue any REIT Units or other securities of Crombie from treasury for the purpose of this RU Plan.

For greater certainty, no amount will be paid to, or in respect of, a participant under the RU Plan or pursuant to any other arrangement, and no additional RUs will be granted to a participant to compensate the participant for any downward fluctuations in the price of a REIT Unit nor will any other form of benefit be conferred upon, or in respect of, a participant for such a purpose.

A participant who is actively employed by Crombie and who has been invited by the HRC at the time of granting the RUs to convert RUs into DUs, may irrevocably elect in writing to convert some or all of the RUs granted under an award to the participant that would otherwise vest on the Vesting Date (including additional RUs that would be credited for distribution equivalents) into DUs under the DU Plan. The election in respect of any RUs must be made no later than 60 days prior to the Vesting Date of a particular award or such earlier or later time as the HRC may determine from time to time in consultation with its tax advisers.

RUs for which an election to convert into DUs is made will be cancelled, with the result that the participant will not be entitled to payment of the Payout Amount in respect of those RUs.

If a participant has made an election, a number of DUs equal to the number of RUs that are cancelled as a result of the election will be granted by the HRC on the Vesting Date of the particular award covering the cancelled RUs, provided that the RUs would otherwise have vested on such Vesting Date. The award of DUs will be granted under, and will be subject to, the terms and conditions of the DU Plan.

Unless otherwise determined by the HRC, the only participants who are eligible to make an election to convert RUs into DUs, are those who, on the Vesting Date, are actively employed by Crombie or of an employer that is an entity related to Crombie, as determined in accordance with section 251 of the *Income Tax Act* (Canada). If a participant is not actively employed by an employer prior to the Vesting Date but after an election has been made, such election and conversion shall be null and void.

Each participant who has not attained at the close of business on the day that is one year prior to the Vesting Date, or if such day is not a business day, the close of business on the first subsequent business day, an equity value which is equal to or greater than such participant's minimum equity ownership threshold, if any, shall be deemed for all purposes hereof, unless the provisions have been waived in whole or in part by the HRC with respect to such participant, (i) to have been invited by the HRC to convert RUs into DUs, and (ii) to have irrevocably elected to convert into DUs all of the RUs granted under an award that would otherwise vest on the next Vesting Date, all in accordance with the DU Plan and the terms hereof.

To the extent that a participant may otherwise be entitled to RUs granted, but not vested under an award, the following provisions shall apply to each award except as may otherwise be determined by the HRC from time to time:

- a. If, before the Vesting Date, the employment of a participant by the employer is terminated (i) by the employer without cause, (ii) by the employer, subject to applicable human rights legislation, by reason of the disability of the participant, or (iii) by reason of the death of the participant subject to the terms and conditions of the plan, such participant or, if the participant is deceased, the legal personal representative(s) of the estate of the participant, shall be entitled to a pro-rated share of the participant's unvested award determined by the HRC and based on length of service between the start of the Term and the date of termination or death of the participant or such longer period of time determined by the HRC. The HRC may, in its sole discretion, permit the payout of the pro-rated, unvested award on the date of termination or delay its determination of the Payout Amount and the payout thereof until not later than the Payment Deadline Date.
- b. If, before the Vesting Date, the employment of a participant by the employer is terminated (i) by the voluntary resignation of the participant (other than retirement, but including constructive dismissal), or (ii) by the employer for cause, such award shall expire and terminate simultaneously with the act or event which causes the termination and such participant shall not be entitled to any Payout Amount, or other compensation, damages, or any other payments for the termination of such unvested award. Provided, however, that the HRC may in its sole discretion determine to pay such amount as the HRC determines appropriate in the circumstances of the termination (including, where the HRC determines appropriate, full payment of the award). The HRC may, in its sole discretion, permit any payout of the unvested award on the date of termination or delay its determination of the Payout Amount and the payout thereof until not later than the Payment Deadline Date.
- c. If, before the Vesting Date, the employment of a participant by the employer is terminated by reason of the retirement of the participant, such participant (i) where the participant is a "Good Leaver", RUs will continue to vest according to the provisions of the plan and payouts will be in accordance with the provisions of the plan; (ii) where a participant is not a "Good Leaver" the participant shall be entitled to a pro-rated share of the participant's unvested award determined by the HRC and based on length of service between the start of the Term and the effective date of the participant's retirement. Provided, however, the HRC may in its sole discretion, determine to pay such amounts as the HRC determines appropriate in the circumstances of the termination (including, where the HRC determines appropriate, full payment of the award). The HRC may, in its sole discretion, permit any payout of the unvested award on the date of termination or delay its determination of the Payout Amount and the payout thereof until not later than the Payment Deadline Date.

If upon a Change of Control, there is no longer a public market for the REIT Units to determine market value, then the Board will determine and fix the Payout Amount as it deems appropriate. In addition, the HRC will determine the timing of payment of the Payout Amount and whether there are any ongoing employment or other terms and conditions that would apply up to the regular Vesting Date.

Appropriate adjustments to the unvested RUs notionally granted under outstanding awards shall be made, if required, to give effect to adjustments in the number of REIT Units resulting from subdivisions, consolidations or re-classifications of the REIT Units or other relevant changes in the capital of Crombie, as the HRC in its sole discretion deems advisable.

A RU is under no circumstances considered to be a REIT Unit or entitles any participant to exercise voting rights or any other rights or entitlements associated with a REIT Unit.

From time to time, the Board may amend any of the provisions of the RU Plan or terminate the RU Plan, provided that any amendment of the provisions of the RU Plan or any termination of the Plan shall not divest any participant of awards granted to the participant nor, in the event of termination of the RU Plan, otherwise affect the rights of a participant holding an award at the time of such termination without their consent.

#### *Performance Unit Plan*

The Performance Unit Plan (the "**PU Plan**"), in conjunction with the RU Plan, is designed to: promote a greater alignment of interests between the executives of Crombie, its stakeholders and holders of REIT units; and assist Crombie in attracting, retaining and rewarding key executives.

The PU Plan shall be administered by the HRC. The HRC shall have the power, where consistent with the general purpose and intent of the PU Plan, and subject to the specific provisions of the PU Plan, to:

- a. establish policies and to adopt rules and regulations for carrying out the purposes, provisions and administration of the PU Plan;
- b. interpret and construe the PU Plan and to determine all questions arising out of the PU Plan and any award granted pursuant to the PU Plan, and any such interpretation, construction or determination made by the Committee shall be final, binding and conclusive for all purposes; and
- c. prescribe the form of the instruments relating to the grant, vesting or payout of awards, if any.

The members of the HRC are authorized to sign and execute all instruments and documents and to do all things necessary or desirable for carrying the PU Plan into effect or to carry out the provisions hereof. The HRC may delegate to any officer of Crombie the authority to sign and execute notices, instruments and other documents under the PU Plan.

It is intended that the PU Plan will not constitute a "salary deferral arrangement" with respect to a Participant as such term is defined in subsection 248 (1) of the *Income Tax Act* (Canada) and for Canadian tax purposes, the value of the PUs granted under the PU Plan, including additional PUs credited for distribution equivalents, will not be included in a Participant's taxable income in Canada until the calendar year in which the payout amount is paid, or in the event of a conversion of PUs into DUs, until the calendar year such DUs are redeemed.

The HRC shall have the authority, in consultation with the CEO, to determine the performance measures against which Crombie's performance will be measured over the set term, and set such performance levels for each performance measure that it, in the HRC's sole discretion, determines appropriate. The HRC shall also have the authority, in consultation with the CEO, to set adjustment factors to be applied in order to determine the number of PUs that will vest on achievement of each performance level.

Eligible employees may elect each calendar year to participate in the PU Plan and receive all, or if permitted by the HRC a portion at the participation level of their choice, of their eligible remuneration in the form of an allocation of PUs. An election may be made with respect to the eligible remuneration of a single calendar year or may continue and automatically renew from year to year unless terminated or changed for a subsequent calendar year by the last business day prior to commencement of that calendar year. Any election to participate in the PU Plan and, if applicable, to elect a participation level or to terminate or change a prior continuing form of election, shall be made by election notice in writing.

Any election to participate will be made no later than the last business day of a calendar year with respect to the eligible remuneration for the next following calendar year. Once an election is made to participate with respect to a calendar year, it is irrevocable with respect to the eligible remuneration for that calendar year.

If the PU Plan is to commence operation other than at the beginning of a calendar year, or if a person becomes an eligible employee during a calendar year, any election to participate must be made before any eligible remuneration has accrued or become payable to the eligible employee in respect of the period in which the eligible employee's participation in and allocation of eligible remuneration to the PU Plan is to begin. Such election will apply and be irrevocable with respect to the eligible remuneration for the balance of the calendar year.

Awards may be granted to eligible employees who have elected to participate in the PU Plan. Unless otherwise determined by the HRC, the HRC may make annual awards to participants in respect of services rendered or to be rendered by the participant in that particular calendar year or future years. For each award, the HRC shall determine the number of PUs to be granted to each participant, which number may include fractional PUs. All awards made to a participant shall be made on or before March 31 of the first calendar year of the applicable term, unless otherwise approved by the HRC.

Unless otherwise determined by the HRC, each award shall have a term (the "**PU Term**") of three years commencing on the day that the HRC approves the award in the first calendar year of such PU Term and ending on the final day the third calendar year of such PU Term (the "**PU Vesting Date**").

Unless specifically provided for in the PU Plan or determined by the HRC, Crombie will not contribute any amounts to a third party or otherwise set aside any amounts to fund the amounts payable under the PU Plan.

The number of PUs that vest on the PU Vesting Date under an award shall be dependent upon the achievement of the performance measures applicable to such award.

The number of PUs which vest for each participant shall be determined by (i) multiplying the number of PUs granted under the award by an adjustment factor applicable to the performance level achieved, and (ii) adding the number of PUs or fractions thereof that would be credited to such participant upon the payment of distributions by Crombie on the REIT Units, based on the number of additional REIT Units a participant would have received had the vested PUs been treated as REIT Units under a distribution reinvestment plan during the PU Term (collectively, the "**Vested PUs**").

On the PU Vesting Date, each participant shall be entitled to receive an amount net of applicable taxes equal to the number of Vested PUs held by the participant multiplied by the market value on the PU Vesting Date (the "**PU Payout Amount**").

Unless otherwise provided in this PU Plan, the PU Payout Amount shall be paid to each participant within 180 days of the PU Vesting Date and after the approval of the HRC, but, in any event, not later than December 31 of the year after which the PU Vesting Date occurs (the "**PU Payment Deadline Date**").

Unless otherwise provided in this PU Plan, the PU Payout Amount payable to each participant shall be paid, subject to applicable withholding taxes as required by applicable legislation, by Crombie in cash in the currency of Canada. Crombie shall not issue any REIT Units or other securities of Crombie from treasury for the purpose of this PU Plan.

For greater certainty, no amount will be paid to, or in respect of, a participant under the PU Plan or pursuant to any other arrangement, and no additional PUs will be granted to a participant to compensate the participant for any downward fluctuations in the price of a REIT Unit nor will any other form of benefit be conferred upon, or in respect of, a participant for such a purpose.

A participant who is actively employed by Crombie and who has been invited by the HRC at the time of granting the PUs to convert PUs into DUs, may irrevocably elect in writing to convert some or all of the PUs granted under an award to the participant that would otherwise vest on the PU Vesting Date (including additional PUs that would be credited for distribution equivalents) into DUs under the DU Plan. The election in respect of any PUs must be made no later than 60 days prior to the PU Vesting Date of a particular award or such earlier or later time as the HRC may determine from time to time in consultation with its tax advisers.

PUs for which an election to convert into DUs is made will be cancelled, with the result that the participant will not be entitled to payment of the PU Payout Amount in respect of those PUs.

If a participant has made an election, a number of DUs equal to the number of PUs that are cancelled as a result of the election will be granted by the HRC on the PU Vesting Date of the particular award covering the cancelled PUs, provided that the PUs would otherwise have vested on such PU Vesting Date. The award of DUs will be granted under, and will be subject to, the terms and conditions of the DU Plan.

Unless otherwise determined by the HRC, the only participants who are eligible to make an election to convert PUs into DUs, are those who, on the PU Vesting Date, are actively employed by Crombie or of an employer that is an entity related to Crombie, as determined in accordance with section 251 of the *Income Tax Act* (Canada). If a participant is not actively employed by an employer prior to the PU Vesting Date but after an election has been made, such election and conversion shall be null and void.

Each participant who has not attained at the close of business on the day that is one year prior to the PU Vesting Date, or if such day is not a business day, the close of business on the first subsequent business day, an equity value which is equal to or greater than such participant's minimum equity ownership threshold, if any, shall be deemed for all purposes hereof, unless the provisions have been waived in whole or in part by the HRC with respect to such participant, (i) to have been invited by the HRC to convert PUs into DUs, and (ii) to have irrevocably elected to convert into DUs all of the PUs granted under an award that would otherwise vest on the next PU Vesting Date, all in accordance with the DU Plan and the terms hereof.

To the extent that a participant may otherwise be entitled to PUs granted, but not vested under an award, the following provisions shall apply to each award except as may otherwise be determined by the HRC from time to time:

- a. If, before the Vesting Date, the employment of a participant by the employer is terminated (i) by the employer without cause, (ii) by the employer, subject to applicable human rights legislation, by reason of the disability of the participant, or (iii) by reason of the death of the participant subject to the terms and conditions of the plan, such participant or, if the participant is deceased, the legal personal representative(s) of the estate of the participant, shall be entitled to a pro-rated share of the participant's unvested award determined by the HRC and based on length of service between the start of the Term and the date of termination or death of the participant or such longer period of time determined by the HRC. The HRC may, in its sole discretion, permit the payout of the pro-rated, unvested award on the date of termination or delay its determination of the Payout Amount and the payout thereof until not later than the Payment Deadline Date.
- b. If, before the Vesting Date, the employment of a participant by the employer shall be terminated (i) by the voluntary resignation of the participant (other than retirement, but including constructive dismissal), or (ii) by the employer for cause, such award shall expire and terminate simultaneously with the act or event which causes the termination and such participant shall not be entitled to any PU Payout Amount, or other compensation, damages, or any other payments for the termination of such unvested award. Provided, however, that the HRC may in its sole discretion determine to pay such amount as the HRC determines appropriate in the circumstances of the termination (including, where the HRC determines appropriate, full payment of the award). The HRC may, in its sole discretion, permit any payout of the unvested award on the date of termination or delay its determination of the PU Payout Amount and the payout thereof until not later than the PU Payment Deadline Date.
- c. If, before the Vesting Date, the employment of a participant by the employer is terminated by reason of the retirement of the participant, such participant (i) where the participant is a "Good Leaver", RUs will continue to vest according to the provisions of the plan and payouts will be in accordance with the provisions of the plan; (ii) where a participant is not a "Good Leaver" the participant shall be entitled to a pro-rated share of the participant's unvested award determined by the HRC and based on length of service between the start of the Term and the effective date of the participant's retirement. Provided, however, the HRC may in its sole discretion, determine to pay such amounts as the HRC determines appropriate in the circumstances of the termination (including, where the HRC determines appropriate, full payment of the award). The HRC may, in its sole discretion, permit any payout of the unvested award on the date of termination or delay its determination of the Payout Amount and the payout thereof until not later than the Payment Deadline Date.

If upon a Change of Control, there is no longer a public market for the REIT Units to determine market value, then the HRC will determine and fix the PU Payout Amount as it deems appropriate. In addition, the HRC will determine the timing of payment of the PU Payout Amount and whether there are any ongoing employment or other terms and conditions that would apply up to the regular PU Vesting Date.

Appropriate adjustments to the unvested PUs notionally granted under outstanding awards shall be made, if required, to give effect to adjustments in the number of REIT Units resulting from subdivisions, consolidations or re-classifications of the REIT Units or other relevant changes in the capital of Crombie, as the HRC in its sole discretion deems advisable.

A PU is under no circumstances considered to be a REIT Unit or entitles any participant to exercise voting rights or any other rights or entitlements associated with a REIT Unit.

From time to time, the Board may amend any of the provisions of the PU Plan or terminate the PU Plan, provided that any amendment of the provisions of the PU Plan or any termination of the Plan shall not divest any participant of awards granted to them nor, in the event of termination of the PU Plan, otherwise affect the rights of a participant holding an award at the time of such termination without his consent.

  - i. the role of the Board, its companies and its Trustees; and,
  - ii. the nature and operation of the issuer's business.

Crombie provides a detailed and customized orientation to new Trustees which includes meetings with senior management for orientation information on Board operation and policies, as well as current and historical data pertaining to the operation of Crombie and an assessment of current strategic opportunities and issues facing Crombie. New Trustees are also given property tours and a review of Board and Committee Mandates, the Code of Business Conduct and, policies and other relevant information. Each Trustee has access through Diligent's Resource Center to all mandates, policies and other key information.

- b. Briefly describe what measures, if any, the board takes to provide continuing education for its Trustees. If the board does not provide continuing education, describe how the board ensures that its Trustees maintain the skill and knowledge necessary to meet their obligations as Trustees.

The Trustees are provided with written and oral presentations which continue to educate them on Crombie's operations, as well as emerging domestic and global matters which may impact Crombie's operations. Crombie encourages participation of Trustees in continuing Trustee education programs offered at university and supports them by reimbursing tuition and out-of-pocket expenses.

Crombie has a Board membership in the Institute of Corporate Directors (ICD) which gives Trustees access to governance information, networking opportunities and other derived benefits. This is reviewed on an annual basis.

## 5. Ethical Business Conduct

- a. Disclose whether or not the Board has adopted a written code of business conduct and ethics for the Trustees, Officers and employees. If the Board has adopted a written code:
  - i. disclose how a person or company may obtain a copy of the Code;
  - ii. describe how the Board monitors compliance with its code or, if the Board does not monitor compliance, explain whether and how the Board satisfies itself regarding compliance with its code; and
  - iii. provide a cross reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a Trustee or executive officer that constitutes a departure from the code.

The Board has adopted a written Code of Business Conduct and Ethics for all Trustees, Officers and employees of Crombie, which cover all of the elements recommended by NP 58-201. Trustees receive and sign off annually on the Code of Business Conduct and Ethics.

- The code are available on Crombie's website, [www.crombiereit.ca](http://www.crombiereit.ca), or on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca):
  - The Board, through the Audit Committee, receives reports of unethical behaviour received through the ethics line and otherwise. The Human Resources Committee annually reviews the Code of Business Conduct and Ethics and updates as appropriate; and
  - The Board is not aware of any departure from the code by any Trustee or executive officer. Accordingly, no material change report has been required to be filed.
- b. Describe any steps the Board takes to ensure Trustees exercise independent judgment in considering transactions and agreements in respect of which a Trustee or executive officer has a material interest.

The Code of Business Conduct and Ethics expressly addresses this issue by requiring Trustees to avoid any situation where there might be a conflict, or the appearance of a conflict, between their personal interests and the performance of their duties as Trustees. Trustees are required to inform the Board of any such situation and to withdraw from participating in associated decision-making. The Declaration of Trust also expressly requires that a majority of the elected independent Trustees approve any transaction with: (i) ECL, (ii) any Trustee or (iii) any other entity for which any Trustee serves on its Board.

- c. Describe any other steps the Board takes to encourage and promote a culture of ethical business conduct.

The Board encourages a culture of ethical conduct by appointing officers of high integrity and monitoring their performance so as to set an example for all employees.

## 6. Nomination of Trustees

- a. Describe the process by which the Board identifies new candidates for Board nomination.

The Governance and Nominating Committee is responsible for identifying new candidates for the Board. It annually identifies Trustee skill, experience and diversity needs, having regard to projected retirements and term limits, and oversees a Trustee recruitment search and nomination process leading to recommendations to the Board for consideration and recommendation for election by the Unitholders. A Trustee competency matrix is maintained to ensure strong alignment between critical Company competencies and individual Trustee strengths. In addition, the Governance and Nominating Committee prioritizes gender and other forms of diversity in its nomination process. See response to Item 12(a) for greater details.

- b. Disclose whether or not the Board has a nominating committee composed entirely of independent Trustees. If the board does not have a nominating committee composed entirely of independent trustees, describe what steps the board takes to encourage an objective nomination process.

The Governance and Nominating Committee is composed entirely of independent Trustees.

- c. If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.

The Governance and Nominating Committee mandate encompasses the responsibilities and provides for the effective functioning of the Committee.

The Governance and Nominating Committee monitors the composition and effectiveness of the Board and identifies the needs and any gaps that may exist in terms of skills, experience and diversity of incumbent Board members. This is incorporated in a Trustee

competency matrix. The Committee also considers the appropriate size of the Board and reviews the compensation of Trustees to ensure it is appropriate.

The Governance and Nominating Committee undertakes, on an ongoing basis, the responsibility of identifying prospective Board members. It recommends new nominees to the Board.

In fulfilling its responsibilities, the Governance and Nominating Committee seeks to ensure there is an appropriate mix of competencies, skills and diversity on the Board. It regularly performs a gap analysis to ensure any such opportunities are incorporated in future Trustee searches and nominations.

The Governance and Nominating Committee mandate can be found on Crombie's website at [www.crombie.ca/investors/corporate-governance/](http://www.crombie.ca/investors/corporate-governance/).

## 7. Compensation

- a. Describe the process by which the Board determines the compensation for the issuer's Trustees and Officers.

The Governance and Nominating Committee annually reviews the compensation of Trustees in relation to published surveys, other public company disclosures and private polls of entities comparable to Crombie in either size or activities, and recommends adjustments thereto for adoption by the Board. Annually, the Human Resource Committee receives independent advice from its third party compensation consultant on the compensation of certain officers in relation to comparator organizations. The annual and long term performance targets are approved and set by the Board in advance of the fiscal year. The Restricted Unit performance targets are developed by the Board for three fiscal years ended with the current fiscal year and evaluated by the Committee. The Performance Unit targets are developed by the Board for the fiscal year three years into the future.

Reference is made to the disclosure in this Circular under the heading "Compensation Discussion and Analysis" and "Total Compensation of Board of Trustees" for additional information on compensation for Crombie's Trustees and Officers.

- b. Disclose whether or not the Board has a compensation committee composed entirely of independent Trustees. If the Board does not have a compensation committee composed entirely of independent Trustees, describe what steps the Board takes to ensure an objective process for determining such compensation.

The Human Resources Committee acts as a compensation committee in respect of executive compensation. The Human Resources Committee is comprised entirely of independent Trustees. The Committee makes its recommendations to the Board following its objective review of compensation having regard to the advice and recommendations of consultants where appropriate to ensure an independent and objective assessment of executive compensation.

- c. If the Board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

The Human Resources Committee is responsible for monitoring the compensation practices and policies of Crombie and making recommendations to the Board with respect thereto. Administration and management of the Restricted Unit Plan and the Performance Unit Plan are the responsibility of the Committee.

## 8. Other Board Committees

- a. If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

In addition to the Audit Committee, Governance and Nominating Committee and Human Resources Committee, the Board has appointed an Investment Committee. The Investment Committee is responsible for approving acquisitions, dispositions or developments proposed by management of Crombie which exceed the approval limits delegated to management, provided that the Committee's authority shall be limited to the approval of individual transactions of up to \$100 million. Transaction activity in excess of the Investment Committee's authority level shall receive the Committee's full consideration but will be advanced to the full Board of Trustees for approval. Any related party transactions must be approved by a majority of independent trustees of the Board with any conflicted Trustee in the transaction required to declare such conflict of interest and abstain from voting on such related party transaction. For greater certainty, any property transactions made between Crombie and Empire or its affiliated companies must be approved by a majority of the independent and elected Trustees (i.e. non-ECL appointed trustees).

## 9. Assessments

- a. Disclose whether or not the Board, its committees and individual Trustees are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees and its individual Trustees are performing effectively.

The Governance and Nominating Committee is responsible for regular assessment of the effectiveness and contribution of the Board, its Committees and individual Trustees. It carries out this responsibility through annual confidential surveys of each Trustee regarding their views on the effectiveness of the Board and its Committees. Aggregate results of the survey are summarized and reviewed in detail with the Governance and Nominating Committee and the Board. An action plan is developed and implemented to address any issues raised by Trustees. Individual conversations are held between each Trustee and the Chair of the Board and the Chair of the Governance and Nominating Committee.

## 10. Director Term Limits and Other Mechanisms of Board Renewal

- a. Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

The Board believes regular turnover of both elected and appointed trustees is critical to ensuring the Board has the skill sets and knowledge required to properly govern the REIT in the ever changing environment. With this in mind, the Board of Trustees instituted a Term Limits and Retirement policy in February 2023. The language of the policy is as follows: "*Unless the Board otherwise determines on an annual basis in respect of a particular Trustee or Trustees, a Trustee shall not be nominated for re-election at the Annual General Meeting of Unitholders: (1) following their 72nd birthday unless the Trustee will not have completed 10 years of service on the Board; or (2) if the Trustee has completed 15 years of service on the Board. The retirement age and term limit described above does not apply to the President & CEO. Notwithstanding this policy, ongoing review of Board composition remains paramount, and the responsibilities of the Board and its committees are not at all diminished by implementing term limits.*"

## 11. Policies Regarding the Representation of Women on the Board

- a. Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.

Crombie considers the diversity of its workforce and on its Board of Trustees as key to success and has a diversity, equity and inclusion strategy and policy in place with measurable goals and guidelines that is reviewed and refined annually. Initially, this policy and framework focused on gender diversity. However, our focus has been expanding over the last four years to encompass a range of diverse groups including but not limited to race, gender, sexuality, and disability. Crombie prioritizes DEI and is committed to diversity of its Board of Trustees. Following the Annual General Meeting, assuming all trustees standing for election are elected, 10% of trustees self-identify as diverse. Search firms supporting Crombie in the recruitment of future Trustees are asked to ensure diverse candidates are included in all Trustee short-lists in alignment with Crombie's DEI policy and goals as further described below.

Goals have been set for the recruitment and development of Trustees and employees as follows:

- Minimum of 40% of Senior Leadership roles and 33% of Trustee roles, respectively, are women or other diverse groups over the next three to five years;
- Minimum of 40% of Senior Leadership successors are women or other diverse groups over the next three to five years;
- 50% of internal leadership development program participants are from diverse groups;
- Minimum two qualified candidates from diverse groups short-listed for every leadership and professional recruitment; and
- Minimum one qualified candidate from diverse group short-listed for every Trustee recruitment.

To ensure we are continuously working toward this priority, management has placed a strong focus on diversity, equity and inclusion and DEI metrics are reported to the HRC and the Board quarterly. The HRC reviews these metrics, monitors KPIs, and provides direction if required. KPIs provided include, but are not limited to, DEI progress with respect to the following:

- The number of women and other diverse groups on the Board;
